City of Elmwood proposing new split for TIF tax dollars

By NICK VLAHOS

For The Weekly Post

ELMWOOD – For Bob Tan-nock, a few thousand dollars isn't exactly chump change.

The chief of the Elmwood Fire Department said he'd welcome a new proposal that would enable some local taxing bodies to receive a share of revenue generated by the city's Central Business District tax-increment-financing area.

It would not be a vast amount for the fire department – perhaps about \$2,700 a year initially.

Still, for a volunteer force, it's significant, according to Tan-nock.

"If we did get it, we definitely have plenty of needs that that money could go to," he said. "It can't hurt."

Officially, the reallocation debate is to begin Thursday. That's when the Elmwood City Council is to consider starting a process that would extend by 10 years the term of what's known informally as the downtown TIF district. It's to expire in April.

In TIF districts, property taxes

that are to go to various bodies are frozen. Subsequent tax increases are diverted into a fund used for infrastructure improvements that can lead to area redevelopment.

City officials have proposed an extension plan that splits downtown-TIF revenue with the fire-protection district, Elmwood Township, Elmwood road and bridge and the Elmwood CUSD 322. The city is not required to share the money, and approval by taxing bodies is not required for an extension. But after sev-

eral meetings, the city has come up with a compromise of sorts.

For the first five years of the TIF extension, the city would keep 50 percent of the revenue and the other entities would receive the rest, in proportion with their property-tax rates. After five years, the four local taxing bodies would receive full shares of downtown-TIF revenue.

The proposal does not include non-Elmwood-based taxing entities – Peoria County, Peoria County Soil and Water, Illinois Central College and the Greater

Metro Airport Authority.

Public hearings and a joint review board are to be part of the TIF renewal process.

"The council recognizes not everyone is thrilled with the TIF being extended," Elmwood Economic Development Director Amy Davis said. "We're just wanting to share some of those (funds) with the taxing bodies."

"We have some things we want to do, but we don't necessarily want to extend the TIF and keep 100 percent of the funds."

FALL FORAGING AHEAD

Pawpaw picking time here

Fall mushrooms next

By GRETCHEN STEELE

For The Weekly Post

"Pickin' up pawpaws, put 'em in my pocket ... save 'em for a rainy day."

The old children's folk song always runs through my head as I walk through wet and rain-drenched patches of bottomland woods in September. I remember fondly walking in the creek and river bottoms with my mother singing the song in the early fall as we sniffed out the sweet banana-like scent of ripe pawpaws.

I can almost always smell pawpaws before seeing them. The fruits have a sweet, almost banana/melon-like scent, unlike anything else you would typically

Pawpaws typically ripen in Illinois in September. Photo by Gretchen Steele.

expect to find in the damp woods. That sweet, slightly fermented scent means a pawpaw tree is nearby.

It's the time of year for pawpaws to start ripening and falling. Pawpaws always seem to ripen right behind the first early flights of teal that come balled up and blasting

into the same low potholes and damp places where the pawpaw trees thrive.

Right behind the teal, right ahead of the hen of the woods, and right alongside the elderberries – that's the mantra for looking for pawpaws throughout much of Illinois.

Elmwood CUSD 322 faces budget deficit

Tax rate could be reduced 20 cents

By JEFF LAMPE

For The Weekly Post

ELMWOOD – The combination of a long-awaited HVAC project, increases in costs and the vagaries of budget accounting have Elmwood CUSD 322 facing a deficit of \$2.7 million for 2022-23.

But don't panic, Elmwood Superintendent Chad Wagner said. That FY 2023 deficit follows surpluses in seven of the last eight budgets and is expected to be a one-year issue.

Plus, Wagner said, the FY 2023 budget will be accompanied by a 20-cent reduction in the tax rate. That translates into \$66 in property tax savings per \$100,000 of a home's

value, Wagner said.

And even after accounting for the deficit, the district should still have enough cash on hand to cover up to six months of operational costs in case of a delay in funding from the state.

A big part of the deficit facing Elmwood, and other nearby school districts, is that federal ESSER grants were listed as income last year and boosted FY 2022 totals. But those funds are being spent in FY 2023 and help create the budget shortfall, since revenues have already been budgeted.

"We will have a deficit this year for sure, but I think it is explainable and

PAWPAWS: Ripe pawpaw fruits don't last long

Continued from Page 1
If you are lucky, your pawpaw hunt will also net fall mushrooms. Keep your eyes open for chicken of the woods, oysters, chate-relles or even an early hen of the woods.

I am always surprised by the number of people who, while familiar with the old song "Picking up Paw-paws," had no idea the fruit existed. Pawpaws have an interesting historical aspect. Thomas Jefferson had pawpaws at Monticello and when he was minister to France in 1786, he had pawpaw seeds shipped over to friends in France.

Lewis and Clark wrote in their journals about finding and eating pawpaws. The journal entries indicated

Fun facts about pawpaws

- The fruit is also known as the American custard apple and Missouri banana.
- Largest edible fruit native to the U.S.
- Most commonly found along rivers and creeks in moist bottom-land forests.
- Blossoms of the pawpaw tree smelling like rotten meat to attract the single species of fly that pollinates them.
- Pawpaws will only last a few days at room temperature, barely a week in the fridge.
- Pawpaws are higher in protein and fat than bananas, apples and oranges and are a source of vitamin C, potassium, calcium, riboflavin, niacin, and manganese.
- Folklore says the seed may forecast winter weather in similar fashion to persimmon seeds.

that they were most fond of the fruit. During their 1806 expedition, they relied on pawpaws when other provisions ran low.

Ripe pawpaws don't last long in the woods. Virtually every four-footed

creature likes to dine on them. I've often seen a stack of them tucked into a brush pile or against a log by some enterprising creature stashing the sweet treats. On a few occasions, I've encountered a tipsy squirrel or raccoon that has been dining just a little too long on fermenting pawpaws.

Look for pawpaws on the ground, since they drop

from a tree when ripe. Once you locate a tree, give it a bit of shake, as fruits close to being ripe will tumble off.

Pawpaws are palm-sized, oblong, green fruits that often sport a few small bruised areas. Don't worry about bruises – they can easily be trimmed away and usually don't impact the inner sweet goodness.

Pawpaws have a sweet, creamy, almost banana custard-like taste and texture. They are good simply split open and scooped out with a spoon, made in a custard sauce, pies or cakes – the list of culinary uses for the pulp is long.

Just scooping it out of the rind with a spoon (or fingers) and slurping it up is my favorite way to consume pawpaws. I can never wait until I get home for the first taste of the season – and quickly split open the first few for a snack right then and there.

A POLITICAL CARTOONIST HAS A PRAYER ANSWERED

Jordan's station a welcome bastion of stability

One of many things that appeals to me about small towns – but apparently drives others away – is the predictability of life.

If there's a chill in the air and it's early September in Elmwood, you can count on pumpkin trucks roaring through town and the Boden's Amusements folks setting up carnival rides nearly a week in advance of the Fall Festival. The early setup of rides and food booths brings to a fevered pitch the excitement of youngsters in town, for whom the Fall Fest is still a big deal.

Even the fact that a simple little festival can still be a big deal makes me smile.

That predictability extends to more than festivals. For many years, if you needed to fill up with gas, get an oil change or catch up on the latest news, you stopped at Jordan's to chat up **Dave Jordan**.

Last weekend, Jordan's celebrated 50 years in business with free ice

cream, reduced-price drinks and plenty of balloons. Surviving as a business in a small town for half a century deserves at least that.

Best of all were free commemorative yardsticks with the business name printed on them. Those are throwbacks and Dave would have loved them. Hard to believe he has been gone for eight years. But it's very encouraging to see his wife **Janet**, son **Chad** and grandson **Andrew** still so involved with the business. At a time when small-town shops struggle to compete, Jordan's has expanded and, most weeks, the repair shop is plenty busy.

More than that, Jordan's helps provide stability to the town. Cynics say small towns are boring. Sometimes that's true. But after surviving a pandemic and the rapid changes of the past decade, a little stability is very appealing.

The hours are rapidly counting down to the crowning of this year's TWP Big Tomato Champion. Deadline to weigh in an entry is technically Sept. 11, but since we won't be here, that has been extended to

Sept. 12 at 4:13 p.m. The current leader is **Ron Orr** of Princeville who in August hauled in a whopper that weighed 3 pounds, 4.25 ounces.

Parting shot: Dragonflies were making their annual migration last weekend, with hundreds of the impressive insects fluttering over my prairie. Where do they go, someone asked? Sometimes Google is good. Apparently there are 16 species of migrating dragonflies in North America, and at some of those hovering wonders I admired are migrating to the southern United States, Mexico and the Caribbean to lay eggs. At least for common green darner dragonflies, the most common species, the next generation will stay in the south and is non-migratory. The offspring of those southern dragonflies will travel hundreds of miles north by next May, where they will lay eggs for the migrants who will arrive in the fall of 2023. According to the Vermont Center for Ecostudies, some other dragonfly species migrate more than 11,000 miles.

Nursing home residents have the right to vote

To the Editor:

With the general election quickly approaching, there are some things that family and friends can do to help advocate for their loved ones who reside in nursing homes.

The voting procedures for the 2022 general elections are governed by 10 ILCS 5/19-12, which requires that nursing home voting be conducted

by election judges representing the two parties. Your loved one does not lose their right to a free and fair vote because they reside in a nursing home.

Educate yourself on this subject and if your loved ones nursing home is not following the state statute, politely encourage them to.

For more information on vulner-

able voters and how you can help them, please go to protectvulnerablevoters.org/website.

Red wanderer gives away escapees

We had just gotten settled in the new room to wait for daybreak. The theme song for RFD Illinois began as I took a tentative sip of my still way-too-hot coffee.

I was looking out the east windows at the little herd in the house pasture: Momcow and her set of twins, another cow and her calf, and the bull with the damaged stifle (human equivalent = knee). They were all standing along the east fence that runs along the road and they were all looking due north. Well, this seemed odd. I went to the window for a better look, expecting to see perhaps a coyote or deer nearby.

All these critters are black, so looking east in the hazy morning light it was difficult to tell where one left off and another began. I saw neither coyote nor deer.

But as the bull lumbered away from the others, I caught a glimpse of red among the black. Not primary red. Red as in red angus or Hereford or Simmental cross.

Another lumbering step by the bull and my suspicions were confirmed. Yep, that was a cow and no, it wasn't supposed to be there. Dang.

"We have an outage," I announced to AJ as I reluctantly set my coffee mug on the table and hastened toward the door. By the time we walked across the yard the whole circus had moved up the fence line to near where Matt or AJ hefts a bucket of corn over the fence every day. The house pasture crew thought they were getting fed a couple hours early and went to stand at the feedbunk. The out cows, suddenly confronted by two unsmiling, uncaffeinated farmers, realized they were so busted. There were two, the red one who had given the pair away and a black one who had blended right in with the rest.

Technically these were heifers, so we knew immediately that they had come from the 40, a scant quarter mile up the road. There were 18 of them up there. It was unlikely that these were the only two who had gotten out. Our first concern, however, was to get the rogues contained somewhere.

Our first attempt at simply opening the gate right there and running them into the house pasture with the others failed when I slipped on the wet grass and lurched down the ditch. The heifers frolicked through the yard; AJ glared at me. Before I could

get to the gate in the corner, they changed course and made for the barnyard. There they had many options of gates to not go through. Finally they blundered into the lot by the hoop building and AJ swung the gate shut.

We climbed into the RTV and headed up the road to see what she-nanigans the remaining sixteen heifers had gotten into. Halfway there we spotted one in our cornfield. Eventually we were able to let her back into the 40 through a gate in the corner of the cornfield. Everyone else showed up when we took corn to them. We found a gap in the fence where they likely got out, so we sort of fixed it. When Matt got there, we added some serious reinforcements.

The next morning we re-enacted the Exact. Same. Scenario. As we approached the red and black heifers this time, however, we tried to figure out how they had gotten out of the hoop lot. It was a simple matter to walk them back out there. They seemed to know where they were going this time, and we knew we were only dealing with these two incorrigibles. We couldn't see any open gates or other clues as to how they had gotten out, but ... hey ... wait a minute. There, standing innocently in the lot, were the red and black heifers we put in yesterday morning. Here in the barnyard with us were another red heifer and black heifer.

We looked at the first pair, then the second pair, then back at the first. I never did enjoy story problems. But here is one for the next edition of the McGraw-Hill math book. If Farmer Al has 14 black heifers and 4 red heifers on the 40, what is the mathematical probability that on 2 consecutive days, 1 red and 1 black heifer would get out and wander down the road to the home place?

We added that day's pair to yesterday's and hustled up the road to see if we could locate the real means of egress on the 40, since we obviously had not fixed it. When Matt arrived he set to building an electric fence. It took him most of the morning, but he constructed a very tight, very hot fence. That should do it.

The next morning I poured my coffee and walked directly to the window to look out. The house pasture herd was lying peacefully near the bale ring. I saw no extraneous cows along the fences. Just to be sure, I walked out to check on The Red and Black Gang. There were four heifers, two red, two black. As I walked back to the house, I couldn't help being a tiny bit disappointed that the heifers hadn't organized one more sortie.

On the other hand, I was grateful

for a day with no cows out. What are the odds of that?

- 2 teaspoon fresh lime juice
- 1 Tablespoon fresh cilantro
- 1/2 cup Cotija cheese
- 1 teaspoon kosher salt
- 1 teaspoon ancho chile powder

1. Combine oil, salt, pepper, garlic, Chile powder and paprika in small bowl to form a paste. Spread evenly onto all surfaces of beef Tri-Tip Roast.

2. Add wood chunks, chips or pellets to smoker according to manufacturer's instructions. Preheat smoker to 225°F.

3. Insert ovenproof meat thermometer so tip is centered in thickest part of roast, not resting in fat. Place roast in smoker, according to manufacturer's instructions. Set timer for 3 hours depending on desired smoke flavor. Smoke roast 2 to 3 hours for medium doneness. Carefully remove roast from smoker when meat thermometer registers 135°F. Let rest for at least 10 minutes. The temperature will continue to rise to 145°F for medium rare, 160°F for medium.

4. Carve roast across the grain into 1/2-inch thick slices. Serve alongside grilled corn Elote.

Grilled Corn Elote:

1. Place corn on grid over medium, ash-covered coals. Grill, 10 to 14 minutes (over medium heat on preheated gas grill, 8 to 10 minutes) turning on all sides. Remove corn and let cool. Carefully cut corn kernels from cob and set aside.

2. In a medium-size bowl combine, mayo, lime juice, seasoning, corn, cilantro and cheese; let chill covered, for at least 30 minutes or overnight.

Safe-Handling Tips:

- Wash hands with soap and water before cooking and always after touching raw meat.
- Separate raw meat from other foods.

BUDGET: HVAC the major expense

Continued from Page 1
important,” Wagner said.

Wagner outlined those numbers at the school board’s Aug. 29 meeting and the figures are on display in advance of the Sept. 26 board meeting, when a budget vote will be held.

Overall income for 2022-23 is projected at \$8,259,889 while expenses are projected at \$10,968,555, leaving the \$2.7 million deficit. A good chunk of that is the \$1.33 million being spent this year for bonds to pay for the new grade school HVAC system. Plus, the HVAC project is currently running \$300,000 above initial estimates due to material cost increases.

Another big chunk is due to the school pledging up to \$350,000 for the new Claude W. Keefer Industrial Arts Building. The cost of the building is estimated at \$700,000 and fundraising is underway that could help cut the district’s deficit spending on that project.

Other causes for a deficit are numerous. The district’s bus lease is more costly, two

new activity buses were purchased for \$114,224, gasoline and diesel costs have increased, salaries have increased and so have IMRF and Social Security costs, payment for hourly staff has gone up, health insurance increased by 15 percent and costs continue to increase for involvement with the Special Education Association of Peoria County.

Prospects for the future are very much dependent on enrollment figures remaining fairly steady, Wagner said. This year’s enrollment is 653 students, which is up 34 from last year but is down 43 from the 2015-16 school year. Wagner’s projected enrollment trends show a steady decline over the next few years to 624 students in 2025-26. Those levels are not concerning, he said. But if Elmwood’s enrolment were to decline closer to 500 it would trigger change, Wagner said.

“Our enrollment drives staffing levels,” Wagner said. “As the community succeeds, so does the school. And vice versa.”

PUBLIC RECORD

NOTE: Charges are merely an accusation. All suspects are presumed innocent until proven guilty in a court of law.

Police reports

• **FARMINGTON** – A Princeville construction worker was accused of cursing at and spitting in the face of a motorist, according to authorities.

Christopher M. Colvin, 46, was issued a notice to appear in Fulton County Circuit Court on allegations of battery and criminal damage of more than \$500 to property. Colvin was implicated in connection with an incident that happened about 2:30 p.m. Aug. 25.

The driver was stopped in the 1000 block of E. Fort St. for road construction when he attempted to turn around in an adjacent parking lot because he forgot something at home, he told the Farmington Police Department. That precipitated an argument with Colvin, who was operating a construction stop sign.

According to the driver, Colvin told him he would “kick his (expletive),” then spit in his face. Colvin admitted to the verbal altercation. During it, he said he took a deep breath and phlegm came out of his mouth, but he denied spitting at the motorist. Witnesses said they didn’t see Colvin spit.

The motorist claimed Colvin used the stop sign to damage his car, a 2014 red Ford Fiesta.

• **FARMINGTON** – A Farmington man was arrested for drunken driving after being found asleep behind the wheel of a vehicle, according to police. Arlie M. Morse, 47, had a blood-alcohol content of .177, more than double the legal limit, when tested at 7 p.m. Sept. 2 at the Fulton County Jail in Lewistown. He was arrested about three hours earlier in front of his residence in the 100 block of W. Pearl St.

Farmington police tracked down Morse after they received a complaint about someone driving erratically on Fairview Road south of town, according to a report. The vehicle, a 2000 Mercedes-Benz, swerved between opposite roadside ditches at least four times, according to the witness.

When an officer found Morse, the car radio was blaring music and the driver’s-side window was rolled down, the report stated.

Morse was accused of driving under the influence of alcohol, having a blood-alcohol concentration of .08 or higher, driving with a revoked

license and operating a vehicle without insurance.

• **ELMWOOD** – An Elmwood man was released from custody after Peoria County Sheriff’s Office personnel denied him confinement at the jail. Unspecified medical issues were the reason Jesse J. Eldridge, 38, was not booked into jail after he was arrested about 3 p.m. Sept. 1 in Elmwood.

A deputy was dispatched to the 100 block of W. Cedar St. on a report of someone screaming and yelling. When the deputy arrived, he found Farmington police officers and Eldridge outside the residence. Eldridge was wanted on a Fulton County warrant for retail theft, according to a sheriff’s-office report.

Eldridge was transported to the Peoria jail, where a nurse evaluated him. The nurse deemed Eldridge unfit for confinement. He then was transported to UnityPoint Health-Methodist in Peoria.

A Fulton County Sheriff’s Office representative told a Peoria deputy nobody would be able to come to the hospital to take custody of Eldridge. He then was released from police custody. There was no word regarding Eldridge’s medical status.

• **FARMINGTON** – A Farmington man was accused of punching another man and using a torch to shatter his automobile window.

Remington R. Isbell, 19, was arrested following those alleged incidents the night of Aug. 30. Isbell and others had been at a bonfire in Abingdon when he and the victim first argued. Witnesses said Isbell threw a torch at the driver’s-side window of a 2016 Chevrolet sedan.

Afterward, outside a residence in the 500 block of E. Court St. in Farmington, Isbell punched the victim repeatedly as he sat in the car, according to Farmington police.

Isbell was arrested and transported to the Fulton County Jail in Lewistown. He was charged with assault, battery and criminal damage to property.

• **PRINCEVILLE** – A man was accused of stealing a bottle of whiskey from a Princeville business. Justin D. Sherlock, 33, was arrested about 8 a.m. Aug. 25 and charged with retail theft, according to the Peoria County Sheriff’s Office. He was implicated in an incident that took place at American Liquor & Food, 615 E. Main St.

• **TRIVOLI** – A Fulton County man was transported to a Peoria hospital

following a two-vehicle accident in Trivoli. About 6 p.m. Sept. 1, Seth R. Vanpelt of Table Grove was driving a 2017 Nissan Versa west on Illinois Route 116 near Quarry Road when it struck the rear of a 2012 Chevrolet Silverado driven by Jaxxen C. Rife of Farmington.

Vanpelt said he accidentally shifted his vehicle into neutral, according to a Peoria County Sheriff’s Office report. Rife’s vehicle then slowed in front of Vanpelt’s.

Paramedics evaluated Rife, but he refused hospital transport, according to the report. Vanpelt was transported to OSF Saint Francis Medical Center for additional attention. The vehicles sustained respective rear-bumper and front-end damage. Vanpelt’s vehicle was towed.

• **HANNA CITY** – A two-vehicle accident west of Hanna City resulted in no injuries, according to the Peoria County Sheriff’s Office. About 2:30 p.m. Aug. 23 at Illinois Route 116 and Eden Road, a westbound 2022 Toyota RAV4 driven by Tina L. Bryan of Abingdon struck the rear of a 2016 Chevrolet Silverado driven by Thomas M. Fuller of Trivoli.

The vehicles were stopped for road construction when the flagger flipped his sign to “Slow.” After the vehicles began to proceed, the flagger switched his sign to “Stop.” That’s when Bryan’s vehicle struck Fuller’s, according to a report. Both vehicles sustained minor damage.

• **KICKAPOO** – Someone drove away from a Kickapoo-area gas station without paying \$37 for fuel, according to authorities. The incident happened about 11 a.m. Aug. 27 at Freedom Oil, 7200 N. Kickapoo-Edwards Rd.

• **FARMINGTON** – About 4:30 a.m. Sept. 3, Farmington police stopped Alexander P. Chernyshey, 26, of Avon as he drove a silver Toyota sedan on East Fort Street. The vehicle had no functioning registration light. Chernyshey was found to have an outstanding McDonough County warrant for failure to appear in court and failure to pay a fine. He was transported to the Fulton County Jail in Lewistown. Police transported a 14-year-old male passenger to his residence in Avon.

Marriage license

• Falon Gene Galindo and Shawn Robert DeBord, both of Princeville.

TIF: School stands to gain most

Continued from Page 1
Count Tannock among those who might be less than thrilled with the TIF status quo.

“A TIF district is a double-edged sword,” he said. “I understand it allows for development ... but the entities that affects and how it affects them is huge. We are a very small portion of that, but those numbers are huge when it comes to the fire department.”

The maximum life of a TIF district is 23 years, by state law. The downtown TIF was implemented following the 2010 tornado that caused about \$85 million in damage in Elmwood. TIF money has been used to help pay for downtown streetscapes and façade improvements, among other things.

About \$92,000 in downtown-TIF revenue was collected in 2021, according to Elmwood School Superintendent Chad Wagner. Of that total, about \$66,000 would have been eligible for the 50-50 split.

The school district is expected to be the primary beneficiary of the proposed TIF renewal. According to Wagner, the district would receive about an additional \$26,500 in each of the five years, based on 2021 TIF revenue. The Elmwood School Board endorsed the proposal last month.

“We just want to be a good neighbor to the school,” Davis said.

Elmwood Township would receive about \$1,600 a year under the proposed split, and Elmwood road and bridge would receive about \$2,100, according to figures Wagner provided.

In 2021, the school-district property-tax rate was about \$5.50 per \$100 of equalized assessed value. Other rates were 34 cents for the township, 43 cents for road and bridge and 57 cents for the fire-protection district.

The proposal also would explicitly prohibit downtown-TIF funds from being transferred to Elmwood’s other TIF district that includes the Fairground Acres subdivision at the north end of the city. That TIF expires in about four years.

“They want the downtown monies to stay downtown, which is what has happened,” Davis said about other taxing entities. “We would be willing to sign that and make that official.”

Fairground Acres TIF revenue in 2021 was about \$566,000, according to Wagner. That includes more than \$400,000 linked

to four local taxing bodies. If a TIF is active, its revenue can be used for its intended purpose, according to Davis. That is part of the rationale for the decade-long extension, although the city would receive a much smaller portion of the money for half that term.

The city would like to increase its ability to help fund potential downtown redevelopment beyond façades, Davis said. A point of interest is the vacant lot at Main and Magnolia streets. The tornado destroyed buildings there that once housed Elmwood Pharmacy, the Fair Store and Hometown Hardware.

“Redeveloping that lot has always been on our radar,” Davis said. “The TIF being alive for that (extra) five years still allows us to enter into a redevelopment agreement with a developer.”

“If there was a building that would need more extensive work inside, we would possibly be able to

help with that. We have projects and opportunities we have yet to realize. You never know when a developer might approach the city.”

Tannock’s goals for the potential money are less lofty. Increased TIF-related funding could help pay for new firefighting gear, which must be replaced every decade at a cost of \$75,000 to \$80,000, Tannock said. A proposed new fire truck might cost \$1.2 million.

As Tannock sees it, the city’s revenue-sharing proposal might fulfill a pledge made when the downtown TIF first was proposed. Tannock was assistant chief then, and he said he and the chief opposed it.

“The city told us to take one for the team – allow this to go into effect, and we’ll take care of you on the back end,” Tannock said. “Here we are 10 years later, and they’re wanting to extend it. That makes it hard for the team when the team has \$80,000 in gear to come up with.”

State offering low-income energy assistance

By **JERRY NOWICKI**
Capitol News Illinois

SPRINGFIELD — Low-income families in Illinois can apply for state assistance on their natural gas, propane and electricity bills.

The Low-Income Home Energy Assistance Program, or LIHEAP, has \$300 million available. Applications are available at helpillinoisfamilies.com or by calling 1-833-711-0374.

Information on other state assistance programs can be found on that website as well.

LIHEAP provides one-time payments directly to energy service providers on behalf of recipients.

Families who earn up to two times the federal poverty level are eligible for LIHEAP. That works out to a 30-day gross income below \$2,265 for a one-person household, \$3,052 for a two-person home, \$3,838 for a three-person home, \$4,625 for four

people, \$5,412 for five people and \$6,198 for six people.

The level of assistance received is needs-based, and last year's LIHEAP recipients received an average of \$1,330 per household, according to the governor's office.

• **EV rebates:** A state rebate program for the purchase of an electric vehicle remains open through Sept. 30, and the state announced this week a new rebate application window will open on Nov. 1.

The current round of funding opened on July 1, offering a \$4,000 rebate for individuals purchasing an all-electric vehicle and a \$1,500 rebate for an all-electric motorcycle. Applications for the first round of funding must be post-marked by Sept. 30 and submitted within 90 days of the vehicle's purchase.

The next round will open on Nov. 1 and run through January 2023.

The rebates don't apply to hybrids or vehicles not licensed for Illinois roads. It also doesn't apply to rented or leased vehicles.

The purchaser must reside in Illinois on the date of vehicle purchase and it must be purchased at a state-licensed dealer.

Documentation requirements include a copy of purchase invoice, proof of purchase, vehicle registration and IRS W-9 or W-8 forms. The purchaser must also own the vehicle for 12 months.

The Illinois Environmental Protection Agency, which administers the rebates, gives priority to low-income applicants whose income doesn't exceed 80 percent of the state median income and expedites grants to those individuals.

Thus far, as of Aug. 25, according to IEPA, the state has received 72 low-income applications and approved 22 of them. It had received 898 that didn't meet the low-income threshold.

More information is at www2.illinois.gov/epa/topics/ceja/Pages/Electric-Vehicle-Rebates.aspx.

On Tuesday, the state also announced the award of the first electric vehicle manufacturing-targeted tax incentives made possible by a law signed by Gov. JB Pritzker last year. The incentives come from the Reimagining Electric Vehicles Act, and will provide an estimated \$2.2 million in value to T/CCI Manufacturing in Decatur.

Respecting Tradition and Embracing Change

Serving families in and around the Princeville, Wyoming and Toulon communities for nearly 100 years

To the Electors of the State of Illinois:

The Illinois Constitution establishes a structure of government and laws for the State of Illinois. There are three ways to initiate change to the Illinois Constitution: (1) a constitutional convention may propose changes to any part; (2) the General Assembly may propose changes to any part; or (3) a petition initiative may propose amendments limited to structural and procedural subjects contained in the Legislative Article. The people of Illinois must approve any changes to the Illinois Constitution before they become effective. The purpose of this document is to inform you of proposed changes to the Illinois Constitution and to provide you with a brief explanation and a summary of the arguments in favor of and in opposition to the proposed amendment.

PROPOSED AMENDMENT TO ADD SECTION 25 TO ARTICLE I OF THE ILLINOIS CONSTITUTION ARTICLE I — BILL OF RIGHTS

SECTION 25. WORKERS' RIGHTS

(a) Employees shall have the fundamental right to organize and to bargain collectively through representatives of their own choosing for the purpose of negotiating wages, hours, and working conditions, and to protect their economic welfare and safety at work. No law shall be passed that interferes with, negates, or diminishes the right of employees to organize and bargain collectively over their wages, hours, and other terms and conditions of employment and work place safety, including any law or ordinance that prohibits the execution or application of agreements between employers and labor organizations that represent employees requiring membership in an organization as a condition of employment.

(b) The provisions of this Section are controlling over those of Section 6 of Article VII.

EXPLANATION

The proposed amendment, which takes effect upon approval by the voters, adds Section 25 to the Bill of Rights Article of the Illinois Constitution. The new section will guarantee workers the fundamental right to organize and to bargain collectively and to negotiate safety conditions, wages, hours, working conditions, and economic welfare. The amendment prohibits the passage of any new law within the State that restricts or prohibits workers from engaging in collective bargaining with their employer over wages, hours, and other terms and conditions of employment, like safety protocols or training.

Arguments In Favor of the Proposed Amendment

This amendment will protect workers' and others' safety. That includes guaranteeing nurses' right to put patient care ahead of profit and making sure construction workers can speak up when there's a safety issue. It will protect workers from being silenced when they call attention to food safety threats, shoddy construction, and other problems that could harm Illinoisans. This amendment protects firefighters and EMTs who put their lives on the line to protect Illinoisans. It means they get the training and safety equipment they need to do their jobs, and can speak out when they see a problem without fear of retaliation. This amendment will help our economy by putting more money in workers' pockets who join together and get raises. That will mean more money going into our communities and small businesses as people join the middle class with good-paying jobs.

Arguments Against the Proposed Amendment

A fundamental right provided to all citizens under the First Amendment of the United States Constitution is the right to free speech and freedom of association. This amendment prohibits any law or ordinance that allows union workers to choose whether they wish to be a member of the union or not. Under the 2018 United States Supreme Court decision *Janus v. Illinois AFSCME*, non-union government workers cannot be required to pay union dues as a condition of working in the public sector. Approval of this constitutional amendment will deny that protection to private sector workers. The amendment also states that lawmakers could never "interfere with, negate, or diminish" certain rights. These terms are broad and undefined and leave lawmakers without the ability to clarify through legislation. Our Illinois Constitution provides such protection to public employees. The result of that protection has been to squash efforts by state lawmakers and voters to address Illinois' pension fund deficits.

FORM OF BALLOT

Proposed Amendment to the 1970 Illinois Constitution

Explanation of Amendment

The proposed amendment would add a new section to the Bill of Rights Article of the Illinois Constitution that would guarantee workers the fundamental right to organize and to bargain collectively and to negotiate wages, hours, and working conditions, and to promote their economic welfare and safety at work. The new amendment would also prohibit from being passed any new law that interferes with, negates, or diminishes the right of employees to organize and bargain collectively over their wages, hours, and other terms and conditions of employment and workplace safety. At the general election to be held on November 8, 2022, you will be called upon to decide whether the proposed amendment should become part of the Illinois Constitution.

YES

Thank You

We are so grateful for the tremendous outpouring of cards, food, calls, texts, and donations for the recent passing of Pat "Howie" Kelch. The generosity of this community and our friends and coworkers is overwhelming. We would like to say a special thank you to Father John Verrier and Deacon Ray Burton for the beautiful funeral mass. Thank you, also, to the ladies of St. Joseph's Church for your hard work on such a wonderful dinner after the services. It allowed for us to gather and visit and share memories of Pat. God bless you all.

OBITUARIES

Roger A. Goodwin

ELMWOOD – Roger Alan Goodwin, 89, of Elmwood, passed away on Thursday, Sept. 1, 2022, at Unity Point Health-Proctor in Peoria. He was born on Aug. 20, 1933, in Peoria, a son of Lawrence and Marvella (Smith) Goodwin. He married Dolores Berry on Oct. 21, 1955, in Peoria. She survives.

Roger is also survived by his two children, Lynette Long of Elmwood and Christopher (Jenni) Goodwin of East Peoria; four grandchildren, Justin, Caitlyn, Aaron and Hannah; and four great-grandchildren, Charlie, Sam, Kennedi and Ava.

He was preceded in death by his parents and a sister, Sherrill.

Roger was a graduate of Woodruff High School in Peoria. He then served his country in the United States Army.

Roger last worked as the district manager for the Peoria Journal Star, retiring in February of 1995.

He was a member of St. Patrick Catholic Church in Elmwood and was a past member of St. Joseph Catholic Church in Brimfield. Roger was a Fourth Degree member of the Knights of Columbus. He was also a past member of the University Avenue East Neighborhood Association, West Bluff Neighborhood Association and the West Bluff Council.

Cremation has been entrusted to the Davison-Fulton Woodland Chapel in Peoria. A memorial service will take place at a later date.

Online condolences may be left for Roger's family at www.davison-fulton.com.

Alice L. Johnson

PEORIA – Alice Louise Bleichner Johnson, 98, passed away Monday, Sept. 5, 2022, at 6:39 a.m. at River Crossing in Peoria. She lived in the Hanna City-Peoria area most of her

life and recently resided at Evergreen Senior Living for the past two years.

She was born Feb. 1, 1924, at Oak Hill, Ill., to Carl Rudolph and Mamie Albine (Rupp) Bleichner. She married Benjamin Clarence Johnson on Nov. 12, 1955, at St. John Lutheran Church. He preceeded her in death on Nov. 19, 1981. She is also preceded in death by her parents and her siblings and their spouses, baby sister, Robert (Ann) Bleichner, Clifford (Eleanor) Bleichner, Ruth (James) Smith, Harold (Mardell) Bleichner, Glen (Lois) Bleichner and Merle Bleichner

She is survived by her only daughter, Carol L. and her husband Andy Cowser; 4 grandchildren, Cheryl (Derek McFarland) Walsh, Alan (Katie) Cowser, Aaron (Kelly) Cowser of Princeville and Adam

(Elizabeth) Cowser of Elgin. She is also survived by 11 great grandchildren, Reagan and Rylie Walsh of Princeville; Alyvia, Colson and Kendall Cowser of Princeville; Kinsley, Brenner, Brooks and Briggs Cowser of Princeville; and Ailish and Cillian Cowser of Elgin. Also surviving is a sister in law, Juleen Bleichner of Byron, Minn.; and many nieces and nephews, including great niece Brianna who checked in on her to learn more about the Bleichner family, and great-great nieces and nephew Ashlynn, Ty and Brinnley McFarland, who she had the pleasure of getting to know. She had many cousins, especially Betty and Eileen who kept in touch with her.

Alice walked to Moore Grade School near Oak Hill all eight years. As a young girl, she worked for Art Windish picking strawberries. After graduating grade school, she worked for Almeda Nickerson doing housework and looking after her children. This job allowed her to go to Elmwood High School and to graduate

salutatorian with the class of 1942.

After graduation, she walked to ride the Caterpillar bus on Route 8 each day to Peoria to attend the Brown's Business College on Jefferson Street. After a few months she was hired as a secretary to work for the Peoria County USDA Farm program ASCS office located in the Farm Bureau Building. She worked this job for 47 years and knew every farmer in Peoria County.

After retiring, she continued to work another 15 years for Peoria County Soil and Water. In retirement she enjoyed being with her grandchildren and taking her first airplane ride at age 73 to go to Disney World. She also enjoyed activities at St. John Lutheran Church. These included leisure group, Sunday School, church, sewing blankets, ladies group and potlucks.

As one of the oldest members of the Farm Bureau, she enjoyed spending time with the "Prime Timers." She also enjoyed her "bus trips" with her brother, Clifford, and wife Eleanor. Alice was a true farmer, seeing the ups and downs of farming. She always wanted to know how the crops were and was thrilled to see the next generation farming the family farm. She loved her family.

Funeral services will be Friday, Sept. 9, 2022, at 11 a.m. at the Davison-Fulton Woodland Chapel in Peoria. Rev. Michael Jones will officiate. Visitation will be from 9:30 a.m. until time of services at 11 a.m. on Friday.

Burial will be in Parkview Cemetery in Peoria.

Memorials may be made to St. John Lutheran Church, Bartonville, Ill.

You may view Alice's obituary online at www.davison-fulton.com.

OBITUARIES

Ill. Ray passed away on Dec. 5, 2017. Barb and Ray enjoyed a wonderful marriage spanning over 65 years.

Barb was a loving wife, mother, grandmother and great-grandmother. Barb loved spending time with her family. She loved to laugh, entertain, play bridge, travel and play golf. Barb treated all persons the same and was kind to everyone. Barb was a wonderful, caring person who was loved by her family and many friends. She will be sorely missed.

Barb was born Sept. 17, 1929, in Elmwood. She was the fourth of five children of George and Marie Shissler, who farmed in Elmwood.

After graduating from Elmwood High School in 1947, Barb attended the University of Illinois in Urbana. In 1951, she earned a bachelor's degree in education.

In 1953, following Ray's service in the U.S. Army during the Korean conflict, Barb and Ray moved to the Chicago area, where they raised their family in Lombard.

In addition to raising her family, Barb had two distinct careers. Her first was as an educator. She taught high school home economics at Glenbard East High School in Lombard for over 20 years. Barb always enjoyed working with and teaching kids.

In the late 1970s, Barb retired from teaching and began her second career as a travel agent. Barb always enjoyed traveling, from the time she worked one summer during college at Estes National Park in Colorado, to Barb and Ray taking their boys on road trips every summer through the United States. Working as a travel agent was a natural fit for her, which she did for almost 10 years.

After retiring, Barb and Ray spent 25 years in Fort Myers, Fla., where they played countless rounds of golf at The Hideaway and enjoyed making many new friends. In 2011, Barb and Ray moved to Walnut Creek, Calif. In 2020, Barb moved to

Spokane.

Barb was a lifelong member of the P.E.O. Sisterhood.

Barb is survived by her three sons, Steven (Dionne), The Woodlands, Texas, Douglas (Ruby), Spokane, and Randall (Sharmila) New Delhi, India; four grandchildren, Tori (Nikolas) Keramidas, Brett (Allison), Todd (Anna Lauren) and Safia; six great-grandchildren, Lukas, Connor and Leonidas Keramidas, Grace and Emma Livingston and Daniel Livingston; and her younger brother, Robert (Nancy) Shissler, of Bloomington, Ill.

Doris Walters

FARMINGTON – Doris Walters, 89, of Farmington, passed away at 11:56 a.m. on Saturday, Sept. 3, 2022, at her residence.

She was born on May 3, 1933, in Trivoli, a daughter of Floyd and Hazel (Stevenson) Archdale. She married W. Dean Walters on Jan. 1, 1950, in Canton. He preceded her in death on Oct. 5, 2008.

Also preceding her in death were her parents; one daughter, Peggy Cruise; two brothers, Gerald Archdale and Dale Archdale; and one sister, Betty Cook.

Surviving are her children, Karen Kenney of Farmington, Michael (Anna) Walters of Marshall, Ind., and Harold (Brandy) Walters of Canton; 8 grandchildren; 11 great-grandchildren; 5 great-great-grandchildren, and 1 son-in-law, John Cruise of Farmington.

Doris worked and retired from being a school bus driver, after many years of service, was of the Methodist faith, a member of the Farmington American Legion Women Auxiliary and the Women of the Moose in Farmington.

Walters

Celebration of life for Doris will be held from 2-4 p.m. on Sunday, Sept. 18, 2022, at the Farmington Moose Lodge in Farmington. Cremation rites will be accorded through Sedgwick Funeral Homes & Crematory in Canton.

Burial of ashes will be held at a later date in Oakridge Cemetery in Farmington. Memorials can be made to St Jude Children's Hospital or to the Women of the Moose in Farmington.

Ann Schoon

GLASFORD – Ann Schoon, 89, of Glasford, passed away Wednesday, Aug. 31, 2022, at Red Oak Estates in Canton. She was born on Jan. 24, 1933, in Canton, to Vincent and Catherine (Fraune) Geier. They preceded her in death.

She is survived by her husband John Schoon, whom she married on March 24, 1953. Also surviving are two children Jim (Susan) Schoon of Tucson, Ariz, and Pam (Matt) Price of Congerville Ill.; three sisters, Mary McCoy, Helen McCloskey and Rosie Shawgo; seven grandchildren; eight great-grandchildren; and one great-great-grandchild.

Also preceding her in death are three children, Valorie Schoon, Cheryl Knussman and John D. Schoon; three brothers, Bill, Carl and Joe Geier; and one sister, Gert Schoon.

Ann retired from Caterpillar after 41 years of service. She last handled product transportation. She was a proud farm wife, and enjoyed volunteering for the Men's Ministry in Peoria, where she would prepare meals.

A funeral service was Tuesday, Sept. 6, 2022, at Trivoli United Methodist Church in Trivoli. Burial followed at Trivoli Cemetery.

FOOTBALL: Farmington, Princeville faster, more aggressive in wins

Continued from Page 20

After that second goal-line stop, E-B embarked on an 18-play drive. R-I recovered a late fumble at its 10 and quarterback Tyler Bickerman attempted a couple of passes, but E-B intercepted his final effort.

Early, it looked as if points might be plentiful. The teams traded touchdowns in the first 2½ minutes of the game. But Layne Durst's 4-yard scoring run one minute before halftime gave E-B a lead it didn't relinquish.

Frail finished with 15 carries for 114 yards. He was among seven Trojan ball carriers who combined for 316 yards.

"It's a bunch of unselfish guys. Every one of those dudes is used to being the guy that's on the field," Coach Hollis said. "I've told them, 'We have a bunch of good running backs and you don't know when I'm putting you back in, so you better really get after it.' And they did."

Farmington 58, Havana 8

FARMINGTON — One week after losing in sluggish fashion, the Farmers came out playing with their trademark speed in this Prairieland Conference blowout.

The first big play came after Havana (1-1, 1-1 Prairieland) had scored to tie the game 8-8. On the ensuing kickoff, Farmington senior Logan Morse ran 80 yards up the center of the field to put Farmington ahead for good.

The Farmers scored five more times in the first half before backups took over.

"We played much faster than

the week before," Farmington Coach Toby Vallas said. "Playing fast has kind of been our thing."

In addition to Morse's kick return, the Farmers scored twice on long plays — one a 37-yard pass from Gage Renken to Jerett Fauser, the other a 30-yard run by Lane Wheelwright.

And while Renken completed 8 of 13 passes for 125 yards and two scores and ran for another TD, he let his backfield do most of the work in racking up 221 rushing yards. Starting backs Rese Shymansky (63 yards) and Logan Utt (51 yards) had most of the carries, while backup QB Lane Wheelwright led with 79 yards.

Vallas also praised his special-teams unit, which twice pinned Havana inside its 10-yard line and got a kick return for a score.

Next up for Farmington is a long trip to 0-2 West Hancock, which has been outscored 98-12.

"We need to play better on the road. That's my challenge for these guys," Vallas said. "Everybody is good at home."

— Jeff Lampe

Princeville 44, United 20

PRINCEVILLE — If more speed was the goal for Farmington after a tough first week, more emotion and excitement were lacking ingredients for the Princes (1-1, 1-1 Lincoln Trail).

"We talked about it all week — you have to come in the game with more excitement and more emotion," Coach Jon Carruthers said. "Our whole mentality was different. They came out better and ready to play."

Sam McMillen (77) and Tanner Kenney (23) contend with a handful of Havana players in Farmington's 58-8 win last Friday. Photo by Dave Giagnoni.

Princeville stopped United on its first drive and three plays later took the lead for good on an 83-yard touchdown pass from Logan Carruthers to Jordan Johnson.

"We ran an outside wheel route and it was a good pass and a nice catch and Jordan had a really good run afterwards," Coach Carruthers said.

After giving up a TD to United midway through the first quarter, Princeville ran off four straight scores to lead 36-6. In that stretch, the Princes got two TDs from JT Snyder on runs of 9 and 10 yards, a 71-yard kick return by Johnson and a 7-yard run by Torrence Kieser. Kieser later closed out the scoring for Princeville on a 79-yard kick return and finished with a game-high 112 rushing yards.

"They were trying to take away the outside run with Kieser and JT Snyder stepped up and pounded the ball pretty well," Coach Carruthers said.

Carruthers was also happy with his defense. "They flew around a lot better than they did week one.

The defensive line played well and the linebackers are coming around."

Next up comes a road test at Annawan-Wethersfield (2-0, 1-0), which topped United 35-16 and routed West Hancock, 60-6.

"We should be in a good battle," Coach Carruthers said.

ROWVA-Williamsfield 42 Dupo 16

ONEIDA — Opportunistic defense and diversified offense helped ROWVA-Williamsfield to a second victory.

The Cougars had touchdowns from six different players against a non-conference opponent from the St. Louis area. Dupo won its opener but had five turnovers after making the 230-mile trip north to Bill Adams Field.

Among four R-W interceptions was one Bryan Bertlshofer returned 37 yards for a fourth-quarter TD. It was one of three scores in that period for R-W, which led 21-8 at halftime.

Gage Aldred had the first interception for R-W, as Dupo was

driving for a touchdown. According to R-W Coach Grant Gullstrand, Aldred tipped the ball with one hand, ran under it and grabbed it.

"I'm not even sure we had 10 turnovers as a team last year," Gullstrand said about his defense. "They're doing a good job of not giving up big plays. When you don't give up big plays and force teams to go on long drives, the possibility of them making a mistake and you capitalizing goes up."

The picks helped R-W recover from a slow start, according to Gullstrand. Dupo was able to move the ball effectively and led 8-7 in the second quarter. But Luke Nelson scored from 1 yard to give R-W the lead for good.

Riley Danner passed for 186 yards, on 8-for-10 accuracy. He and Jaxon Sharp connected for a 78-yard second-quarter TD. Nolan Coverdill ran for a touchdown and had an interception.

All of it helped the Cougars take only two games to match their victory totals from each of the past two seasons. Also undefeated so far is Macomb, which plays Friday at R-W in the Cougars' final non-conference game this year. Macomb has allowed only 12 points and scored 76.

"We're going to have to learn how to play for four quarters and keep doing what we're taught to do and keep flying to the football," Gullstrand said. "That's probably been the thing we've done really well this year — winning the turnover battle."

— Nick Vlahos

ALL-SPORTS ROUNDUP

E-B runner has won first three XC races

By The Weekly Post

NORMAL – Elmwood-Brimfield junior Isaiah Hill is 3-0 so far this cross country season after running to two more wins last week.

Hill started the week placing first at Metamora's Black Partridge Park with a time of 15:48.4 for 2.94 miles and ended it by winning the 3-mile Normal Community Open at Maxwell Park in 15:58.

The Elmwood boys team placed second at Metamora behind Eureka (32-62) and was third with 69 points at Normal behind the host team's 67 and El Paso-Gridley (35).

Hill

At Normal, freshman Aiden Faulkner placed 15th in 17:39 and other scoring runners for E-B were senior Brendan Williams (19th, 17:46), sophomore Mika Nelson (21st, 17:48) and junior L.J. Higgs (25th, 18:03).

At Metamora, Nelson (11th, 17:07.9) ran second for the Trojans ahead of Williams (13th, 17:13.2), Faulkner (15th, 17:18.5) and sophomore Reed Florey (22nd, 17:45.2).

The E-B girls were fourth at Metamora as junior Addie Symonds placed second in 19:12.1 and was followed by sophomore Olivia Stage (13th, 20:52.8), freshman Natalie Babcock (18th, 21:14.3), senior Chloe Kelly (20th, 21:19.3) and senior Ashley Wolcott (23rd, 21:55.8).

Symonds was battling illness and did not run at Normal, where the E-B girls placed fifth and were led by Babcock's 17th-place showing in 21:36. Other scoring runners were freshman Addy Turner (21st, 21:49), Kelly (27th, 22:18), Stage (29th, 22:21) and Wolcott (37th, 22:45).

"Symonds had a great race on (Aug. 30) and competed well with an all-stater from last year in Eureka's Laurel Munson," E-B Coach Kyle Anderson said. "Natalie Babcock and Addy Turner had very good weeks in racing."

Elsewhere, Princeville junior Joey Bosch was fourth at the Canton Little Giant meet at Big Creek Park in 18:12.1 and Farmington freshman Dax Ulm was seventh in 18:46.3. Neither school fielded enough runners to compete for a team score.

Other top finishers for Princeville were junior Parker Melick (15th, 19:49.7) and senior Alex Delwiche (30th, 21:52.1). Princeville had five of the top eight finishers to win the frosh-soph race led by Tucker Sennett (2nd, 18:35.2). Farmington had two in the top 10.

The Princeville girls placed third at Canton behind Pekin and Quincy Notre Dame and were led by sophomore Alyvia Cowser (6th, 21:38.2). Other scoring runners were senior Kyra Hilsabeck (14th, 23:37.5), sophomore Montana Hoerr (16th, 23:48.4), junior Makenna Sears (20th, 25:10.7) and junior Brinae Rice (25th, 25:57.2).

"Several of the girls ran faster than they did on this course last year, so that was an encouraging sign," Coach Jeremy Melick said.

Junior Trena Austin (28th, 26:34.2) was the fastest girl for Farmington.

E-B, Princeville and Farmington all ran at the First to the Finish race Saturday at Detweiller Park in Peoria.

• **Golf** – The ROWVA-Williamsfield boys and girls each won golf matches in the past week.

On Sept. 1, R-W topped North Fulton at Oak Run Golf Course, 209-249. Avery Rigg was medalist with a round of 45, Clara Kuelper shot 50 Emily Little carded a 53 and Sidney

Stiers was at 61.

On Aug. 31, the girls were second in a five-team match at Fyre Lake, placing behind Sherrard, 224-257. Rigg led with a 53 and was followed by Kuelper (67), Stiers (67) Little (70) and Casey Powell (70).

The R-W boys won Aug. 31 at Oak Run over Delavan, 176-182. Cade Farquer led the Cougars with a 4-over-par 36 and was followed by Preston Lafary (42), Jake McGarry (45) and Lance Trotter (49).

The R-W boys tied North Fulton on Sept. 1, 171-171, but placed second on a fifth-score playoff. McGarry shot 38 to lead R-W with Farquer firing a 41 and Trotter and Lafary both shooting rounds of 46.

The Princeville girls combined for a 225-stroke total to win on Aug. 31 at Maple Lane Country Club in Elmwood. The Lady Trojans were third with 229 strokes. Elmwood's Ellie Claerhout was medalist with a 46 and was followed by Maddie Conklin (57), Addie Powers (63) and Olivia Dray (63).

Tanner Wake was medalist for the Elmwood boys Aug. 31 at Maple Lane, with one birdie and one bogey in a round of 37. The team was second to North Fulton, 170-181, and other scorers were Kuper Bolton (43), Ryan Centers (48) and Anthony Guppy (53).

Wake also tied as medalist with a 37 on Sept. 1 as the boys and girls finished second in team play against Illini Bluffs at Coyote Creek. Conklin led the girls with a 55 and Claerhout shot 57.

"It was a rough go for some of our beginners as they have never seen a course this difficult," Elmwood Coach Stephanie Colgan said.

Farmington's Jenny Noggle shot a 62 at Fyre Lake on Aug. 31 while Ella Smith was at 63.

BHS traveled to Prairieland foe Havana on Tuesday and had a rough night of it in the 25-4 and 25-20 setback. Roling paced Brimfield in kills, while Doe led in assists.

Brimfield's next game is tonight, Thursday, at non-conference foe Kewanee Wethersfield.

Elmwood

Elmwood ran into fierce competition at the Richwoods tournament on Saturday. The Lady Trojans fell in three sets to Richwoods Green twice. EHS also was swept by Pekin and Downs Tri-Valley. The team picked up a sweep over Canton 25-17 and 25-22.

For the tournament Maci Marincic had 7 ace serves, 15 kills and 18 digs. Liv Meyers collected 7 aces, 18 kills and 8 blocks. CeCe Conklin had six aces. Bella Cantorna collected 46 assists. Kate Yemm had 20 assists and 24 digs. Etta Wagner dug 11 off of the floor and blocked 5. Amelia Penny-Baldoni added four blocks on the day.

Elmwood topped ICAC opponent Illini Bluffs 26-24, 25-22 at home last Thursday

"We were very happy beating a team of this caliber," Elmwood Coach Felicia Appell said.

Penny-Baldoni had seven kills and nine digs. Meyers and Yemm each had five digs. Wagner blocked four

and had five digs. Cantorna assisted on five scores. Marincic served two aces and had nine digs.

The Lady Trojans took the first set 31-29 but dropped the next two 25-11 and 25-22 to ICAC rival ROWVA-Williamsfield on the road on Aug. 31.

Wagner scored on 12 kills and collected 13 digs. Marincic had six kills and 20 digs. Meyers had 17 digs. Cantorna had 15 assists, and Yemm finished with 13 assists.

Elmwood got a Prairieland victory on Aug. 30 at Lewistown 25-23, 25-17. Wagner had nine kills. Penny-Baldoni killed eight. Meyers blocked two. Yemm assisted on 16 scores, while Cantorna picked up 10 assists.

EHS will next travel to Prairieland foe South Fulton on Tuesday.

Farmington

Farmington fell 25-16, 25-11 at Abingdon-Avon last Thursday in Prairieland action.

Bella Archdale and Alayna Keefer each had an ace serve. Keefer also had seven assists. Brienne Baird collected six digs.

The Lady Farmers came up just short at Illini Bluffs 25-18, 25-19 on Aug. 30 in a non-conference matchup. Bobbi Jo Clark served two aces. Madilyn Hanlin collected five assists and seven digs. Archdale blocked two, and Izzy Nordwahl got three kills.

FHS next hosts Prairieland rival Peoria Heights tonight.

ROWVA-Williamsfield

R-W defeated ICAC opponent Delavan 20-25, 25-16 and 25-13 on the road last Thursday.

"It completed a 3-0 week for us. We made adjustments from three losses during the first week, learning how to win close games," R-W assistant coach Jaime Trotter said.

Sawyer Secrist scored on 12 kills. Natalie Gonzalez assisted on 17 scores. Lizzie Johnston defended with 17 digs. Angelina Adame blocked six, and Chloe Secrist had 14 service points.

The Lady Cougars won at Elmwood in three sets, 29-31, 25-11 and 25-22 on Aug. 31 in ICAC play.

"We finished a tough set to get the win," Trotter said. "It was our best team effort so far this season. Elmwood Coach Felicia Appell is a very good coach and always brings it."

Sawyer Secrist got 16 kills. Gonzalez had 25 assists. Adame collected 14 digs, while blocking five.

R-W won at Peoria Heights on Aug. 30. Sawyer Secrist killed 10. Chloe Secrist had 12 digs. Gonzalez collected 17 assists.

"It was our first win. It felt good," Trotter said.

Next up for the Lady Cougars will be a visit to ICAC rival North Fulton on Monday.

Local win Princeville VB tops Brimfield

By PHIL JOHNSON
For The Weekly Post

In its only match of the week, the Princeville volleyball team got the best of rival Brimfield in a hard-fought 25-23, 25-18 non-conference win on the road.

Brooke Ladd had a big night for Princeville with six kills, four ace serves and six blocks. Bethany Urbanc added six kills and nine digs. Brenna Schupbach set up with 20 assists in the win.

The Lady Princes will next take on Lincoln Trail foe West Central on Monday on the road.

Brimfield

Brimfield swept non-conference opponent Midwest Central 25-13 and 25-11 at home last Thursday.

“We had a tough week with three matches in a row,” Brimfield Coach McKenna Weaver said. “We have tried several new lineups that are still in the

process of getting to the groove, but I'm pleased with the direction we are headed.”

Ella Florey had seven ace serves and five kills. Hannah Burkitt assisted on six scores. Elly Doe got five assists. Ella Roling scored on three kills. Ava Heinz and Ava Simpson

each defended with two blocks in the win. The Lady Indians fell to Princeville 25-23, 25-18 in non-conference action last Wednesday.

For the home team Florey led in kills with six, while Doe contributed 11 assists in the effort.

Goal-line stands lift E-B

Farmington, Princeville bounce back from losses

By JEFF LAMPE and
NICK VLAHOS

For The Weekly Post

ELMWOOD – For Elmwood-Brimfield, its football game Sept. 2 against Rushville-Industry might have been a tale of two goal-line stands.

On consecutive second-half drives that breached the 10-yard line, R-I couldn't score. In between was a big E-B offensive burst that helped it secure a 20-6 Prairieland Conference victory.

With 2:56 left in the third quarter, Aiden Frail's 48-yard touchdown run and Rohman Mitchell's subsequent two-point conversion ended the scoring.

The touchdown and the red-zone stoutness helped provide the best of times for the Trojans. They're 2-0 heading into a Prairieland home game Friday night against South Fulton, seeking to end a two-game losing streak to the Rebels.

“(Our) guys made big plays, and it was on both sides,” E-B Coach Todd Hollis said.

Logan Morse took this kick return 80 yards to paydirt in Farmington's 58-8 win over Havana. Photo by Dave Giagnoni.

R-I (0-2, 0-2 Prairieland) controlled possession for most of the third quarter and the start of the fourth. Trailing 12-6, the Rockets launched a 12-play drive to begin the period and moved the ball from the Trojans 40-yard line to first-and-goal at the 9.

But E-B allowed Jake Etter minimal gains on third and fourth down, and the hosts took over at their own 3. Six plays and 49 yards later, Frail had his long run.

On the ensuing drive, R-I advanced from the E-B 46 to the 7. But R-I gained nothing on third-and-3, and the fourth-down attempt came up about 8 inches short. Credit an E-B defense that included Jacob Avery, Caleb Hollis, Travis Howard and Aaron Brown.

“Since I've been at Rushville, once we get it in the goal line, we've been pretty sure to put it in,” sixth-season R-I Coach Brian Laferty said. “But give them credit – they stiffened up and they stopped us.”

“We knew how important it was to score right out of the half. And they gave us great field position to start, and we didn't score.”

Frail, who also plays defensive back, suggested goal-line stands don't faze him or his teammates.

“We just know that right then and there, we've got to give it our all,” Frail said.

“We can stop any team anywhere on the field, as long as we put our minds to it. I'm never worried on the distance at all.”
