Maricle and Webb face off in Fulton County sheriff race

By NICK VLAHOS

For The Weekly Post

LEWISTOWN – In their jobs at the Fulton County Sheriff's Office, Ryan Maricle and Jon Webb have worked side-by-side.

In the election for Fulton County Sheriff, Maricle and Webb are on opposite sides. Either Maricle or Webb will become the first new sheriff in Lewistown, the county seat, in 16 years. Four-term incumbent Jeff Standard isn't running for re-election.

Election day is Nov. 8.

Webb, a 36-year-old Republican, is a sergeant who helps han-

dle felony investigations, among other duties. A graduate of Lewistown High School and Western Illinois University, Webb was a part-time police officer in Lewistown who joined the sheriff's office in 2011.

"I've dedicated, basically, my life to the county and keeping the county safe," Webb said.

Webb resides in rural Lewis-

town with his wife, Katelyn, and their three sons.

Maricle, a Democrat, turns 43 on Nov. 2. The graduate of Farmington Central High School and WIU joined the sheriff's office in 2004 and has been a part-time police officer and chief in Astoria. He is the senior road-patrol deputy in the sheriff's department but has had his eyes on bigger prizes.

"People always asked me, 'Are you going to run for sheriff someday?' I said, 'Yeah,'" Maricle said. "If you love your career and you know your career, what better way to honor your

Maricle

Webb

community than to be the leader of the career that you love?"

Maricle and his wife, Toni, reside in the Wee-Ma-Tuk development west of Canton.

Webb said drugs and the impending elimination of cash bail in Illinois are the two biggest issues in the race. The latter issue

will force deputies to spend more time tracking down suspects to notify them about court dates, among other problems.

According to Webb, proliferation of methamphetamine has changed the public-safety calculus since his childhood days on his family's farm.

"If I was visiting a friend's house in Lewistown, I never worried about riding my bike," Webb said. "But we're starting to see that big-city crime from Peoria and Chicago. It's starting to spread a little bit.

"My goal is to keep out the vi-

YATES CITY – A day of reckoning is likely coming for water rates here, but the village board is seeking input from residents to mitigate the expense.

So far, those attempts have not succeeded very well. Response to an income survey has not been strong enough to gather needed information to qualify for a \$1.5 million Community Development Block Grant that could help pay for a new well and reservoir. While the income level reported so far qualifies for the grant, another 50 or so responses are needed.

In an effort to get those replies, Trustee Mark Hostetler said at the board's Oct. 12 meeting that he would go door to door.

Hostetler is also seeking re-

Raccoons: Love them or hate them, Illinois has plenty!

If it seems as though there are plenty of masked bandits in Illinois, that's because there are. Raccoons are found in every county in greater numbers than when European settlers first arrived.

No wonder almost anyone you talk with – in the city or country – has at least one raccoon encounter tale to tell.

According to the Illinois Department of Natural Resources, "The number of

raccoons in Illinois has increased dramatically since the 1930s." Populations of 9-45 raccoons per square mile are common in Illinois, with fall estimates of

more than 100 raccoons per square mile in parts of Cook, Kane, and McHenry counties.

WILLIAMSFIELD – The Williamsfield School Board recently approved buying one refurbished electric school bus and possibly more.

Meeting on Oct. 11, the Billtown board voted to buy a repowered Sea Electric IC-bus from Midwest Transit for \$198,542. The bus

can hold 65-71 passengers, has an estimated range of up to 150 miles between charges and comes with an eight-year, 150,000-mile battery warranty and a five-year, 100,000-mile motor warranty.

The board also voted in favor of purchasing more electric buses to replace its current fleet based on two conditions: 1.

SHERIFF: Two ex-Fulton Co. sheriffs back Webb

Continued from Page 1
olent crime and cracking down on the drug dealers and trying to stop all this meth coming into the county."

If elected, Webb intends to reinstitute the sheriff's-office canine program, which assisted drug interdiction. The program, which Webb said was expensive, was not continued after the previous dog was retired. Webb also intends to focus on local candidates for open sheriff's-office positions.

"If we recruit a kid from Canton, he may stay longer than, say, someone who goes to school at Western but actually is from up north," Webb said.

Maricle said drugs and the burglaries that stem from them are major Fulton County issues. He was on the drug task force for seven years.

"The majority of my cases were meth, which leads to, 'I've got to get my drug fix, so I've got to rob somebody's house,'" he said.

"A lot of the questions I get are 'How can we combat meth?' I'm not going to tell you something to satisfy you. I say, 'Listen, it's not a very good winning battle, but we've just got to keep in the battle.' ... You've got to keep plugging away and keep trying."

Fulton County Jail maintenance requires

more attention, according to Maricle. Standard referred to the jail's age, about 35 years, in discussing with the Peoria Journal Star the escape of four prisoners in 2021. All four were captured.

Maricle also said he'd attempt to improve the department's communication with Fulton County residents.

"I'm very good with people. I can talk with anybody," Maricle said. "You put your communication skills along with your knowledge and experience. The public is going to be like, 'Why didn't this person stay in jail?' I'm going to have to communicate with them and explain."

Communication between Maricle and Webb in the workplace has been sufficiently cordial, both candidates suggested. Webb said he's assisted Maricle on some drugs cases. Maricle called Webb a wonderful guy and an excellent police officer.

But their current boss, Standard, has endorsed Webb. So has Standard's predecessor, Dan Daly. He and Standard are Democrats, unlike Webb.

"They ran under the Democratic Party, but

their decision to back me was based on my work ethic and commitment to the community," Webb said. "They didn't have any problems crossing party lines to do that. They feel I'm the best person to fill their shoes."

Maricle said he never has asked his colleagues to support him publicly. He cited the 2006 election, in which Standard first won office, as problematic.

"It divided our department. It was a very horrible work environment," Maricle said.

Still, both candidates said they would be fine with remaining in the department if they don't win. Webb said. "I have no intentions of leaving, because I want to help the community I grew up in. I don't think that person would have that passion to help out another community if you don't live in it."

Said Maricle: "It would be different if we were vindictive people. And we're not. If you let this get in the way, you're not doing your job correctly and letting your personal life affect your job. That doesn't work in law enforcement."

Of art and nature, shrews & early snowfalls

Rambling through central Illinois pondering early snowfalls.

It's easy to be awed when you travel west to Montana and Wyoming. Jaw-dropping scenery makes you almost jaded after awhile. Not so in Illinois, where scenic spots are at a premium. Ahh, but fall is a great equalizer. With a backdrop of color, even a mundane place can become dramatic. And a truly scenic spot like the 1,517-acre Allerton Park in eastern Illinois can become spectacular. Years ago, I paid regular visits to Allerton. That it took 30 years to return is my mistake. The park, located just two hours from Elmwood, was built as the private estate of **Robert Allerton**, a wealthy art collector who believed mixing art with nature was a powerful combination. He was right. Late last Saturday afternoon, as the sun started to dip, we walked a short trail to see a sculp-

ture called "Death of the Last Centaur." The setting humbled all of us. Towering oak trees created a cathedral-like space between the statue and tall, white concrete pillars standing to the north. Down a massive set of 60 concrete stairs to the south stood another set of pillars, not far from the Sangamon River. The moment reminded me of visiting Heron Pond in the Shawnee National Forest, another cathedral-like natural setting. Only the sculpture and pillars added something to the spot that made it even more powerful, as did

the dark orange and bright yellow leaves on nearby trees. All that for no entrance fee.

Mouse trapping season is here again, with several short-tailed shrews stumbling into traps last week. Shrews are one of the rarest life forms on earth – venomous mammals. Much as I dislike seeing shrews skittering around, they should probably get a free pass since they eat spiders and other bugs. Plus researchers are reportedly seeking uses for shrew venom that could include smoothing skin, alleviating pain and killing certain kinds of cancer cells. ... Parting shot: Monday's snow flurries in Elmwood got me to thinking. The earliest snowfall I encountered came as a kid many Augusts ago on a camping trip to the Allegheny Mountains. To keep our soggy campfire going we sprayed the flames with bug spray. That was much regretted the next day, though, as temperatures soared into the 60s and mosquitoes bit the snippers out of us.

Look at U.K. politics for sample of what to avoid

If you think U.S. politics are too polarized, too anger-driven and too polluted by big money, take a quick look at the trainwreck that United Kingdom politics has become to see what's in store for us if we don't regain our collective goodwill soon.

On July 7, the straw-haired, scandal-ridden Prime Minister Boris Johnson resigned. In 2016, BoJo became the Conservative Party's loudest peddler of the UK's barely successful "leave the European Union (EU)" – or Brexit – vote. He rode it to the top.

But when Brexit went into effect in 2020, its impact on the UK economy became real and Johnson's sank.

British dairy farmers, for example, had relied on "EU payments" to "make up 40 percent of their annual profits." Similarly, "livestock farmers receive(d)... subsidies" for "over 90 percent of the annual profits."

Johnson's perpetual shape-shifting – he was against Brexit before he was for it – and his passing acquaintance with the truth undermined any political muscle he might have had to dodge Brexit's impact. When the end came, it was swift but not clean.

Then the real mess began as Conservative Party wannabes began a scrum to pick a successor who would become both their leader in Parliament's House of Commons and the new prime minister. Rising fast through the fight was Liz Truss, an

economist, Johnson cabinet member, and even more brazen than BoJo.

Truss's first official move was to walk right off a cliff: She proposed large tax cuts to a few mostly Conservative Party fat cats who had backed her campaign while throwing but a crumb to millions of poorer Britons.

British financial markets tanked on this resurrection of Maggie Thatcher's divisive economic policies and the value of the British pound plummeted to nearly that of the dollar. The Bank of England, roughly equivalent to our Federal Reserve, stepped in to both save it and reassure global markets that, yes, there were still some responsible adults in London.

But Truss, like many self-assured economists, reloaded her guns and fired another massive dud. Days after her tax-cut fiasco, she announced her economic program would be "growth, growth, and growth," another perfectly tone-deaf idea as most UK voters are watching household budgets shrink, shrink, shrink because of inflation.

Few outside the British Fat Cat Brigade believed her and by mid-October, the nation's tabloid press was calling her month-old administration "The Liz Truss Disaster Show."

There are many reasons the Truss disaster show – and the vacant, bombastic Johnson show – drips with failure. The key one, however, is not yet plain here: that governments built by self-serving interest groups, think tanks and business lobbies undermine everything they touch – public trust, politics, themselves and, fi-

nally, freedom.

These technocrats are recognizable by the words they use. They say "markets" and "consumers" when actually referring to "communities" and "citizens." They conflate the word "job" to mean "work" – it doesn't – and stress "wages" rather than "a living." They "monetize" policy, "politicize" culture, demonize "compromise" and despise "bipartisanship."

Ag policy does this in spades: Almost everything from Farm Bills to climate-change research is driven, and oftentimes dictated, by special interest groups, commodity groups, transnational agbiz corporations, and oversized general farm groups.

Most focus on just two issues: the size of the government's coming pie and how to make it bigger to deliver more markets, jobs, profits and power to these permanent players.

That never was the goal of federal farm policy but it is the key point now. The underlying explanation for it goes something like a Liz Truss tax cut: If you take care of the Ever Bigger Folks, something might trickle down to the Ever-Smaller Folks. But it doesn't, of course, and a nearly empty, decaying rural America is proof of that.

So let's try trickle up; let's put citizens and communities at the center of ag policy instead of markets and consumers and see what happens.

Talk among yourselves.

What have Jan. 6 hearings accomplished?

To the Editor:

If you want to change the balance of opinion, you can't preach to the choir, no matter how satisfying their chorus of agreement feels. You have to change the minds of those who disagree.

On Sept. 26, 2022, Judy Woodruff gathered the two women she hosts weekly during the "Politics Monday" segment of the PBS News to comment on the impact on public opinion of the January 6th hearings. Amy Walter repeated what she has been saying for months: no change in public opinion. Tamara Keith basically supported that statement, calling the electorate "calcified."

One day later, 40 percent of voters say Trump should not be charged with a crime and only 38 percent of the electorate are Republicans. The committee has spent months and untold millions of dollars, money that could have been spent trying to solve other problems that face our people, to pillory a man and his ideas which they abhor. And PBS cannot claim they have made progress.

NPR and PBS claim to be without bias. If you believe that, I invite you to meet with me at a place you choose (my home is available and will accommodate you and your friends) from 9-11 a.m. on a Friday when we are all available to listen to

WCBU and the news summary that is presented. Bring a kindred spirit and bring a note pad. Write down the bias you detect on each topic. Make a mark on each one you think is unbiased and a second mark if you agree with the position espoused. Perhaps I will be surprised by how many times your responses agree with mine.

PUBLIC RECORD

NOTE: Charges are merely an accusation. All suspects are presumed innocent until proven guilty in a court of law.

Police reports

• **YATES CITY** – Authorities were seeking one or more suspects in connection with a burglary at a Yates City restaurant and bar.

The incident took place about 3 a.m. Oct. 15 at My Place, 107 S. Union St. Someone disabled the bar's electricity meter, entered the building and stole an undetermined amount of money from an automated teller machine, Yates City Police Chief Randy Benson said. It wasn't clear if the suspect was alone.

"We have an image of one person walking up to the power meters, but it's still being investigated," Benson said.

A gray or silver Dodge Magnum automobile was involved in the burglary. An image of the car has been posted on the police department Facebook page. As of early this week, no arrests had been made.

• **FARMINGTON** – A vehicle reported stolen from a rural Hanna City residence was found wrecked about 15 miles away, authorities stated.

The 2014 gray Chevrolet Equinox was discovered about 4:30 a.m. Oct. 15 on the west side of Illinois Route 78 north of Farmington, according to a Peoria County Sheriff's Office report. About 90 minutes earlier, residents at an address in the 800 block of N. Greengold Rd. noticed the vehicle was missing.

When it was found along the Peoria-Knox county border, the Equinox had heavy damage to its passenger side, the report stated. It also contained at least one empty container of Michelob Ultra beer. A dry, red substance that resembled blood was found on a driver's-side airbag.

A witness told a Knox County sheriff's deputy he saw a tan Chevrolet pickup truck stop to pick up a pedestrian about a half-mile south of where the wrecked vehicle was parked. The pickup truck then headed south on Route 78 at high speed.

• **EDWARDS** – A bruised, bloodied man found in Edwards misidentified himself to evade arrest for obstructing justice and violating sex-offender-registry conditions, according to authorities.

Jonathon M. Scott, 49, of Peoria was arrested after a Peoria County Sheriff's Deputy encountered him sitting near railroad tracks about 3:30 p.m. Oct. 7 at Layne Street and Powder Mill Road.

Scott said he was at a residence in Farmington when four people entered and beat him with fists and a baseball bat, a sheriff's-office report stated. He awoke next to the tracks, with his hands tied, and remembered nothing else. Scott had a skull laceration and bruises on his chest, back, neck and head.

According to the report, Scott identified himself by another name before an ambulance transported him to OSF Saint Francis Medical Center in Peoria. After he arrived at the hospital, his true identity was determined. Scott was found to have outstanding Fulton and Peoria county warrants.

• **BRIMFIELD** – A Brimfield-area man was arrested following an apparent domestic disturbance, according to the Peoria County Sheriff's Office. Jeffrey S. Rule, 47, was taken into custody about 8 a.m. Monday at a residence in the 16100 block of W.

Williams Rd. Accounts differ, but a woman at that address sustained a red mark on the left side of her neck and an abrasion and dried blood on her left cheek, a deputy reported. Rule was accused of domestic battery/physical contact and transported to the Peoria County Jail.

• **HANNA CITY** – A Michigan man was accused of stealing a low-boy trailer from a Hanna City-area business. Derrick E. Kline, 30, of Battle Creek was apprehended about 7 p.m. Oct. 9 in Peoria, five hours after the trailer was reported missing from D. Brooks Excavation Inc., 13428 W. Farmington Rd.

When police stopped Kline, he was driving a Chevrolet Avalanche pickup truck that was towing the 2006 Trail King trailer. A blue Ford Focus automobile was atop the trailer, according to a Peoria County Sheriff's Office report. Excavation-firm security cameras revealed an Avalanche towed away the trailer. Kline was charged with theft and driving on a suspended license, among other crimes.

• **OAK HILL** – A man drove a pickup truck into another person's corn field and abandoned it, according to authorities. The incident was reported about 8:30 a.m. Oct. 7 in the 17800 block of W. Meehan Rd. The property owner said the 1998 Dodge Dakota was stuck in a ditch and had ropes on its front, in an apparent attempt to pull the vehicle from the field, per the Peoria County Sheriff's Office.

When the truck owner arrived, he said he lives nearby and drove the vehicle there the previous night to bird watch, according to a report. Some corn had been overrun. The vehicle was towed, and its owner was told not to return.

• **PEORIA** – A Dahinda woman required medical attention following a two-vehicle accident at the northwest edge of Peoria. About 3:15 p.m. Sept. 27, Tina L. Storm was driving a 2022 Chevrolet Blazer west on Grange Hall Road when she stopped at Illinois Route 91 and Orange Prairie Road, according to a Peoria County Sheriff's Office report. The intersection is a four-way stop.

As Storm proceeded through the intersection, a southbound 2020 Honda sedan driven by Reid M. Larson of Peoria crashed into the passenger side of her vehicle. Storm's vehicle was pushed into and toppled a light pole at the intersection.

Larson was cited for disobeying a stop sign, the report stated. An ambulance transported Storm to UnityPoint Health-Methodist in Peoria.

• **KICKAPOO** – About 4:30 p.m. Oct. 8, someone drove off from the Shell station at 7200 N. Kickapoo-Edwards Rd. without paying for \$63 in gasoline, according to the Peoria County Sheriff's Office. The alleged thief was driving a black sedan. About 5 p.m. Oct. 2, someone driving a red 2016 Chevrolet Cruze drove away without paying for \$28.01 in gas. And about midnight Sept. 28, the driver of a gray Ford sport-utility vehicle stiffed the station for \$50.70 in fuel, a sheriff's-office report stated.

• **BRIMFIELD** – Reported stolen from a Brimfield-area business was a riding lawnmower valued at almost \$5,000. The John Deere Z915B Zero-Turn Mower was parked outside Martin Tractor Inc., 10820 N. Maher Rd., according to a Peoria

County Sheriff's Office report. An employee noticed the tractor was missing about 2 p.m. Oct. 12.

• **EDWARDS** – About 7 p.m. Oct. 6, Brice R. Beecher of West Peoria was driving a 2019 Ford F150 pickup truck south in the 4500 block of N. Taylor Rd. when the vehicle struck a deer. Damage was estimated at more than \$1,500, according to the Peoria County Sheriff's Office.

• **PRINCEVILLE** – Deanna L. Fauser, 59, of Princeville was arrested about 12:30 a.m. Oct. 12 and accused of operating a motor vehicle with a suspended registration, driving on a suspended license and failure to signal properly, according to the Peoria County Sheriff's Office. Fauser also was being held for another law-enforcement agency.

• **ELMWOOD** – Tyler A. Cox, 29, of Elmwood was arrested shortly after 10 p.m. Oct. 14 and accused of unlawful possession of methamphetamine and unlawful possession of drug paraphernalia, according to the Peoria County Sheriff's Office.

• **YATES CITY** – Justin M. VanDusen, 44, of Yates City has had plenty of contact with law enforcement officers in the past month. Most recently, VanDusen was arrested about 11:45 p.m. Oct. 16 and accused of unlawful possession of methamphetamine and unlawful possession of a hypodermic syringe or needle, according to the Peoria County Sheriff's Office.

On Sept. 27, VanDusen was arrested by Yates City Police for an outstanding Knox County warrant for allowing a dog to run at large.

VanDusen also paid for three pending administrative citations for dogs at large on Sept. 29 after a series of complaints about two loose dogs, an inoperative vehicle and trash in the yard of his Yates City home at 105 E. Ames St. As of Oct. 10, Yates City police reported trash had been picked up and dogs were to have been "re-housed," but the inoperative vehicle was still present on Oct. 11.

• **HANNA CITY** – Jeremy E. Perry, 43, of Hanna City was arrested about 11:45 p.m. Oct. 16 and accused of unlawful possession of drug paraphernalia, according to the Peoria County Sheriff's Office. Perry also was being held for another law-enforcement agency.

• **FARMINGTON** – Jacob A. Wooters of Farmington was charged with operating an uninsured motor vehicle on Oct. 3, according to a Fulton County Sheriff's report.

• **FARMINGTON** – Micah D. Schiner, 27, of Farmington was arrested for DUI on Oct. 9 according to a Fulton County Sheriff's report.

• **YATES CITY** – Yates City police reported the following activity for September: 1 arrest, 3 citations, 16 reports, 9 warnings, 3 ordinance violations and 9 traffic stops.

Marriage licenses

• Mandy Rae Kosowski and Luke David Murphy, both of Farmington.

• Melissa Kay Drake and Michael Kurtis Vance, both of Brimfield.

YATES CITY: Cleanup day is Oct. 22

Continued from Page 1
 sponses from residents about whether or not they are interested in receiving water bills via email instead of by mail. He estimated if enough residents will take bills by email, the village could save more than \$1,000 per year.
 “We are trying to keep costs down, but we need to know how many people are interested in this,” Hostetler said. “It’s a win-win situation. We don’t want to raise water bills and this is a way folks in Yates City can help keep costs down.”

Those willing to receive water bills via email can express interest by calling (309) 358-1694, emailing ycclerk@mchsi.com or including their email address when paying the next bill. Deadline to respond is Dec. 31. The village needs at least 167 of its 360 water customers to sign up for the email service to be feasible, Hostetler said.

In other business, the board approved holding a Fall Cleanup day on Saturday, Oct. 22, for Yates City residents only. Residents of Salem Township living outside the village will not be allowed to bring garbage to the dumpster located behind the Yates City water tower from 8 a.m. to 1 p.m. on Oct. 22.

Previously, Salem Township had participated in cleanup days for 15 years. But the township board declined to pay a \$600 bill for a July cleanup that Township Supervisor Chris Bewley said they

had not been notified about.
 “The board decided if they can’t notify us or ask us first, we won’t pay it,” Bewley said.

Bewley said she told Village Clerk Deb Canier that the township was willing to pay to participate in this weekend’s cleanup. But at the board meeting, Village President Ken Vallas said because there was no written confirmation, the village would hold its own cleanup. Vallas said if Salem Township provides written confirmation next spring, the cleanup could again be a collaborative effort.

The board also announced there is an official application for residents interested in raising back-

yard chickens. So far, there have been no applicants.

In personnel matters, there was discussion of pay increases for village officials and employees.

“Trustees and the mayor don’t need a raise, the clerk and treasurer do need an annual raise,” Vallas said.

The board agreed, raising monthly pay for city clerk Canier from \$400 to \$500 and for treasurer Joy Mahr from \$400 to \$600. Mahr is also paid \$1,000 per month to process water bills. Raises will be effective after the May 2023 election.

Finally, the board approved paying \$46,421 for three new water softener heads and resin for the water softener system.

RACCOONS: Hunting, trapping start Nov. 10

Continued from Page 1
 wildlife diversity program manager, tells us that based on survey data for spotlight and roadkill counts from 1981-2022 show a slow and relatively steady increase.

Anecdotally, many hunters, wildlife watchers and folks who have issues with nuisance raccoons might be more inclined to proclaim that there's a population explosion.

When asked about this perception of a population explosion and any concerns related to the perception of population gains, McTaggart said, "We do not have data at a fine enough scale to show this. Artificially high populations are generally stabilized by disease and/or starvation if animals exceed the carrying capacity of their habitat.

"Some people are willing to tolerate more wildlife than others. Some people love seeing raccoons, etc., and unfortunately, feed them. Others see one raccoon around their home and feel that it's a problem. The most common nuisance wildlife concern we hear about is property damage from raccoons. They are pretty savvy, and

once they figure out where to find food and shelter near people, especially where they are being fed – the bad behaviors are almost impossible to change."

The 2018 Nuisance Wildlife Report shows there were 19,043 raccoons handled by individuals with nuisance permits.

Concerns about the steady rise of raccoon numbers go beyond nuisances and property damage. Raccoons may carry diseases such as parvovirus and distemper that could conceivably be transmitted to domestic pets.

"Raccoons are like many wildlife species that can carry zoonosis or diseases found in wildlife that can be transmitted to people (and pets). It is important to take basic precautions when handling or cooking wildlife and to keep all pets current on vaccinations. More information can be found in the Disease and Public Health section of wildlifeillinois.org."

It's also wise to think about your property and surroundings regarding "raccoon proofing."

Here are some simple tips courtesy of Wildlife Illinois:

- Remove tree branches that overhang the roof to limit access to chimneys or attics.

- Do not leave pet food outside overnight.

- Store garbage in metal or rugged plastic containers with tight-fitting lids. It may be necessary to secure the cover with wire or a clamp.

- Close dumpster lids each night.

- Attach heavy-duty chimney caps at the top of the chimneys.

- Repair holes and close all openings to attics. Make sure all raccoons are out of the building before sealing openings.

If all of your best measures fail, the raccoon will have to be removed. To remove the raccoon yourself, you need a permit from an IDNR district wildlife biologist. If you don't want to trap yourself, contact a nuisance wildlife control operator.

No discussion about raccoons is complete without discussing coon hunting and trapping – which seem to be dying arts.

In 1980 there were an estimated 43,460 coon hunters in Illinois. In 2020 there were just an estimated 4,776.

Coon season opens Nov. 10 and runs through Feb. 15. Hunting is allowed 24 hours per day, except for archery hunting of raccoons, which is limited to one-half hour before sunrise to one-half hour after sunset during archery deer season.

Trapping license sales aren't quite as low as one

might think, despite the disastrous drop in fur prices that has sidelined many would-be coon trappers who say it's not worth the effort right now.

Even so, in 2021, Illinois sold 6,580 trapping licenses. The all-time high for trapping licenses was 21,407 in 1979, and the all-time low was 2,130 in 2000. Raccoon trapping season in Illinois is Nov. 10 to Feb. 15.

McTaggart stressed that recreational fur-trapping (and hunting when and where it is allowed) is the preferred method to deal with nuisance furbearer issues. Trapping can help control a local population of animals and, in some cases, reduce the number of nuisance complaints.

Legal trapping can occur 100 yards from an occupied dwelling without permission of the occupants, closer with permission, as long as there are no municipal ordinances prohibiting trapping.

To learn more about raccoon hunting/trapping and how to get started, seek out a local coon club by visiting the website coonhuntingclub.com. The Illinois Learn to Hunt program or the Illinois Trappers Association are also excellent sources of information.

Let's not forget raccoons are also a tasty game animal for some. My own Uncle Leslie was famous for his barbecued coon, and many a roaster full of the secret recipe was consumed at community and family events.

Mountain lion killed by car on I-88 in Illinois

SPRINGFIELD – A mountain lion was struck and killed by a vehicle on Interstate 88 in DeKalb County on Sunday, the Illinois Department of Natural Resources officials announced Monday.

The animal was transferred by the Illinois State Police to an Illinois Department of Natural Resources wildlife biologist and has been delivered to the University of Illinois Champaign-Urbana for a full necropsy and DNA analysis. The UIUC analysis will provide valuable information to biologists about the animal, its place of origin, and exploratory movements across the Midwest.

IDNR experts believe it may be the same mountain lion that was captured on a trail camera on private property in Whiteside County in late September and confirmed by wildlife biologists from IDNR and the U.S. Department of Agriculture.

IDNR is monitoring another mountain lion reported in western Illinois in early October. This animal has a GPS collar that was originally attached in November 2021 by the Nebraska Game and Parks Commission as part of an ongoing research project

on their mountain lion population, including movement patterns. The NGPC has been coordinating with state agencies on GPS location data as the animal recently made an eastward journey across Iowa and

into Illinois. IDNR will continue to coordinate with NGPC and other agency partners on this animal while it is in Illinois.

Mountain lions were eliminated from Illinois prior to the 1870s because of habitat loss and overharvest. Although extremely rare in Illinois, mountain lion sightings have been confirmed in Illinois during the past few decades. Most cougars that have wandered into the state are young males, typically originating from a population in the Black Hills of South Dakota.

BILLTOWN: 1-in-4 chance on buses

Continued from Page 1
That an EPA Clean School Bus grant covers the full cost of each new bus; 2. That the school keeps one diesel bus in the fleet.

Superintendent Tim Farquer told the board there is a 1-in-4 chance of Williamsfield being selected for a grant, which should be announced by the end of October.

“There will be additional chances through the EPA, because there’s \$5 billion and this first year is just for \$1 billion,” Farquer said. “But I think this is our best

chance because they prioritized rural schools.”

The board also approved electrical upgrades not to exceed \$265,000, with funds drawn from federal ESSER III grants, a school maintenance grant and \$50,000 from Williamsfield’s share of a penny sales tax.

Those upgrades are part of an 8.5-year Mini-Microgrid Project that started with student input in March of 2014 and has included building a ground-mounted solar array near the bus barn, placing roof-

top solar panels on school roofs, installing electric vehicle chargers at the school and upgrading wiring in the school to facilitate running on its own grid.

The final step is to run wire to the bus barn and upgrade service there, since batteries in electric buses are a key to the school’s microgrid.

Farquer estimates that electrifying the district’s bus fleet by August of 2023 would reduce energy costs by at least 61 percent.

“Solar alone will have saved us about \$50,000 at the end of this fiscal year. Fueling buses with electricity rather than diesel projects to save us about \$28,000 next year alone,” Farquer said. “And there’s other opportunities where we could use our bus batteries to operate the cooling systems in the building and not have to pay additional expense to bring in power during peak times. Then we could recharge the buses during off-peak.”

By operating its own microgrid, Williamsfield would also be able to have its own power source during power outages.

In other business, the board OK’d an early graduation request from Chloe Secrist and a district Threat Assessment Plan.

Farquer also discussed a \$2.5 million grant application that would allow the district to add two pre-school early-childhood classrooms.

PLEDGE GIFT ANNOUNCEMENT

The Elmwood Community Foundation is thrilled to announce that **Bremer Jewelry** and owners **Justin & Julie May and Family** have pledged \$50,000 in support of the new **Ag / Trades / Industrial Arts Building** at Elmwood High School. Justin and Julie are giving this gift in honor of **Claude Keefer** and in support for naming the new building the **Claude W. Keefer Industrial Arts Building**.

Justin and Julie (EHS Alum 2000) are the new owners of Bremer Jewelry in Peoria, IL. When asked why this gift was so meaningful to them; Justin shared:

“Once Julie and I read in the post that Elmwood High School needed funding for a new Industrial Arts Building we wanted to know more. Bremer Jewelry and our family are excited to partner with Elmwood High School and the Elmwood Community Foundation to help offer a better experience for our kids in hopes they will learn more hands on “trade skills” while in school. After reading the article we noticed that Claude Keefer was involved, we felt compelled to help. As most people in Elmwood know, there isn’t another person who cares more about our kids or other people in the community than Claude. Recently I was thanking Claude for helping my mom with something at her house that was broken. She did not ask him to come over yet he, Dave Hall and Bob Cafferty all felt the need to help anyway. I told Claude how thankful I was that he, Dave and Bob would help her out when they really did not have to. Claude told me, “Justin when you run into people in life that are kind and giving, it is your responsibility to give all you can to them when they are in need.” This donation is intended to speak about the character of a man that cares about others and shows what the true meaning of being “hands-on” in someone else’s life can do for them and others.”

**Justin & Julie May

Mendoza faces challenge for comptroller

By **PETER HANCOCK**
Capitol News Illinois
SPRINGFIELD – Former Chicago City Clerk and former state Rep. Susana Mendoza is seeking a second term as comptroller.

Mendoza, a Democrat, was reelected to a full four-year term in 2018 and is now seeking another term, this time facing McHenry County Auditor Shannon Teresi in the Nov. 8 general election.

“I am running because Illinois is the most corrupt, the most fiscally mismanaged, highest taxed, highest foreclosure rate in the nation,” Teresi said. “And I am running because I am a (certified public accountant), I am a certified fraud examiner, I’m a certified internal auditor with a proven track record and financial leadership experience the state has never had before in its history of the comptroller’s position.”

Mendoza cites paying down the backlog of a long budget impasse under former Gov. Bruce Rauner as her biggest accomplishment. Today, she said, vendors are being paid usually within 10 days and the state is operating on a regular “accounts payable” cycle.

In addition, each of the

three major credit rating agencies has raised the state’s rating by two notches, meaning it is still the lowest of any state in the nation but moving in a positive direction.

“That is nothing short of remarkable,” Mendoza said.

Teresi, however, counters that the credit upgrades and paying down past-due bills was more the result of federal pandemic relief money that was pumped into Illinois.

Mendoza also cites as one of her early accomplishments the passage of the 2017 Debt Transparency Act, which lawmakers approved over Rauner’s veto. It required state agencies to report monthly the volume of bills they were holding but had not yet sent to the comptroller’s office for payment.

Teresi earned a master’s degree in accounting from Northern Illinois University and began her career as an associate at the accounting firm PricewaterhouseCoopers in 2007. She joined McHenry County government in 2016 as a financial reporting manager and was elected as county auditor in 2018.

This year, she ran unopposed in the primary as part of a slate of candidates endorsed by GOP megadonor Ken Griffin. She has focused much of her campaign on the theme of rooting out corruption.

As comptroller she said she’d launch a statewide initiative addressing corruption, noting, “The largest amount of corruption and fraud is found based on tips.”

Teresi said she was excited about the GOP ticket, including gubernatorial candidate Darren Bailey. “What we see is a movement with Darren Bailey’s race and the Republican Party as a whole,” she said.

Rash of car burglaries in Hanna City Oct. 3-4

HANNA CITY – At least four vehicle burglaries took place in one recent 24-hour period in Hanna City, according to authorities.

The burglaries spanned Oct. 3-4. They are connected, according to Peoria County Sheriff Chris Watkins.

A resident of the 300 block of N. Phil Gould Drive reported missing a brown leather diaper bag from an unlocked 2020 Kia Telluride sport-utility vehicle parked in a driveway, a sheriff's-office report. Inside the bag was a key fob for the vehicle. Total value of the fob and bag was \$350.

Elsewhere on that block, someone stole a green coat from a 2020 Chevrolet Traverse SUV. A deputy recovered the coat at a different location in connection with a separate incident. The coat was valued at \$35.

Security-camera footage revealed two men wearing hooded coats burgled the vehicle, a sheriff's-office report stated. Both suspects appeared to be about 5-foot-7 and between 130 and 160 pounds.

On the 600 block of N. Runkle St., a resident said his wallet and a pair of wireless ear buds were stolen from a

2016 Dodge Grand Caravan minivan. The items were valued at \$260.

A resident of the 700 block of N. Elbert Court reported missing a credit card, a firearm owner's identification card, a concealed-carry permit and a cordless drill from an unlocked 2022 Kia Telluride. The drill was valued at \$130.

The same area of Hanna City was the location of a burglary spree in late July. Then, at least five cases were reported in the Hanna City area. Watkins isn't certain if those burglaries and these are linked.

JCAR objects to latest IDPH emergency rule

By PETER HANCOCK

Capitol News Illinois

SPRINGFIELD – A legislative panel on Tuesday objected to an emergency rule put forth by the Illinois Department of Public Health, with one member declaring, "The pandemic is over."

The action came during a meeting of the Joint Committee on Administrative Rules, which has oversight authority over state agency regulatory rulemaking. It's an action that does not block the rule from remain-

ing in effect, but it does require the agency to respond to the objection within 90 days.

It also came four days after Gov. JB Pritzker renewed his disaster proclamation – his 35th since the pandemic began – spelling out various mandates for mitigating the spread of the virus. In recent months, however, he has gradually rolled back many of those mandates.

The most recent executive order removes the weekly testing requirements for unvaccinated health care

and long-term care workers, removes the face-covering requirement for health care facilities and removes the state-issued vaccine mandate for long-term care and health care employees.

At issue before JCAR Tuesday was a program aimed at relieving a shortage of forensic pathologists. The proposed rule expanded an existing program in which Illinois sponsors international medical students for a waiver of normal visa requirements so they can remain in the country.

Farmington 48, South Fulton 16
 ASTORIA – Postseason tuneups continue for Farmington, which won easily on the road last week and faces winless Lewistown-Valley-Cuba at home this Friday.

Quarterback Gage Renken ran for 199 yards and five touchdowns (including runs of 51, 79, 21 and 75 yards) as Farmington took a 48-0 halftime lead and started subbing.

The Farmers scored on the first play of their first drive, the second play of their second drive, the third play of their third drive and the fourth play of

their fourth possession. This was also the first game in Coach Toby Vallas' tenure at Farmington that the team did not accumulate any passing yards.

"The ball was so slippery you never knew if it was going to get there or not," Vallas said. "We did throw a touchdown that was called back."

Vallas said a number-crunching friend of his predicts Farmington will open the 2A playoffs at Knoxville unless Mercer County loses to Annawan-Wethersfield, in which case the Farmers would host Mercer County.

— Jeff Lampe

Elmwood-Brimfield 40 Lewistown-Valley-Cuba 0

ELMWOOD – Beating a winless, last-place team in the Prairieland was significant for one major reason, according to Elmwood-Brimfield Coach Todd Hollis. It was the Trojans' fifth victory, which makes them eligible for the state playoffs.

"Hey, you have four wins – the next one is really important," Hollis said in recollecting the coaching message last week. "No matter what you think of their record, this is the most

important game you play, because it can get you qualified.' They did a pretty good job of understanding."

Indeed.
 Slone Windish ran for 134 yards and three touchdowns for E-B (5-3, 5-2). He also joined his brother Bo Windish in forcing a safety.

"It wasn't just 'He ran the ball well,'" Hollis said. "We blocked things we asked the guys to block this week. They did a good job with it."

Lewistown gained 52 yards, none by pass, while E-B used this game to work on its passing, according to Hollis. QB Oliver Heinz was 2-for-6, with a 29-yard TD connection to Jacob Avery in the first quarter.

E-B needs one more victory, Friday at Havana to remove all doubt about the playoffs. Havana (4-4) has won three of its last four.

"Now I can tell them again, 'This is the most important game you've ever played,'" Hollis said.

E-B is predicted to be a 2A entrant, with some projections pointing to a game vs. Rockridge in Taylor Ridge.

Trojans XC teams look solid heading into regionals

By JEFF LAMPE

For The Weekly Post

PEORIA — As regional tuneups go, Saturday's Patriot Invite at Detweiller Park was a good one for the Elmwood-Brimfield cross country teams.

The E-B girls finished behind only Tolono Unity in the race.

"Our goal going in was to get second. We knew Tolono would be a long shot to beat but we thought other schools at the meet were schools we could compete well with," E-B Coach Kyle Anderson said. "Seven out of our eight ran season or lifetime bests so we were very happy about that. Having a race like we did should boost our confidence heading into regionals."

E-B runs at Spring Lake Saturday, Oct. 22, in the Class 1A Macomb Regional. Girls run at 10 a.m., boys at 10:45.

At the Patriot Invite, Addie Symonds led E-B, placing 15th in

18:44.9. Olivia Stage (25th, 19:26.6) was next fastest for the Lady Trojans, followed by Natalie Babcock (41st, 20:05.8), Chloe Kelly (53rd, 20:24.6) and Addy Turner (57th, 20:28.8), one place ahead of teammate Ashley Wolcott (58th, 20:31.6).

The Princeville girls placed 21st and were led by Alyvia Cowser (42nd, 20:08.9). Farmington's girls were 32nd and led by Braylee Hammond (165th, 24:17.3).

The E-B boys placed third in their Patriot Invite race with 167 points, finishing behind Newton (143) and winner Port Byron Riverdale (77).

"Nine of our guys raced and eight of them had their personal bests, not just for the season but for their careers," E-B Coach Gregg Meyers said.

Isaiah Hill was fifth overall in 15:35.5 for E-B.

"He ran really well and really smart. He kind of sat back from the

lead pack. And by the time it was all over he had caught half of them," Meyers said. "He started 10th and ended up in fifth."

Other scoring runners for E-B were Aiden Faulkner (24th, 16:27.7), Mika Nelson (28th, 16:29.5), L.J. Higgs (45th, 16:46.8) and Brendan Williams (79th, 17:24.1), who Meyers said had a "side stitch" in the race.

The E-B boys also run at Spring Lake for the regional, along with Farmington, whose freshman Dax Ulm was 56th at the Patriot Invite in 17:03.2.

"Our regional is not the strongest in the state so it lets us train a little harder," Meyers said.

The Princeville boys placed 26th and were led by Joey Bosch (62nd, 17:07.6). Princeville runs at the Eureka Class 1A regional Saturday, Oct. 22. Girls run at 10 a.m. at the lower Eureka Lake course and boys start at 11 a.m.

XC: Melick, Nelson earn all-state in boys race

Continued from Page 24

Schmidgall was the newcomer in the top five this year and sat out the sectional to rest. Like the rest of her teammates, she was ready on Saturday after a season of strong practices not always followed by strong races.

"We told them, you are outpacing the (Brimfield) boys in practice, but they are beating you in races," McKinty said. "That seemed to get them going."

Eighth-grader Bethany Sennett (28th, 13:01.5) was top girls finisher for Princeville.

In the Class 1A boys race, Princeville placed sixth, led by all-stater Oliver Melick (10th, 11:21.4). Other scoring runners for Princeville were eighth-graders Collin Bowers (41st, 12:03.4), Cleveland Hoerr (54th, 12:14), Elliott Walles (101st, 12:36.5) and Nicholas Wilson (108th, 12:39.3).

Also earning all-state was Brim-

field seventh-grader Kai Nelson (22nd, 11:40.6), whose team was 10th.

In Class 2A, the Elmwood girls placed 14th and were led by sixth-grader Madi Ori (49th, 13:11.7), while the boys team placed 19th and was led by seventh grader Cooper Brown (56th, 12:00.4).

The Farmington boys placed 23rd in Class 2A and were led by Barrett Demmin (99th, 12:19.3).

THANKS DEAN AND OTHERS
During the 7 months since our previous pastor left, the First Presbyterian Church of Farmington's congregation has had many people filling the pulpit and giving us really inspiring messages. We were very lucky to have so many great people available to us.

We want to thank one of these folks in particular. Dean Warner of Elmwood, who is neither a lay pastor or minister, was here practically every other Sunday. He gives such a great message, time after time. He knows the Bible and his messages are tied to the many stories covered in the Bible. Dean is a really special person to our Church. We look forward to having him again in the future.

Also a big thanks to Bonnie, Alissa and Crystal for the great Children's Time messages. They were really great messages for adults too.

So, a big thank you to all who filled in with inspiring messages from the First Presbyterian Congregation.

Playoff hopes alive

Princeville has a shot at postseason

By **JEFF LAMPE** and **NICK VLAHOS**

For The Weekly Post

MELROSE PARK – At 1-3 earlier this season, talk of the playoffs seemed a long shot for the Princeville football team.

Not any more. After a 50-7 road win over Walther Christian last Saturday, the Princes (4-4, 2-4 Lincoln Trail) head into their season finale at Stark County with a shot to reach the postseason.

With a win Friday in Wyoming – and likely some help from a few other teams – the Princes could be planning for another road trip after the IHSA announces pairings Saturday.

“I think we’ve learned and improved throughout the year. That’s what you shoot for, to have a meaningful game in Week 9,” Princeville Coach Jon Carruthers said. “Princeville

vs. Stark County. The winner gets to go to the playoffs and the loser gets to go home.”

Carruthers said his team will need to start faster against Stark County than it did at winless Walther Christian, which was

within 8-7 in the first quarter.

Playoff Pairings

The IHSA will announce football playoff pairings on Saturday, Oct. 22, from 8-9 p.m. on WEEK-25.1 out of Peoria and on KGCW-26.1 out of the Quad Cities. Pairings will also be livestreamed on the NFHS Network.

Then the Princes came alive, despite losing top rusher Tayshaun Kieser to an ankle sprain that put him in a walking boot and

has him questionable for Friday.

Logan Carruthers threw for three scores and 197 yards, Marcel Primera ran for 92 yards and one touchdown on 10 carries and fullback JT Snyder added two TDs for the Princes.

“Stark is much improved from last year,” Carruthers said. “What hurt them the past couple years is they didn’t have much speed.

They have that now.”

ONEIDA – The Lincoln Trail hosts led early, then fell behind, then staged a rally that came up short.

R-W (5-3, 4-2) went ahead 7-0 after Riley Danner's 1-yard scoring run midway through the first quarter at Bill Adams Field. But A-W (7-1, 6-0) then scored 26 in a row.

A 21-yard pass from Dillon Horrie to Zeb Rashid just before halftime gave the visitors a lasting lead.

The host Cougars attempted a comeback early in the fourth quarter, behind a safety and Jaxon

NORMAL – For the second year in a row, the Brimfield girls junior high cross country team won state in dominating fashion. Saturday's Class 1A IESA win was even more dominant, actually, as seventh-grader Mya Hill ran to first place in a school-record time of 11:50.7. Hill was third last year, but this time around passed defending champion Morgan Coker, of Marquette Heights.

“She beat Coker at Delavan on Oct. 1 and after that it clicked with her and she was ready to race Saturday,” Brimfield Coach Amy McKinty said. “Everybody delivered on what was expected. They all did what they were supposed to do.”

Hill's time bettered the former Brimfield junior high mark of 11:51 set by Maggie Carroll Butterfield, who was champion in 1999.

Hill was one of four Brimfield runners to earn

The Brimfield junior high girls cross country team won its second straight Class 1A state title Saturday at Maxwell Park in Normal.
