Renewable fuels looking skyward

By **KATIE ZELECHOWSKI**
Illinois Farm Bureau

The future of renewable fuel could be in the sky – in thousands of air-planes, that is.

Last month, the Biden administration introduced a plan to produce 3

billion gallons of sustainable fuel and reduce aviation emissions by 20 percent by 2030. The new opportunity for biofuels became a popular discussion topic as Illinois farmers met with legislators on Capitol Hill.

The initiative is part of Biden's larger climate goals, which include plans for a fully zero-carbon aviation

sector by 2050.

Andrew Walmsley, senior director of congressional relations for the American Farm Bureau Federation, briefed Illinois Farm Bureau members on the topic during the first day of their Leaders to Washington trip.

Increasing demand for biodiesel from places like California indicates interest in expanding the renewable fuels market, Walmsley said. But he

also cautioned that additional pressure from the aviation industry will require farmers to ramp up production.

Adam Nielsen, IFB's director of national legislation and policy development, said he's confident corn and soybean farmers can fill the gap.

"If sustainable aviation fuel is where the market is headed, we've got high-quality products to satisfy

Elmwood opts to bank COVID relief funds

By **JOHN A. BALLENTINE**
For The Weekly Post

ELMWOOD – The City of Elmwood will earn interest on its recent American Rescue Plan payment until it comes up with a plan for the \$136,692.

The recent payment is the first of two COVID-relief grants from the American Rescue Plan.

At a recent meeting, Treasurer Bonnie Beal asked the city council how they wanted to invest the money and suggested placing it in a "vacation account" at Farmers State Bank in Elmwood that would earn 1 percent interest.

"This is the highest [interest rate] you'll get," Beal said. She added that the money has to stay in the account until May of 2022 to earn the interest.

Spiderlings float through the October air

By **GRETCHEN STEELE**
For The Weekly Post

It's that spooky time in October when we start to see Halloween decorations featuring all varieties of spiders and spider webs go up on homes, in parks and in businesses. Did you know that these great swaths of webs and silk have a basis in our natural world during the fall season?

Anyone who spends much time outside in October also knows that spiders are busy building webs. Like me, you probably often curse the little devils as you get a face full of spider and spider webs working your way

down a trail, through the woods or even walking from the car into the house.

Perhaps you've noticed this before in the early summer or fall – it seems there are spider webs and strings of webbing everywhere. I seem to see a fly day in a couple of different ways.

The first is when I am driving, and it seems like suddenly there are strings of spider silk and tiny spiders all over my windshield. It happens in the boat too – trolling along at a most leisurely pace, and then for some reason, here we go with string after string of spider silk and lots of little

spiders. This spider streaming miracle also happens at the boat dock. Just standing there, it looks like endless rows of streamers everywhere.

All the silk in the air is because October is also the time when lots of baby spiders are hatching, resulting in what is known as ballooning days, or fly days. If you think a face full of spider web and one spider is annoying and a little creepy, wait until you encounter hundreds of little spiderlings hatching, especially when all of them are making a run for it!

It can be more than a little disconcerting to realize you are smack dab

ELMWOOD: Robbins hired as police officer

Continued from Page 1

Beal explained that the money doesn't have to be obligated until Dec. 31, 2024 and that the money in May can be invested in a money market account or a certificate of deposit. The council discussed investing the money and decided to place it in the "vacation account" at the

bank.

Mayor J. D. Hulslander said the city is not using the money for vacations, but that the account is merely called such. In May, the council will decide how to reinvest the money.

Economic Development Director Amy Davis also reported that the first Elm-

wood mural has been painted at Phelps Barn and that two more murals will be completed by Oct. 15. The murals will be located at 112 E. Main Street and 124 E. Main Street. The murals are being painted by The Walldogs.

Upcoming community events are: Trunk or Treat on Sunday Oct. 24, Shop Small Saturday on Nov. 27 and the Elmwood Christmas Walk on Dec. 4.

Fairground Extension – 6 infrastructure into the city's property. Police Chief Aaron Bean reported that the September police report had 3 arrests, 11 stops, 3 citations, 10 warnings, 39 reports taken, 3 notices to appear issued, 2 open doors, 6 ordinance violations and 77 incidents were handled by the police department.

The council approved the hiring of Nick Robbins as a part-time police officer for the City of Elmwood. Robbins recently moved to Elmwood in July of this year and grew up in Peoria. Robbins has worked previously for the Peoria Park District for nine-plus years as well as the Farmington and Washburn Police Departments.

During Committee Reports, Water Department Chair Nathan Brunnelson reported that there were 14 residences scheduled to have their water service shut off due to non-payment. Brunnelson said 160 new water meters have been installed.

Tabled was action on the City of Elmwood's "Push Tax" that would tax the local gaming industry a penny-per-play and TIF grant applications.

GUEST VOICES

Hey genius, mind your own business

It's a rare honor to be named a MacArthur Foundation Fellow. In fact, in 40 years, only 1,061 Americans have been awarded the title and the no-strings-attached stipend, this year a plush \$625,000, commonly referred to as a "genius grant."

Even more rare are MacArthur Fellows with ties to farming and food. Before this year, only 12, or one percent, of all grantees, have had any connection to agriculture.

Alan GUEBERT

On Sept. 28, Lisa Shulte Moore, a landscape ecologist at Iowa State University, became the thirteenth when the Foundation recognized her for "working closely with farmers to build more sustainable and resilient agricultural systems."

And that's the key, it noted in honoring Shulte Moore. She "combines expertise on the environmental, economic, and policy aspects of large-scale agriculture and food production with an ability to communicate practical information directly to landowners about ways to make their land both more productive and sustainable over time."

Even more astonishing is that she's doing this timely work in the very center of the crop monoculture universe, Iowa, a state that defunded the nation's premier sustainable ag research effort, the Leopold Center for Sustainable Agriculture, in 2017. More recently, powerful farm groups have stymied efforts to strengthen the state's oversight of water, fertilizer, and manure runoff from farm fields.

Shulte Moore's work, however, did not go unnoticed outside of Iowa. In 2020 she was awarded a \$10 million federal grant to "develop new ways of turning biomass and manure" — both in hyper-abundance in Iowa — "into fuel."

That effort is an outgrowth of a broader, longer-term project, STRIPS, or the Science-Based Trials of Rowcrops Integrated with Prairie Strips. And that's exactly what it is; a program where strips of native prairie perennials from 30 to 120 feet wide slow water flow across farmed fields.

With it, Shulte Moore and an interdisciplinary team of agronomists, hydrologists, entomologists, statisticians, and soil scientists "have shown that prairie strips reduce soil erosion by 96 percent and nitrogen and phosphorus runoff by 85 and 95 percent respectively," explained the MacArthur Foundation.

Equally important is that STRIPS "improves ... crop success" and that "incorporating prairie strips is one of the least expensive agricultural conservation practices because they can be located on the least productive, and thus less profitable, parts of a field."

Researchers can make this statement with confidence because the program now includes 11,735 acres of prairie strips protecting 112,707 cropped acres in 11 states.

As widespread as that might sound — and it is wonderfully widespread for any on-farm research program — it's a flea compared to the elephantine acres of corn and soybeans, a collective 180 million, in the U.S. this year (Iowa holds 10 percent of that) with little, if any, runoff mitigation on any of it.

Which gets to the bigger question innovative researchers like Shulte Moore and others throughout the Land Grant system face: Why aren't field-proven solutions that address today's biggest ag woes, like nutrient run-off, promoted by farm policy leaders as necessary, smart, long-term investments in sustainable food production?

The plain answer is that our pedal-to-the-metal food system rarely pays farmers and ranchers to do the cheaper-in-the-long-run right thing and often pays them to do the more-profitable-in-the-short-run wrong thing.

Even our federal farm programs focus on fixing problems after they occur, not before; programs like federal crop insurance, the Conservation Reserve Program, the Environmental Quality Incentive Program, the Market Facilitation Program, and soon, on-farm carbon sequestration.

And should your research anger or contradict any Big Ag dogma — or worse, any farm or commodity group — well, it's good-bye Land Grant perch, hello windowless lab purgatory.

We seem impervious to the clarifying truth that our relentless focus on the bottom line is dragging us to the bottom. Worse, we have the people and talent to make a difference, maybe even the critical difference, to slow or even stop the slide.

What we don't have a lot of is time.

Rash of thefts from vehicles in Elmwood

ELMWOOD – In the wake of a rash of vehicular theft reports, all taking place the night of Saturday, Oct. 9, and into Sunday, Oct. 10, Elmwood residents are cautioned to always lock their vehicles, even when they are parked on residential property.

In every case, the vehicles were unlocked and storage areas inside the vehicles were rifled through, according to an Elmwood police report.

Officer Mike Darrah cautions that if keys are left in a vehicle and a theft takes place, insurance will not cover the lost items. The following reports, all taking place in Elmwood, were compiled on Sunday following the thefts:

- In the 300 block of N. Althea St., loose change was taken from a homeowners' two vehicles, which were parked in the driveway at the residence. In one, keys left in the ignition were stolen, too. The residents' garage had been rummaged through, evidenced by a refrigerator door and desk drawers open, but nothing was taken.

- At another residence in the 300 block of N. Althea St., a witness returned a resident's hand bag that had been left on the street with the contents strewn about after the woman's car had been broken into. The resident said a credit card and an expired driver's license were missing. Her vehicle was parked behind the house in the driveway.

- In the 400 block of W. Main St., a woman's medications were taken from her vehicle, which was parked in the driveway.

- In the 100 block of Walnut St., loose change was taken from a woman's vehicle, which was parked in front of the house along the curb.

- In the 300 block of W. Fremont St., two vehicles were broken into and searched. Nothing was taken from one and the key fob to the other was taken. One vehicle was parked in the driveway, the other was parked in the front of the house along the curb.

- At another residence in the 300 block of W. Fremont St., two vehicles were broken into with an e-Reader taken from one. Both vehicles were parked in front of the house along the curb.

- In the 200 block of S. Knox St., both cars belonging to the homeowners were broken into. The cars were parked on the driveway. One of the victims found his laptop in the front yard and reported a Ruger 9mm Security 9 pistol was missing from the console. Nothing was taken from the other vehicle.

- At another residence in the 200 block of N. Knox, two cars parked in the driveway were broken into. One had two ink pens and a pair of gloves taken; nothing was taken out of the other.

- In the 700 block of W. Dearborn St., a woman's car was stolen from the driveway sometime between 4:30-8 a.m. on Oct. 10. She reported that her extra key fob had been in the car.

Police reports

- PRINCEVILLE – Micah F.

Winkler, 36, of Princeville was charged on Oct. 7 with DUI alcohol, driving an uninsured motor vehicle/bodily harm, driving on a suspended driver's license, and improper lane usage, according to a Peoria County Sheriff's report.

- YATES CITY – Taryn R. Johnson, 30, of Yates City was charged on Oct. 7 with unlawful possession of methamphetamine, according to a Peoria County Sheriff's report.

- FARMINGTON – Laura McCabe, 40, of Peoria was charged on Oct. 10 of aggravated DUI alcohol, driving on a suspended/provoked driver's license, no rear registration light and resisting/obstructing police, according to a Farmington police report. Her vehicle was towed and she was transported to Fulton County Jail.

- FARMINGTON – Nancy Rook, 68, of Farmington posted bond on Oct. 4 on a Fulton County warrant, according to a Farmington police report. The warrant was for a failure to pay order related to a traffic violation. She was given a new court date.

- FARMINGTON – Clay Brown, 24, of Canton was stopped on Oct. 10 after he failed to signal, according to a Farmington police report. He was found to have an active Fulton County warrant related to a traffic violation. He was also charged with driving on a suspended driver's license.

ETHANOL: EV market mainly urban

Continued from Page 1
demand in the aviation industry and help them lower their carbon footprint," he said.

In the automobile industry, there's mounting pressure to shift away from gas-powered vehicles to change over to electric vehicles (EVs).

Mercer County Farm Bureau President Michael Zecher said he recognizes the growing market for EVs in metropolitan areas but doesn't see the same demand expanding to rural areas any time soon.

"When it comes to being able to utilize electric vehicles and deal with (traveling) the distances we have in downstate Illinois, or even the western United States, their practicality decreases significantly," he said. "We're not at the point where we can say that we can ban all internal-combustion engines and still provide a reliable source of food, fuel and fiber that the country needs."

How batteries for EVs will be built and disposed of on a larger scale, as

well as how they'll be taxed to support ongoing transportation infrastructure needs, remains to be seen.

"EV is the new kid on the block vying for attention, but there's a lot of baggage that comes with them," said Nielsen. "When you look at things objectively, there are many benefits to renewable fuels that are sometimes simply forgotten because they get taken for granted."

Farmers also remind lawmakers that biofuel production is a large economic driver for rural America and expressed interest in joining the market to provide a source for sustainable aviation fuel.

It's an exciting move for the industry and one that makes a lot of sense, Nielsen said. "There's a whole biofuels industry that's already in place and we don't have to reinvent the wheel. We've always believed we have the solution — and the low-carbon solution is renewable fuel."

3rd Annual Stevens Square Christmas Tree Display

The Village of Princeville would like to give the community an opportunity to sponsor and decorate a Christmas tree in Stevens Square Park.

Residents, businesses, groups and clubs are invited to sponsor a tree that will bear their name or sponsor a tree in memory of a loved one.

Sponsorship forms are available at Princeville Village Hall and www.princeville.org.

Trees will be placed in the park by Princeville Public Works Dept. the week of November 15th.

The sponsor fee is \$40.00 and payable to Village of Princeville.

Funds collected are to pay for the trees and any materials needed for the project.

Reserving your tree, by turning in your forms early, is advised.

A Tree Lighting and Holiday Stroll are planned for Sunday, November 28th from 4:30pm -6:30pm, with a brief lighting ceremony that evening at 5pm.

More details to come!

Questions, please visit www.princeville.org, the Village of Princeville Facebook page, or

contact the Village Hall by phone 309-385-4765 or by email villagehall@princeville.org.

Princeville Cemetery Rd. closed indefinitely

PRINCEVILLE – The Peoria County Highway Department, in conjunction with the Princeville Road District, has closed Princeville Cemetery Road at the bridge located .5 miles northwest of the Village of Princeville.

The bridge was closed due to struc-

tural deterioration of the timber support piles under the bridge.

Trivoli student earns Kasasa scholarship

SPRINGFIELD – Addyson Neal of Trivoli was awarded the 2021 Kasasa Scholarship during the Community Bankers Association of Illinois (CBAI) Annual Recognition Luncheon.

Neal was sponsored by the Bank of Farmington. The scholarship is conducted by a blind drawing at the luncheon. Neal received an initial \$1,000 check and is eligible to receive \$1,000 per year for the next

three years for her higher education, based on grades and full-time student status. She is attending Carl Sandburg in Galesburg where she is currently studying nursing.

Students eligible for this scholarship are those who are the children or grandchildren of an employee, officer, or director of a CBAI member bank; also included are part-time student employees at an eligible CBAI member bank. When nominated, students must be entering their freshman year of college, or other institute of higher learning.

This year, there were 110 names in the drawing, representing 78 candidates

SPIDERS: Some spiderlings cross oceans

Continued from Page 1

in the middle of what seems like a gazillion little spiderlings. It can be fascinating for science geeks to watch their dispersal process. And yes, I am one of those geeks who can be endlessly fascinated and entertained watching it all unfold. Suffice it to say, my usual companions – not so much.

The actual process is called “ballooning.” Spiders tip-toe around from their takeoff/hatching spot, test the air and size up the breeze. The tiny little spiderlings raise a little leg – trying

the air speed and quality. They scramble about their nesting site until they hit just the right amount of air speed. Once they’ve determined the best spot to catch a good breeze, the spiderlings release 50-60 bits of silk that they fashion into a sail-like apparatus, and away they go. It’s that simple. The little silk sails carry them up and off into the wind leaving a long string or trail of silk in their wake.

Some of the spiderlings don’t make it very far, dropping just a few feet from their takeoff site. Others are better “pilots,” eventually catching

just the right thermal and then getting caught up in the jet stream that can take them hundreds of miles. Some have even been documented crossing oceans using this method. No matter what, they go with the flow and end up wherever the wind takes them.

Not everyone is a fan of spiders. Even so, it’s still a beautiful sight early in the morning to look across the grasslands or along the roadsides and see hundreds of spider webs in the grasses and trees; dew-drenched and sparkling like the finest diamonds.

OBITUARIES

Charlotte L. Benson

YATES CITY – Charlotte Lucille Benson, 79, of Yates City passed away at home on Monday, Oct. 4, 2021, surrounded by her family.

Charlotte was born Nov. 7, 1941, in Harriman, N.Y., to James and Myrtle (Youmans) Conley. She married Raymond (LeRoy) Benson on Jan. 11, 1969. He preceded her in death on Dec. 18, 2020.

They settled in Yates City after Raymond's retirement from the U.S. Air Force. Charlotte held many jobs over the years, but her career was being a wife and mother.

She and LeRoy worshipped and served as members of Faith United Presbyterian Church. They were past members of Yates City Order of the Eastern Star and current members of the Galesburg chapter. They loved working with, visiting, and traveling with other Eastern Star members. Charlotte was loving, generous, and always willing to help.

She is survived by her 3 children, Tammy (Terry) Bjerke of Manvel, ND; Raymond (Michelle) Benson, Jr. of Galesburg; Marjorie (Derek) Hagerdom of Yates City; 10 grandchildren: Ian (Kathryn), Tanner (Carly), Dakota, Mercedes, Trevor, Connor, Braden, and Jacob; and 6 great-grandchildren.

She is also preceded in death by her parents; her brother; and her sister.

A funeral service was to be held at 10 a.m., on Wednesday, Oct. 13, 2021, at Oaks-Hines Funeral Home in Elmwood. A visitation was to be

Benson

held the night before from 5-7 p.m., on Tuesday, Oct. 12, 2021, at the funeral home.

Memorials may be made to Faith United Presbyterian Church in Yates City or the Eastern Star Home in Macon, Ill.

To leave online condolences, please visit www.oakshinesfuneralhome.com.

Oaks-Hines Funeral Home and Crematory in Elmwood is in charge of arrangements.

Thomas M. Miller

BRIMFIELD – Thomas M. "The Governor" Miller, 80, of Brimfield, passed away at 3:23 p.m. Tuesday, Oct. 5, 2021, at UnityPoint Health – Methodist in Peoria.

Thomas was born on Oct. 24, 1940, in Brimfield, the son of Murray F. and A. Catherine (Maher) Miller. He married Barbara J. Robison on July 23, 1960, in Brimfield. She passed away on Jan. 13, 1998.

Surviving are his two daughters, Teresa (Pat) Kelch, Jennifer (Mike) Bays; one son, Timothy Miller, all of Brimfield; seven grandchildren, Casey (Brad) Melton, Travis (Jordan Eiten) Kelch, Shelby (Avery Swarms) Mikrut, Jordan Kelch, Wayde Miller, Jack Mikrut, and Jolene Miller; three great-grandchildren, Lorelei, Finley and Maeve; three brothers, Gerald (Carol) Miller of Bloomington, Richard (Peg) Miller of Williamsfield, and Robert Miller of Ft. Lauderdale, Fla.; one sister, Mary (Mark Sutherland) Miller of North Palm Beach, Fla.; and numerous nieces and nephews.

Miller

He was also preceded in death by his parents; one son, Joseph Miller; and one brother Fred Miller.

Tom graduated from Brimfield High School, class of 1959. He retired in 2003 from the East Peoria Caterpillar after 31 years and was a proud UAW member. Prior to working at Caterpillar, Tom worked as the parts manager at Manning-McComb Chevrolet. A master mechanic and gifted diagnostician, he was known in the area for building and rebuilding engines and ran his own garage.

Tom spent many years mentoring local kids and aspiring young mechanics. If the goal was getting from 0 to 60 faster than the other guys, Tom was the man to consult.

Aside from his family, Tom's greatest love was auto racing. He watched all types of racing, but he enjoyed Indy and NASCAR the most. Tom attended every single Indy 500 from the late 1950s until the Indy Racing League was formed in the mid-1990s.

Tom lived a colorful life. Sitting around the dinner table at the holidays, the grandkids never failed to say, "Grandpa, tell us about the time you...," and the stories flowed while everyone listened intently. Tom and Barb loved to travel the country, visiting numerous states, museums and historical sites before her passing.

He was also a former member of the Brimfield Area Men's Club, and former Assistant Fire Chief for the Brimfield Fire Department.

His funeral mass was at 10 a.m. Oct. 11, 2021, at St. Joseph Catholic Church in Brimfield. Father John Verrier presided. Burial was in Calvary Cemetery, Brimfield. A visitation was Oct. 10, 2021, at the church. Haskell Funeral & Cremation Serv-

R-W VB tops Wethersfield, 2nd at ICAC

By PHIL JOHNSON

For The Weekly Post

The ROWVA-Williamsfield volleyball team had a good week, capped with a marquee win over Kewanee Wethersfield 19-25, 25-18 and 25-23 in Lincoln Trail competition in Kewanee on Monday.

“Since coach Secrist and I have coached together, we’ve never beaten Wethersfield. We refused to back down,” R-W assistant coach Jaime Trotter said. “We were diving all over the floor. It was a great effort by all.”

Kat Hunt had 11 kills and four blocks for R-W (17-9). Natalie Gonzalez got 27 assists. Molly Warner was the digs leader with 17. Angelina Adame defended with four blocks.

The Lady Cougars shared Saturday’s hosting of the ICAC Tournament with Brimfield and took second place, by defeating Delavan 25-16, 25-15, falling to eventual champion Illini Bluffs 11-25, 25-23 and 6-15, then coming back to beat Elmwood 21-25, 26-24 and 15-7.

“ICAC teams are basically solid. It’s good competition for us,” Trotter said.

Hunt had 21 kills for the tournament to go with 15 blocks. Warner dug 25 off the floor. Gonzalez assisted on 49 scores for the day. R-W won last Thursday in a non-conference contest at Knoxville 25-20, 25-21.

“It was a huge win tonight, winning in two at Knoxville. All seven players we put on the floor played with fire,” Trotter said.

Warner killed eight and dug 12. Gonzalez had 17 assists, 12 digs and three blocks. Adame also recorded 12 digs.

The Lady Cougars topped Lincoln Trail rival West Central Oct. 6 in Oneida. Hunt was the kills and blocks leader with four each. Gonzalez paced the team with assists (7) and digs (11).

R-W is next on the road vs. Abingdon Avon on Monday.

Brimfield

Brimfield (12-14) traveled to take on traditionally strong Eureka on Monday, coming up just short 25-23, 17-25 and 19-25 in the non-conference matchup.

“We played well tonight. Our energy was good,” Brimfield coach Penny Silzer said. “We had very good communication, and our serving was great.”

Ella Lune had 12 digs and eight kills. Jaelyn Fabry picked up four ace serves and seven kills. Emily Ehnle blocked two. Hannah Burkitt recorded 15 assists.

Brimfield was a partial host of the ICAC Tournament along with Williamsfield on Saturday. The Lady Indians fell to Elmwood 16-25, 25-23 and 9-15, swept Peoria Heights by identical 25-19 scores, then lost to Delavan 25-20, 25-15.

“We had some key players missing, but everyone who did attend contributed. Senior Emily Ehnle has really improved,” Silzer said. “We brought up freshman libero Brooke Sumner, who passed well

and was our digs leader on the day.”

Sumner’s digs number for the day was 37. Ella Florey had 14 kills. Burkitt got 31 assists. Ehnle had two blocks. Elly Doe assisted on 23 scores and got five aces.

“Consistent serving from Taylor Wiewel and Elly Doe were a big help to our cause,” Silzer said.

The Lady Indians picked up a Prairieland win over South Fulton 25-23, 25-21 last Thursday at home.

Doe defended on 11 digs and served an ace. Burkitt was the assists leader with 13. Grace Carroll had two blocks, two aces and three kills. Florey got one ace and four kills.

Lune added three kills. Carley Jones picked up an ace and three kills.

BHS next takes on ICAC rival Delavan today (Thursday) at home.

Elmwood

Elmwood (16-13) went 1-2 at Saturday’s ICAC Tournament. The Lady Trojans topped Brimfield in three sets, 25-16, 23-25 and 15-9. That was followed by setbacks to Peoria Christian in identical 25-22 scores and to ROWVA-Williamsfield 25-21, 24-26 and 7-15.

Elmwood leaders for the day were Addie Webster with 31 assists. Annie Herman had 21 kills, two blocks, and 14 digs. Liv Meyers got 14 kills and two blocks. Eileen Conklin had 4 aces and 16 assists.

Amelia Penny-Baldoni had 16 kills and 15 digs in the tournament. Etta Wagner blocked five, and Bella Cantora kept volleys alive with 20 digs.

The Lady Trojans bested ICAC rival Delavan 25-18, 25-17 at home last Thursday.

“This was a solid performance for us,” Elmwood coach Felicia Appell said.

Penny-Baldoni and Meyers were the kills leaders with seven each. Penny-Baldoni also dug 10. Conklin and Webster each got three aces and eight assists. Herman was busy with four kills, six blocks, two aces and seven digs in the win.

Next up for EHS is a trip today to Macomb for a non-conference meeting.

Farmington

Farmington was defeated by non-conference opponent Eureka 25-7, 25-13 at home last Thursday.

Holly Shriber scored on two kills and defended with one block. Bailey Kennelly dug five off the floor. Adriane Morse served one ace. Alayna Keefer assisted for three scores in the effort.

The Lady Farmers are next at home today to take on Prairieland foe Havana.

Princeville

The Princeville juggernaut (21-1) steamed ahead on Wednesday of last week with a 25-7, 25-20 sweep of Lincoln Trail foe Mercer County in Princeville.

Julianne Kielion assisted on 17 scores and recorded six aces. Amber Brawley had six kills and five blocks. Bethany Urbanc also scored on six kills. Breanna Schupbach defended with 11 digs in the victory.

Princeville travels to a tournament Saturday in Champaign at St. Thomas More High School.

FOOTBALL: A-Town was without starting QB

Continued from Page 16
 Senior Night, the schools moved the JV game to Friday at 6 p.m. so Farmington seniors can be recognized.

E-B is still on at Lewistown this Friday, even though the Indians had to stop their last game with Macomb at halftime trailing 44-0.

“They got some guys banged up in the game who can play this week,” Hollis said, adding he is glad to get a chance to shake hands with retiring Lewistown Coach Darren Winkler one last time at midfield.

Winkler told Hollis the Indians will have 21 healthy bodies for Friday.

Abingdon-Avon 18, Princeville 7
ABINGDON – Parker Stoneking might not have played quarterback before last Friday, but the Abingdon-Avon senior did enough to win this game and to impress Princeville Coach Jon Carruthers.

“He would probably start at quarterback for a lot of teams,” Carruthers said of Stoneking, who prior

to last Friday had been A-Town’s top wide receiver.

After regular A-Town QB Ethan Schisler showed up at the game in steet clothes – and may not play this week in the much-awaited LTC title showdown with Knoxville – Stoneking got the job. He completed 9 of 20 passes for two touchdowns and ran for another score.

That was just enough to upend a Princeville team that Carruthers said played very well defensively.

“Our defense in the last two weeks has put back-to-back games together against quality teams,” Carruthers said. “It’s good to see your team improving. We just need to get some ‘Ws’ now.”

At halftime last week, the Princes looked like that was a possibility against an A-Town team that had been steamrolling foes en route to its unbeaten mark (7-0, 6-0 LTC).

Princeville (3-4, 2-4) got on the scoreboard first on a 1-yard run by

quarterback Jordan Johnson.

A-Town answered that with a 32-yard pass from Stoneking. Stoneking completed one more TD in the third and ran for one in the fourth.

“They are still a very good football team,” Carruthers said. “Their line is good.”

The Princes need to win out to keep alive any playoff hopes, starting with Friday’s home game at winless Ridgewood (0-7, 0-7).

“Our kids are really buying in and playing hard,” Carruthers said.

Princeville boys, girls second at LTC meet

By Weekly Post Staff Reports

The Princeville boys and girls cross country teams placed second at the Lincoln Trail Conference meet last week at Midland Golf Course in Kewanee. Mercer County won both races.

In the girls' race, Princeville received all-conference performances from freshmen Alyvia Cowser (4th, 20:21) and Montana Hoerr (9th, 21:21). Junior Kyra Hilsabeck (14th, 22:14), sophomore Emma Stutzman (16th, 22:43), sophomore Brinae Rice (22nd, 24:05), and freshman Kyra Rinkel (35th, 27:58) rounded out Princeville's team.

"We thought we would be in the running for second, though, with Ridgewood and Stark County," Coach Jeremy Melick said. "Several of our girls improved their place from the first mile on and Rice was able to get in ahead of Ridgewood's No. 3 and Stark's No. 4, which helped us quite a bit. She's been running injured most of the season and to tough it out like she has been and

get a season-PR in the process says a lot about her strength of character."

Sophomore Joey Bosch (2nd, 17:46) and freshman Tucker Sennett (4th, 17:49) both earned all-conference. Sennett just missed finishing 3rd by .1 seconds. Parker Melick (12th, 19:14), Luke Pipkins (24th, 20:38), Luke Graham (29th, 21:42) were the other scoring runners.

Princeville was without Jack Lied, the usual No. 3 or 4 runner.

The Princes will run Saturday at Detweiller Park in the Peoria Heights Invitational.

• **Elmwood-Brimfield** – Thomas Harmon continued his strong fall by placing second in 15:47 Monday at the Amboy Columbus Day Invitational on a 2.95-mile course.

The E-B boys were third overall with 115 points behind Monticello (101) and winner Amboy (93). The E-B girls placed 8th and were led by Addie Symonds (17th, 19:40). Other scoring runners for the E-B girls were Ashley Wolcott (50th, 21:18.4), Olivia Stage (76th, 22:23), Bre

Turner (80th, 22:41.1) and Chloe Kelly (85th, 22:45.8).

The other scoring boys runners were Isaiah Hill (11th, 16:52.8), Nick Feller (19th, 17:05.2), Brendan Williams (35th, 17:38) and Reed Florey (75th, 18:36.7).

"It went better than expected. We had two runners out and another who is coming back from an injury, so our seven varsity runners looked different from meets earlier," Coach Gregg Meyers said. "Our first four runners were solid. In particular, Thomas Harmon and Nick Feller ran really strong races. And freshman Reed Florey stepped up and ran fifth for us with his best race of the season."

E-B also runs Saturday at Detweiller in a final regular-season tuneup for the regionals, which are Oct. 23 at Farmington. The E-B boys were rated 11th last week by Il.milesplit.com and 13th (through Oct. 6) by Ilxctf.com.

Farmington sprints past Trojans, 44-

By JEFF LAMPE

For The Weekly Post

ELMWOOD – One of the biggest problems when you face a Farmington football team is figuring out which aspect of the offense to stop.

Focus too much on the pass game and the Farmers run it right up the middle. Focus on running backs and the quarterback will keep it or toss to a wideout. It's a headache no defense has figured out this year, as Farmington has outscored foes 51-8.6 in rolling to a 7-0 record and 6-0 Prairieland Conference slate.

That includes last Friday's 44-8 win at Elmwood-Brimfield (4-3, 3-3). After weeks of killing foes with his feet, Farmington quarterback Gage Renken ran for just 34 yards.

Instead of running, Renken passed for 179 yards and three touchdowns and handed to running back Kevin Shultz, who racked up 162 yards and three TDs on 11 carries. The Class 3A 7th-ranked Farmers had five scoring plays of 34 or more yards.

"I thought we played fairly well and I think [E-B is] getting better," Farmington Coach Toby Vallas said of the Trojans. "They are much improved from last year, for sure, and

Farmington senior Kevin Shultz ran for 162 yards and three touchdowns on 11 carries last Friday in the Farmers' 44-8 win at Elmwood-Brimfield. Photo by Dave Giagnoni.

they had some really young kids playing who were really solid players."

E-B hurt its own cause in the first half, turning the ball over on a fumble and an interception that Farmington turned into TDs.

"In the first half I thought defensively we were pretty good. We gave them a short field twice [on turnovers] and good teams make you pay for that," E-B Coach Todd Hollis said. "But we are significantly better. If we had played that team Week 1 or 2 or 3, they would have hung 80 on

us."

The big problem for E-B was that it couldn't string together enough plays on offense against Farmington's pressure defense. The Trojans finished with 170 total yards and 143 yards rushing.

"They put constant pressure on us and we couldn't get much surge," Hollis said. "They are good."

The Farmers will get a forfeit for this Friday after South Fulton informed the school they were short on players. Since this Friday was to be

Local JH runners qualify for state XC

Elmwood boys, Brimfield girls teams win

By JEFF LAMPE

For The Weekly Post

Local runners enjoyed a day of success Saturday in IESA cross country sectionals.

The Brimfield girls and Elmwood boys won their Class 1A sectional races at Donovan Park, where Elmwood's Aiden Faulkner won the boys race in 12:11.2, and Farmington 8th-grader Dax Ulm won the boys race in the Class 2A Dunlap Sectional in 11:28.6. Also advancing to state were the Elmwood girls and Brimfield boys.

Overall, 33 local runners will get to run this Saturday in the IESA state meets to be held at Maxwell Park in Normal. Class 2A boys run at 10:15, Class 1A girls at 12:30 and Class 1A boys at 1:15 p.m.

runnerup Elmwood (59).

Sixth-grader Mya Hill placed second overall in 13:08.2 to lead Brimfield, whose other scoring runners were 7th-grader Anja Nelson (3rd, 13:16.9), 6th-grader Riley Kelly (6th, 13:40.2), 7th-grader Taylor Forney (10th, 14:07.4) and 6th-grader Channing Quiram

COVID KUDOS

The Elmwood schools have made it through an entire month of Mitigation Level 1, which means positive cases of COVID have been held to under 6 cases on any given day. A big THANK YOU to the teachers, staff, students, and parents for finding solutions instead of problems.

Our students have done an awesome job of following the Big 5:

- Symptom Free
- Self-Certification Badges
- Clean Mask
- Chromebook Charged
- Ready To Learn

Pick-Up Reminder

Do not pick up JH/HS students along Morgan Street at the end of the school day. This street is busy enough with GS traffic and school buses as students leave the building. Please pick up JH/HS students either in the HS parking lot or along the alley on the south side of the Auditorium. Also, remind your bike riding student to walk their bikes until they are away from the school parking lot.

Dates To Remember

Oct. 14 Picture Retakes

Oct. 20-21 – Parent-Teacher Conferences, 2:30-6:30 pm

Oct. 22 – No School

Please continue to help us by making sure your student is symptom-free and wearing a self-certification lanyard when they leave the house. Students may get sent home for exhibiting symptoms or can get a rapid COVID test from our school nurse. On-site testing has allowed students to remain in class. Nurse Ward can also come out to your vehicle to perform COVID testing which is very convenient for our parents. Contact the office if you have any questions.

Parent-Teacher Conferences Ahead

The first quarter grading period will end Oct. 15, which means Parent-Teacher Conferences are quickly approaching. Teachers will be available on Wednesday, Oct. 20 and Thursday, Oct. 21 from 2:30-6:30 p.m.. Masks are required by all individuals when they are in the school building or you can contact the teacher to set up a Google Meet. Check your student's grade on TeacherEase for updates on academic progress. Students will be dismissed at 2:15 p.m. on Thursday.
