# COVID Christmas

## Organizers scrambling to plan events

**By Jeff Lampe**

COVID-19 is already impacting Christmas plans, as local communities are scrambling to decide what to do in regards to annual holiday events. Opinions on how best to proceed vary widely, given the increase in COVID cases over the past few weeks and new restrictions stipulated by Gov. JB Pritzker.

In all cases, COVID is causing modifications. Here is a rundown on the information presently at hand, with a caveat that the situations could change.

**Wyoming** – Most of Moonlight Madness will be conducted virtually, but Santa Claus will be at the Paramount Theater ticket booth window today (Nov. 20) from 5-7 p.m. and Saturday from 10 a.m. to noon. Children can come greet Saint Nick in a socially distanced setting.

The Wyoming Chamber of Commerce is also holding decorating contests for business storefronts/front windows and for residences. Wyoming residents who wish to participate must sign up and be decorated by today. Information is online at [forms.gle/yRLAhv9f66UnvMoy9](https://forms.gle/yRLAhv9f66UnvMoy9).

The Chamber also held an Ugly Mask contest, a wreath decorating contest and a turkey and ham giveaway. Information was on the chamber’s Facebook page.

There will be no parade this year.

**Toulon** – The Toulon Civic Association will tentatively “encourage and sponsor” a Christmas Walk on Saturday, Dec. 5, from 5-7 p.m. Santa will arrive at 6 p.m. and, weather permitting, will be outside by the gazebo.

The Association will meet again Sunday to finalize plans. But at present, all activities will be outside due to COVID-19, and participants are asked to wear masks, observe social distancing and follow CDC guidelines.

Participating businesses are asked to set up a table outside and refreshments may be served, according to health department recommendations. Businesses are also encouraged to decorate

## Additional restrictions start today

**By Jerry Nowicki**  
*Capitol News Illinois*

SPRINGFIELD – Gov. JB Pritzker announced the entire state would enter Tier 3 of his mitigation plan starting today (Nov. 20) as he noted the best way for Illinoisans to avoid another stay-at-home order was by staying home.

“Tier 3 boils down to this: if you don’t need to do it, don’t,” Gov. JB Pritzker said of leaving the home as COVID-19 cases and hospitalizations continue to soar.

Pritzker said the Tier 3 mitigations stop short of a stay-at-home order, although staying home was the best option for limiting the virus’ spread. More businesses are allowed to remain open than when he issued a stay-at-home order in March because more is known about the virus, he said.

The announcement that certain businesses – including casinos and indoor gaming terminals – would close came as the Illinois Department of Public Health reported another 12,601 new confirmed and probable cases of COVID-19 and 97 virus-related deaths.

Stark County was at 170 confirmed cases and three deaths as of Nov. 18, while Henry County stood at 1,928 cases and 12 deaths.

Tier 3 mitigations also call for limiting home gatherings to household members and banning gatherings at meeting rooms, banquet centers, private party rooms, private clubs and country clubs. Funerals are limited to 10 family members of the deceased person.

“To be very clear, we are relying on you here,” Pritzker said. “Nobody will go door-to-door to check on you. But we’re asking people to hold themselves and each other accountable.”

# Stark Co. postpones basketball

**By John A. Ballentine**

WYOMING – The Stark County School Board voted Monday to postpone basketball until the State of Illinois and the Illinois Department of Public Health downgrade the sport from being considered high-risk.

“We have met with our attorney, received information from our insurance carrier, and we have input from board members, administrators, our athletic director and coaches,” Stark County School District Superintendent Brett Elliott said Monday. “A letter from all the superintendents in the [Lincoln Trail] conference is available and we are all in agreement that we are recommending that we postpone the basketball season until the IDPH [Illinois Department of Public Health] allows us to have a full season.”

Currently the IDPH has categorized basketball as “a high risk sport at Level One and that calls for no contact.” Elliott said that talking with the coaches that a recommendation was two or three days of “no contact skill work – shooting and walking through out-of-bounds plays with no contact.”

That could also change, as the Illinois High School Association announced that it is “temporarily pausing” the winter season.

The board gave Elliott autonomy to work with the Lincoln Trail Conference superintendents and the Stark County basketball coaches and athletic director to determine details on practices and frequency of those practices.

In other action, the board approved a contract with the Farnsworth Group particularly the engineering branch to move forward with the high school renovation project, which would begin the planning

Continued from Page 1

stages with CORE Construction. Preliminary construction could commence during the summer of 2021. Replacement of fence posts at the high school football field, in Wyoming, was discussed. The board gave Elliott permission to submit a Health Life Safety inquiry on this project. The Farnsworth Group will examine the fence and make recommendations. Approved were two intergovernmental agreements with the Bradford

School District, allowing Bradford students to attend Stark County High School and Bradford Junior High students to participate in Stark County's athletic programs. According to Elliott, all three schools in Stark County received "commendable" ratings on the 2019-20 State Report card. It was noted the report card did not include testing data due to COVID-19. An annual presentation of the preliminary tax levy plan was approved.

The school district will see a 3 percent estimated increase in its' EAV and will schedule a hearing in December. After a closed session, the board approved hiring Emilie Hahn as a high school English teacher for fiscal year 2021 beginning Jan. 4, 2021; hired Logan Davison as a student crossing guard; and accepted the resignation of Kim Davis from the kitchen staff. Finally, schools will be closed Nov. 23-27 for Thanksgiving break and will resume Nov. 30.

## CLAMPDOWN: Indoor sports put on pause

### Continued from Page 1

Hospitalizations pushed past new highs again at the end of Monday, with 5,887 hospital beds in use by COVID-19 patients, an increase of 306 from the day before. It's the 23rd straight day of increases. "Right now this virus has backed us into a corner," said IDPH Director Dr. Ngozi Ezike. "And we are left making insanely difficult and weighty decisions. Instead of trying to buck the mitigations, can we all just follow them, acknowledging that these are what are needed to get back to some semblance of normal?" Health and fitness centers will be allowed to operate at 25 percent capacity as long as all patrons wear a face covering and reservations will be required. Indoor classes will not be allowed. The guidance also calls for a "pause" of all indoor group sporting and recreational activities including youth and adult recreational sports while Tier 3 mitigations are in place. This

includes park districts and travel leagues. Outdoor sports and recreation are allowed but participant groups and practices outdoors will be limited to 10 people or less and social distancing and masks are required. The Illinois High School Association has announced a pause to its high school sports. Executive Director Craig Anderson said, "The (IHSA) recognizes that today's announcement by Governor Pritzker will temporarily pause the IHSA's winter sports season. We remain optimistic that these new mitigations, coupled with the emergence of a vaccine, will aid in creating participation opportunities in the New Year for IHSA student-athletes in winter, spring, and summer sports." Non-essential retail facilities will be allowed to operate at 25 percent capacity, while pharmacies and grocery stores may operate at 50 percent capacity. Personal care services must operate

at the lesser of 25 clients or 25 percent of capacity but can remain open as long as everyone wears a face covering. Indoor service is banned at bars and restaurants, which will no longer be allowed to operate gaming terminals. The businesses must close by 11 p.m. and table sizes cannot exceed six people. The tier also closes indoor recreation centers such as theaters, performing arts centers and indoor museums and amusement centers. Outdoor activities are allowed at 25 percent of capacity or less, with outdoor group activities limited to 10 people or less, with face coverings and reservations required. Manufacturing facilities may remain open with safety and risk guidelines and contact tracing procedures in place. The state's rolling seven-day average case positivity rate sat at 12.7 percent Tuesday, an increase from Monday but a half point lower than Friday.

# Bradford School approves inter-governmental agreements

**By John A. Ballentine**  
BRADFORD – The Bradford School board approved two intergov-ernmental agreements at a Monday evening meeting, which allows Bradford students to par-ticipate in Junior High sports at Stark County schools.

Second, the intergov-ernmental agreement gives graduating Brad-ford students the choice between attending either Stark County High School or Bureau Valley High School.

The tax levy for the Bradford School District is estimated at a total of \$3,031,000. Adoption of the levy will occur at the December board meet-ing. A levy hearing will be on Monday, Dec. 21, at 7 pm at the Bradford Junior High building.

Discussed was Junior High sports, the Lions’ Club breakfast, which will be discussed again in December and the school’s Christmas break, with the school returning to session on Jan. 4, 2021.

Snow removal will again be accomplished by the Village of Brad-ford at the same rate of charges as was last year’s rate. An agreement was approved by the school board.

A school safety meet-ing was held October 28 with Bradford Police Chief Landon Horrie; Veterans’ Day was cel-ebrated with a “virtual” assembly; and liability insurance carrier will continue with Bullis and Sundberg, LLC.

# Safely cooking a turkey for the holidays

The main centerpiece of a traditional Thanksgiving celebration may well be the turkey. The honor of carving is often reserved for a special family member. But before carving, the turkey must be cooked, and cooked safely.

Most stores sell turkeys frozen, leaving the task of thawing up to the customer. At Let's Talk Turkey – A Consumer Guide to Safely Roasting a Turkey, the United States Department of Agriculture (USDA) recommends thawing in the refrigerator and allowing 24 hours of thaw time for every 4 to 5 pounds of turkey. So a 30-pound turkey can take 3-4 days to thaw. This makes planning ahead very important.

To thaw a frozen turkey, place the turkey in a shallow container in the refrigerator. The container will catch any liquids that may drip from the packaging. When removing the turkey from its packaging, do not wash the turkey – or any poultry – before cooking. Washing poultry spreads bacteria around the kitchen and may make you, your family, or

guests sick.

Remember to remove the giblet packages – the heart, liver, and gizzard – from the turkey's cavity before cooking. If using giblets to make gravy, stuffing, or casseroles, check that these dishes reach at least 165°F, just like the turkey.

Cooking a turkey in the oven, requires the temperature to be set no lower than 325°F. The USDA estimates an 8-12 pound turkey will cook between 2 hours and 45 minutes and 3 hours. If your family wants to cook the turkey using a smoker, electric roaster, grill, deep fat fryer, pressure cooker, or slow cooker, visit the USDA's Turkey: Alternate Routes to the Table website for instructions and food safety tips. If carving is not too important to your family, consider cutting the turkey into pieces before cooking. Or spatchcock the turkey by cutting out the backbone with kitchen shears and laying the turkey flat.

Like chicken, turkey needs to reach an internal temperature of 165°F. Check the turkey's tempera-

ture by inserting a food thermometer at three spots: the innermost part of the thigh and wing and the thickest part of the breast.

Stuffing is a popular side dish served with turkey. For food safety reasons, USDA recommends cooking the stuffing separately from the turkey. If your family's preference is to place the stuffing inside the turkey, pack it loosely to allow for proper heating and make sure the stuffing also reaches 165°F.

Leftovers should be put in the refrigerator within two hours from when foods began sitting out at room temperature. Store all leftovers in shallow containers.

Use refrigerated leftovers within 3-4 days. Freeze any leftovers you do not plan to use within that time. When ready to eat leftover turkey, for recipes like turkey noodle soup, use a food thermometer to ensure the meat reaches 165°F when reheating.

For more information and more holiday recipes, visit [web.extension.illinois.edu/turkey/](http://web.extension.illinois.edu/turkey/) from Illinois Extension.

Galva board OKs levy; schools open Nov. 30

GALVA – The Galva School Board unanimously approved a tentative tax levy for the same as last year’s \$4.84 per \$100 of assessed valuation.

The board approved the final step in the issuing of the working cash bonds in the amount of \$1,249,100. Superintendent Doug O’Riley said Monday that CSB Bank in Galva was to begin selling the bonds on Tuesday.

A representative of Gorenz and Associates auditing firm gave the Galva School District a “clean audit.”

The district remains closed after several students and staff in both buildings tested positive for COVID-19 last week. Officials hope to open both buildings after Thanksgiving break on Nov. 30.

The board also approved Rosemary Howell as a volunteer coach for high school basketball. But basketball season is currently on hold and O’Riley said, “We cannot in good conscience go against the recommendation of the Illinois Department of Public Health.”

Stand Down was started in 1988 by two Vietnam veterans and gets its name from the military term for a combat unit’s time to rest and recover while at war. Today, Stand Down is a grassroots effort to offer services to homeless veterans.

After the holidays, the Bradford Auxiliary will collect new and gently used adult gloves for Stand Down 2021. Collection boxes will be at the Bradford Legion Post, Pelz Agency and PollyAnna’s.

**Irvin K. Winter**  
GALVA – Irvin Keith Winter, 90, of Galva, passed away at home on Friday, Nov. 13, 2020. Irvin was born on March 4, 1930, in Galva, the sixth of 10 children born to Robert and Mildred (Smith) Winter. He married Elsie M. Powell on Nov. 22, 1958, in LaFayette, Ill. She passed away on May 15, 2019.

Irvin attended schools in LaFayette, Galva and Toulon. He built and worked with his father at RW Winter Garage

and filling station in West Jersey before enlisting in the United States Air Force on Oct. 28, 1948. He was stationed at Lackland Air Force Base in San Antonio, Texas, and Francis E. Warren Base in Cheyenne, Wyo. He discharged one year later but was drafted back during the Korean War in 1950, and served as a sergeant at Hamilton Air Force Base in San Francisco, Calif. After the service, he was employed at several Ford garages throughout the area, including in Wyoming, Kewanee, Toulon and Galva. Eventually he built Winter & Sons Garage in LaFayette with his father.

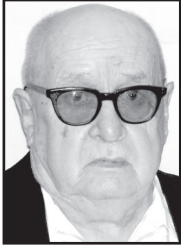

When he was hired at the Al-lendale Coal Mine in Wyoming, he worked at both the mine and at his garage for many years until finally closing his business. When the Wyoming mine closed 14 years later, he worked at Midland Coal Mine in Victoria until it closed two years later, the Galva Foundry till it closed two years after that and then the City of Galva from 1984 until retiring in 1992. Then he worked part-time for about 17 years at Lake Calhoun Golf Course in LaFayette, mowing and repairing golf carts. Later on, he helped his son-in-law occasionally at Ed's Lawn & Garden in Galva repairing lawn mowers.

Irvin was a member of the American Legion for 70 years, first at LaFayette Post 948 from 1951 until 2018, then at Galva Post 45. He served as Commander in LaFayette for many of those years, starting in 1954, and again later until its closure in 2018. During those years, he organized and worked numerous Legion dinner fundraisers. He was also a member of the Galva Fusiliers, serving at many military funerals throughout the area. He volunteered with the LaFayette Fire Department and was a member of the Lake Calhoun Golf Association for more than 52 years.

In his younger years, he grew a large garden and enjoyed playing golf, mushroom hunting and trapping. In his later years, he enjoyed collecting coins and sitting outside watching the neighborhood and the cars go by. He insisted on mowing his own yard right up until his death. He also enjoyed watching the Chicago Cubs and the Chicago Bears. In September of 2015, he was very proud to have been a participant in an Honor Flight of the Quad Cities.

Irvin is survived by three daughters; Debbie (Ed) Johnson of Kewanee, Jane (Dave) Riggs of Sheffield and Donna (Mike) Nigh of Port Orange, Fla.; five grandchildren; Amber (Ryan) Biggs of Peoria, Heather (Adam) Wold of Chicago, Steven Johnson of Metamora, Michelle Johnson of Nashville, Tenn. and Dakota Nigh of Port Orange, Fla.; one great-grandson, Jack Biggs of Peoria; one brother, Richard Winter of Galva; and four sisters, Virginia Young, Joyce Steward, and Henrietta Todd of Galva and June Klimkewicz of Kewanee. He was proceeded in death by his wife of 60 years; his parents; two brothers, Robert (killed in WWII) and Eugene; and two sisters; Doris Chianakas and Susan Bridson.

Cremation was accorded and graveside services were held at 11 a.m., Wednesday, Nov. 18 at the Galva Cemetery where military rites were accorded by the Galva Fusiliers. Fr. John Cramer officiated. In lieu of flowers memorials may be directed to the Galva American Legion or the LaFayette United Methodist Church. Rux Funeral Home is in charge of arrangements. This obituary may be viewed and private condolences left at [www.ruxfuneralhome.com](http://www.ruxfuneralhome.com).
