Yates City gets \$871,310 grant for new well

By JEFF LAMPE

For The Weekly Post

YATES CITY – An answer for some of Yates City's water woes is on the horizon, thanks in large part to grassroots work by village trustees to obtain funding.

The Village of Yates City was recently selected to receive a \$871,310 Community Development Block Grant for public infrastructure. With this grant and a previously awarded forgiv-

able loan from the Illinois EPA, Yates City has secured \$1,271,310 of funding.

Money will be used for the construction of a secondary water source for the village that was mandated by the state several years

ago.

"The hard work of the Village Board, especially Trustees Mark Hostetter and Matt Ehens, has saved the residents of Yates City just under \$1.3 million dollars," Board President Ken Vallas said. "This is the largest grant by far that the village has ever obtained."

Construction on the new deep well is expected to start and be completed in 2024.

After the deep well is

completed, the village will build a new ground storage tank, which will be funded by a forgivable loan of up to \$400,000 from the Illinois EPA.

In order to receive the latest grant, though, the board first had to have 75 percent of village residents fill out an income survey. The Western Illinois Regional Council mailed out surveys, but response was initially poor.

WEAPON REGISTRY

Assault-weapon owners can register soon

By PETER HANCOCK

Capitol News Illinois

SPRINGFIELD – Illinoisans who own weapons that can no longer be purchased or sold in the state under its new assault-weapons ban will soon be able to register those weapons so they can legally keep them.

The law, officially known as the Protect Illinois Communities Act, bans the sale and possession of firearms defined as "assault weapons" as well as assault-weapon attachments, .50 caliber rifles, .50 caliber cartridges and high-capacity magazines.

However, the law provides an exception for Illinoisans who already owned such items before it went into effect. Those people are required to submit an endorsement affidavit through their Firearm Owner's Identification Card account before Jan. 1, 2024.

The Illinois State Police filed emergency

Water talk

No action taken on extending Brimfield water main to east

By LORI HEROLD

For The Weekly Post

BRIMFIELD – Another discussion about extending Brimfield water lines to the east met with no action during the Village Board's Sept. 11 meeting.

Janaki Nair, representing the Rural Route 150 Water District, presented a new proposal to further a discussion that has gone on for years regarding village water and development to the east of Brimfield.

Nair asked for attorneys, engineers and representatives employed by the village to work with RR 150 representatives to explore the possibility of constructing a water main to connect the village water lines with property at 17426 W. US Route 150, now owned by OSF HealthCare.

Nair said RR 150 would pay for construction of a main that it would own, but possibly lease back to the village. She also said RR 150 would receive any "tap on" fees paid by properties tapping onto the main and that the village would sell water to residents who hooked onto the main at the usual rates charged of other residents. Finally she stipu-

GUNS: Federal court challenges to law ongoing

Continued from Page 1
rules with the secretary of state on Monday to implement that portion of the assault weapons ban beginning next month.

State agencies have authority to issue emergency rules in certain circumstances. Those rules can only remain in place for up to 150 days, after which they must be replaced by

permanent rules or repealed. Permanent rules are subject to a public comment period and review by the legislative Joint Committee on Administrative Rules.

ISP will begin accepting affidavits online starting Oct. 1. Affidavits must be submitted online through a FOID Card account, which can be accessed through

ISP's Firearms Services Bureau website or online at www.ispfsb.com/Public/Login.aspx.

ISP has also published a "frequently asked questions" page on its website with additional information about how to submit an endorsement affidavit.

According to the statute, those affidavits must include the applicant's name, date of birth and FOID card number. Applicants also need to provide the make, model, caliber and serial number of each weapon, and a statement testifying they own a locking mechanism for the gun.

The affidavit form will also include a statement that reads, "Warning: Entering false information on this form is punishable as

perjury under Section 32-2 of the Illinois Criminal Code of 2022."

The law passed during the General Assembly's lame-duck session in January and prompted several lawsuits after Gov. JB Pritzker signed it into law on Jan. 10.

Numerous challenges in federal court allege the law violates the Second Amendment of the U.S. Constitution. Cases have now been consolidated and an appeal is pending before the Seventh Circuit Court of Appeals in Chicago.

In a 4-3 decision in August, the Illinois Supreme Court upheld the law. But the court has delayed issuing a final order pending the plaintiffs' appeal to the U.S. Supreme Court.

GUEST VOICES

A hard change is gonna come

Sometimes the gap between what's real and not real is so narrow that it's impossible to tell truth from fantasy.

For example, recently the front page of a newspaper I receive featured two stories that make perfect sense to almost every farmer and little sense to almost everyone who doesn't farm.

The first laid out current Land Grant University research that farmers can tap in their "quest for 300" bushels-an-acre corn yield.

Alan GUEBERT

The second related that California's recent adoption of Proposition 12 – the voter-endorsed law that requires minimum growing space for "egg-laying hens, veal calves and breeding pigs" – is "far and away (the) top priority" of the state's pork group.

Both are typical front page fare for any ag-centered newspaper. What was missing in each story for any non-farming reader, however, was the proverbial "why?"

Why, for example, invest in costly public research for a land-punishing effort to grow 300 bu. per-acre corn, or about 126 bu. more than the estimated 2023 national average yield when, according to the U. S. Department of Agriculture, 15 percent of this year's crop will go unsold?

And, too, why strive to grow more corn per acre when 35 percent of today's subsidized crop goes into ethanol, an alternative fuel deeply dependent on government mandates

and under increasing assault by electric vehicles?

Similar questions arise about the pork group's "top priority." California voters have said three times they want their eggs, pork and veal born and raised without the use of animal-confining cages and crates. Why are 40 million customers wrong and the ever-thinning ranks of the pork industry right?

Even more worrisome than these debatable ag issues is the reality what everyone needs to consider for anyone to even talk about corn yields or pork markets now or a generation from now: today's radically changing environment.

Elizabeth Kolbert, a Pulitzer Prize-winning writer for The New Yorker, starts that discussion in her 2021 book, "Under a White Sky," by noting where the Bible starts it: "That man should have dominion 'over all the earth and every creeping thing'" has, she suggests, become "a prophecy that has hardened into fact."

Facts like how mankind has "(T)ransformed more than half the ice-free land on earth – some 27 million square miles," "dammed or diverted most of the world's major rivers," and "our fertilizer plants and legume crops fix more nitrogen than all terrestrial ecosystems combined..."

Meanwhile, "...today people outweigh wild mammals by a ratio of more than 8 to 1" and if you "(a)dd in "the weight of our domesticated animals – mostly cows and pigs... – that ratio climbs to 22 to 1."

Those dark facts (she lists more) suggest that what we have "blandly labeled 'global change'" actually

points to "only a handful of comparable examples in earth's history" as life-changing as what we have done now; "the most recent being the asteroid impact that ended the reign of the dinosaurs, 66 million years ago."

Too bleak? Hold on, Kolbert isn't finished.

Our only earth's present state is so off the charts, she writes, that "Humans are producing no-analog" – no comparable – "climates, no-analog ecosystems, a whole no-analog future."

After setting that cheerless scene, most of the book explains current ideas to – as her subtitle suggests – alter "The Nature of the Future" now that we've changed the future of nature.

All the forward-leaning research and in-the-field efforts that Kolbert outlines highlight just how much we must alter the alterations we've already made to nature in order for nature to have any future.

If that sounds too woo-woo and wonky to make much sense, welcome to a world where August 2023 became the hottest month ever in history by breaking the previous record set in July 2023.

None of this is new; we see it in our fields and barns and feel it in our bones. Change is here and even harder change is coming.

The really hard part will be to change with it; in short, to stop telling the market what we will produce and start listening to the market for what it needs us to produce.

BRIMFIELD: Tax levy shows increase for police

Continued from Page 1
lated that the village agree to negotiate with RR 150 to sell water at competitive rates, provided that the village has excess water available for sale.

Nair said she was not asking the board to vote on the project itself, rather just to vote on the proposal to work together.

But Village President Dan Fishel said the same proposal was presented and voted down in January. He read the portion of January minutes that pertained to the proposal.

Nair said she was not aware of the January vote and asked what could be done to move the project forward.

Fishel said a village ordinance requires the village to own all the water mains. Dave Donaldson of RR 150 said that the

proposed plan includes provisions for the the village eventually owning the main.

Trustee Rod Gilles asked why OSF wasn't reaching out about the project and expressed discomfort about another water district doing business within the village.

Nair said RR 150 is partnering with OSF and believes "it is step one of a bigger project, a win-win for the community." No further action was taken.

At last month's meeting, the board agreed to send a letter regarding the proposed CO2 pipeline project, opposing the project based on lack of regulations and restrictions, plus concerns about a dangerous product's proximity to the village. A draft of the letter was presented for

review and revisions.

It was noted that the Guyer Log Cabin is not part of the insurance for the village property it sits on. The village will now request an estimated value for the cabin from the Brimfield Historical Society and present it for approval. The historical society will be responsible for covering the additional cost on insuring the building.

The board also approved an annual tax levy

ordinance for 2023 in the amount of \$97,854, an increase of 51.3% percent from last year. Much of that increase will be to pay for police protection.

The board also discussed replacing damaged playground equipment at the municipal park and village trees removed due to storm damage or disease. Trustee Nathan Schaub offered to bring information about various trees to the October meeting.

YATES CITY: Trustees went door to door

Continued from Page 1
As the deadline approached, Hostetler and Ehens took it upon themselves to go door-to-door to explain to residents why the survey was needed. Results showed that the village met the threshold of 51 percent of residents having low to moderate income – a requirement for the grant and for the loan. “If it wasn’t for Mark and Matt, we probably wouldn’t have got the grant,” Vallas said. “A lot of people didn’t want to full out the income surveys.”

The CDGB grant is funded by the U.S. Department of Housing and Urban Development, Governor JB Pritzker and the Illinois Department of Commerce and Economic Opportunity. This year, \$48.5 million was awarded to 41 projects, most to non-metropolitan communities facing critical repairs to water, sewer and drainage infrastructure.

Vallas said he learned Monday that the village may also qualify for another \$200,000 forgivable loan from the EPA to pay for engineering costs for the new well.

The well will be drilled about 50-60 feet from the existing well, Vallas said,

and is expected to be 1,400 to 1,700 feet deep. The village’s current well is 1,500 feet deep, Vallas said.

Bids can’t be solicited until the village receives a formal grant letter, which may not be until January. But the hope is to have work on the well underway by spring of 2024, Vallas said.

At its Aug. 9 meeting, the village board approved moving forward with the well project.

The board also voted to pay water department employee Bruce Brinker \$100 per week for up to 10 weeks for his time and con-

tinuing consulting. Brinker is on a leave of absence for medical reasons but has consulted frequently about water issues.

The board also heard that attorney Wayne Statham will retire in January 2024.

The board discussed possible changes to the village motor vehicle ordinance regarding access to town property and utilities and also pursuing a demolition order for the structure at 201 N. Burson St.

PUBLIC RECORD

NOTE: Charges are merely an accusation. All suspects are presumed innocent until proven guilty.

Police Reports

• **EDWARDS** – A mother and son were arrested following a domestic disturbance at an Edwards residence.

Peoria County Sheriff's Office deputies were dispatched about 4:30 a.m. Sept. 12 to the 10100 block of W. Edwards St. There they found Mandy L. Engel, 39, and Gabriel J. Engel Rynearson, 21. Both said they pushed each other during a dispute that involved another person, according to a sheriff's-office report.

Engel and Engel Rynearson were accused of domestic battery and transported to the Peoria County Jail. Engel Rynearson also was wanted in Fulton County for aggravated fleeing and eluding. Deputies searched in vain for the other person, whose name was redacted from the report.

• **FARMINGTON** – A traffic stop in Farmington resulted in an Iowa man being arrested on illegal-cannabis charges.

Pacino L. Young, 21, of Tipton, Iowa, was driving a 2016 Ford Fuston when Farmington police stopped him about 12:45 a.m. Sept. 5 in the 600 block of E. Fort St. because the vehicle's headlights and taillights were off. An officer noticed a cannabis odor when Young exited the vehicle, a police report stated.

From the vehicle's center console, Young produced a bag that contained 14 grams of pot. He was cited for possession of adult-use cannabis in a motor vehicle outside

an approved container. Young paid a \$300 vehicle impound fee, surrendered the cannabis and was released.

• **LAURA** – A Stark County man avoided injury when his vehicle struck a cow on a road east of Laura.

The accident happened at 5:30 a.m. Sept. 5 on Brimfield Road north of Lorange Road, according to a Peoria County Sheriff's Office report.

Michael W. O'Donnell of Wyoming said he was driving a northbound 2010 Toyota Corolla when he encountered the large, black cow in the roadway. O'Donnell's vehicle had just crested a hill and was unable to avoid the crash. O'Donnell left the scene by the time a deputy arrived.

Farmington apartment complex catches fire

FARMINGTON – A fire at a Farmington apartment complex resulted in no injuries, according to authorities.

The blaze began about 5 p.m. Sept. 14 at Farmington Manor, 700 E. Court St. Firefighters found heavy smoke and flames emanating from one of the apartments, according to the Farmington Community Fire Protection District.

It took about 30 minutes to bring the fire under control. Residents were evacuated. Paramedics checked but did not transport the resident of the apartment where the fire started. Adjacent apartments and a utility room sustained smoke, water and minor fire damage.

The Salvation Army was called to assist displaced residents. Also called was the Office of the Illinois State Fire Marshal, to help investigate the cause. It hasn't been determined.

ROWVA: Princes' Kieser injured in 2nd quarter

 third quarter with a drive that lasted 6½ minutes. Substituting for injured quarterback Logan Carruthers, Williams completed passes to four receivers. A Cougars penalty pushed the Princes to the R-W 8.
 But Williams followed with three incompletions, then slipped and fell as he rolled from the line of scrimmage on fourth down. R-W took possession and scored about three minutes later, on a 2-yard Bertlshofer run, to make it 42-26.
 "You get down in the red zone and

you've got to score, especially in a shootout like this," Coach Carruthers said.
 Hull's two pass receptions didn't break the Princes but didn't allow them to break away. Danner found Hull for first-half touchdowns of 52 and 47 yards. Both were rapid responses (three- and two-play drives, respectively) to Princeville points that narrowed the R-W lead to one.
 "They didn't really game-plan toward me as much as I thought they were going to," Hull said.
 Also unexpected was the early de-

parture of Princeville running back/linebacker Tayshaun Kieser. With 8:00 left in the second quarter, he was helped off the field with an apparent right-ankle injury following a tackle. Kieser sought off-premises medical attention at halftime.
 Following the game, Jon Carruthers was uncertain about the playing status of his son and Kieser for a home game Friday vs. Monmouth United.
 R-W is rolling toward a conference showdown with Stark County, set for Sept. 29 in Oneida.

 up," Vallas said. "And we just missed a couple real big ones."
 On defense, Farmington gave up 103 rushing yards to Logan Schreurs, but allowed just 7 completions on 18 pass attempts for 31 yards.
El Paso-Gridley 45 Elmwood-Brimfield 6
 EL PASO - Things started well for visiting Elmwood-Brimfield (1-3),

which on the opening drive of the game advanced to the EP-G 1. But the Trojans didn't score.
 Then the Titans (3-1) drove 99 yards in five plays to take a lead they never relinquished against a foe they never had played, according to EP-G statistician Merlin Haas.
 E-B didn't score until CJ Ramirez passed 30 yards to Bo Windish with 11:30 remaining.

"It kind of snowballed a bit," E-B Coach Todd Hollis said.
 Some E-B starters were new to their roles, Hollis said. Injury and the apparent dismissal of sophomore fullback Landon Kline were among the reasons.
 Matthew Glenn took over at fullback and gained 33 yards on nine carries.
 "We might have found his position," Hollis said of

Glenn, a junior. "He ran the ball pretty well, for as much as we give the full-back the ball. And his blocking was really solid."
 Things don't get easier for E-B, which travels Friday night to undefeated Farmington. Hollis is trying to keep the faith.
 "I said after the game, 'You will not see us change our approach.' Our standard is our standard," Hollis said.

Offense galore

R-W outscores Princeville 55-40

By NICK VLAHOS

For The Weekly Post

PRINCEVILLE – ROWVA-Williamsfield Coach Grant Gullstrand wasn't expecting his football team's game against Princeville to last almost 2 hours, 45 minutes.

Princeville coaching counterpart Jon Carruthers wasn't expecting the teams to combine for 95 points. Nor perhaps for his second-string quarterback to pass for 292 yards and four touchdowns.

R-W junior tight end Talan Hull wasn't expecting to have much room to maneuver on offense. But Hull and his teammates can expect a lot more attention after a 55-40 victory Sept. 15 at Tom Bruna Field.

The LincolnLand Confer-

ence small-school triumph made the Cougars 4-0 and put them into sole possession of second place in the league before their home game Friday night against South Fulton. At 3-0 in league play, they're one game behind Stark County.

"Obviously, our goal isn't just to win four games, but you come out each week and you want to go 1-0," Gullstrand said. "We've done that so far."

R-W did it last week with a multifaceted offense and a defense that withstood an all-out aerial effort from Princeville junior quarterback Jake Williams and the seven receivers who caught his passes.

Bryan Bertlshofer ran for two touchdowns and 185 yards for R-W. Spencer

Riley Danner (12) had three touchdown passes for ROWVA-Williamsfield in a 55-40 win over Princeville last week. Photo by Collin Fairfield.

Brown ran for two more scores and caught one of Riley Danner's three touchdown passes. Hull caught the others.

Variety was key, according to Gullstrand, in a puntless game that featured touchdowns on the first nine possessions.

"Someone was saying, 'That doesn't look like the old-school ROWVA-Princeville score,'" Carruthers said. "Both of us had the offense rolling."

The Princes (2-2, 2-1) stopped first.

Farmers back atop LincolnLand large

By JEFF LAMPE

For The Weekly Post

ALEDO – Carter Lambin blocked two punts in the last 1:30 of the first half to fuel Farmington's 42-13 win over Mercer County last Friday.

With the score tied 7-7, Lambin blocked his first punt and Farmington scored a few plays later on a 6-yard run by Jack Wheelwright.

After that the Farmers defense made another stand and Lambin blocked his second punt. Two plays later, Farmington ran a hook-and-lateral pass to Sam Gronewold, who pitched to Wheelwright for a 23-yard scoring run.

Farmington (4-0, 3-0) never looked back in tak-

ing over first place in the LincolnLand large division and avenging last year's loss to Mercer County, the preseason league favorite.

"That blew the game wide open," Farmington Coach Toby Vallas said.

"In the second half we really got running the ball well.

"We've had three road games and spent 13 hours on there-and-backs. To come out of that stretch 4-0, you feel pretty good."

Quarterback Lane Wheelwright ran for 132 yards and one touchdown on 10 carries and completed 9 of 17 passing attempts for 81 yards.

"We threw enough to open everything else back *Continued on Page 14*
