HOUSE ON THE MOVE?

Elmwood district hopes to sell house

Bids being accepted for 805 W. Ash St.

By JEFF LAMPE
For The Weekly Post

ELMWOOD – Faced with determining the best way to handle a vacant rental home on school-owned property, the Elmwood School Board is turning to a familiar plan. The board on Monday approved taking bids to sell the house it owns at 805 W. Ash St. – with an understanding that the buyer will pay for costs of moving the structure to a new location. Superintendent Joel Schmieg said the district looked into having the Elmwood Fire Department perform a practice burn to take down the structure. But the building commit-

Crowds turned out in April 2017 to watch Balagna House Moving Inc. of Farmington transport a house sold by Elmwood CUSD 322. The house was moved from 305 N. Althea St. in Elmwood to the Fairground Acres subdivision. The school district is hoping a buyer will emerge for another school-owned house located at 805 W. Ash St. Photo by Walter Lampe.

tee opted for a sale instead, hoping the home will bring a new family into the district. That has already worked twice for the district, which in 2017 sold a home at 305 N. Althea St. to create room for a new parking lot

and another house on Campus Court that had served as administrative offices. Both buildings were moved elsewhere in town and now house families with students in the school district.

Oglesby implicated

Godmother testifies in long-awaited trial

By NICK VLAHOS
For The Weekly Post
GALESBURG – On the witness stand Monday, Karen Doubet implicated her goddaughter in the death of former Maquon Police Chief Richard Young.

The long-anticipated trial of Marcy Oglesby began in Knox County Circuit Court almost 33 months after she was arrested, in October 2022, when Young’s decomposing body was found in a Maquon storage unit. Oglesby is accused of poisoning Young’s food and drink over time, then hiding Young’s body.

Young’s autopsy revealed lethal levels of a drug found in over-the-counter eye drops. Oglesby and Doubet, who resided together with Young, were charged with first-degree murder. But in her testimony, offered as part of a plea bargain, Doubet suggested she had nothing to do with Young’s death.

“I came out of the bathroom one day and she was putting drops in Rick’s coffee. ... She said she was trying to poison Rick,” Doubet, 79, said about Oglesby. “She crushed up pills and put them in his food.”

Doubet’s appearance aside Judge Andrew Doyle climaxed the 10-witness opener of a bench trial set to last three days. Testifiers included law-enforcement officials, Young’s ex-wife

Accused of murder, Marcy Oglesby walks outside the Knox County Courthouse in Galesburg after Monday’s first day of trial. Photo by Nick Vlahos.

and two men named Mark Thomas – one the current Maquon village president, the other the former Knox County coroner.

But Doubet’s presence might have been the most surprising.

Like 53-year-old Oglesby, Doubet was charged with aggravated battery and concealment of a homicidal death, as well as murder. Because of the plea deal, only the concealment charge is to remain for Doubet, who used a cane and a ramp to access the witness stand. Jail time appears unlikely.

Doubet owns the house on Third Street in Maquon where all three central figures lived. Doubet said Oglesby was like a daughter to her. Oglesby and Young were in a romantic relationship that cooled.

“I tolerated him because

Princeville to pay developer up to \$5.1M

By NICK VLAHOS
For The Weekly Post

PRINCEVILLE – It cost a Stark County-based transportation company at least \$1.4 million to acquire the old Alcoa Building Products facility in Princeville. That amount and about \$3.7 million more are eligible for municipal tax-increment-financing reimbursement under an agreement the Princeville Village Board approved June 17 with West Jersey Express. According to the agreement, the village is to reimburse 70% of the annual net increase in property-tax

revenue the West Jersey Express project generates. Payments are to continue through 2047 or until the reimbursement reaches \$5,112,720, whichever comes first. Like most of Princeville, the West Jersey facility at 917 N. Santa Fe Ave. is in a TIF district. In those districts, property taxes that are to go to various public bodies are frozen. Subsequent tax increases are diverted into a fund used for infrastructure improvements that can lead to area redevelopment. In September 2024, West Jersey Express took over the 15-acre prop-

erty Alcoa shuttered 24 years ago. A local man owned it most recently. The TIF agreement listed reimbursement-eligible demolition costs at \$295,380. Eligible reimbursements for interior and exterior rehabilitation, renovation and expansion of existing buildings and repair and rehabilitation of parking lots and driveways amount to \$3,417,340. West Jersey Express also has facilities in Toulon and its eponymous hometown. The Princeville facility is expected to create 15 full-time equivalent jobs, according to the TIF

ELMWOOD PALACE THEATRE

ELMWOOD: New principal Bell welcomed

Continued from Page 1

“Hopefully this will serve another family and bring more children into our district,” Schmieg said.

Bids for the house will be opened July 7. The procedure is spelled out in an ad on Page 12.

After a budget hearing, during which no public comment was voiced, the board passed an amended budget with a surplus of \$138,584 instead of the deficit projected last August. Schmieg said the surplus is due to better-than-expected revenues and \$30,000 less in expenses.

In public comment, teachers union representative Tiffany Bell welcomed Junior-Senior High School Principal Tom Bell, whose first official day is July 1. Bell said he and his family will live in a house in the district and he looks forward to his new job.

In other business, the board approved giving science teacher and football coach Todd Hollis 73 extra sick days to facilitate his retirement following the 2029-30 school year.

The board also: approved a new strategic plan for the district; added Member Heather Windish to the education committee; approved 2025-26 student-parent handbooks; heard 44 of 45 seniors who started last year graduated; heard work is on track for the elementary gym remodel; and heard that the building committee is exploring an outdoor classroom on the patio north of the Industrial Arts building to be funded by the Elementary Parents Club.

In personnel, the board agreed to the following 2025-26 hirings: Zach Bombold (custodian and bus driver), Emily Brunelson (junior high scholastic bowl coach), Dianne Burwell (part-time elementary aide), Nicole Briney (JH cheerleading coach) and Tyler Baysingar (summer IT worker).

The board accepted the following resignations: Sarah Christy (elementary special education teacher), Alex Coulter (high school biology teacher and JH basketball and track coach), Emma Vallas (JH assistant girls track coach) and Kyle Anderson (HS girls track coach).

Numerous volunteer coaches were also approved.

GUEST VOICES

The every day often isn't

When you're 8 or 9 years old, you don't see the world as you will as a 50- or 60-year-old. Much of what seems perfectly ordinary to a child often becomes quite extraordinary with the passing of time.

For example, as a young boy I had six grandparents: my father's mother and father, my mother's father and mother and my father's maternal grandmother and grandfather. That seemed ordinary to me then but is now extraordinary.

Mom's father was Harry, a Depression-crushed farmer resurrected as a skilled carpenter. Dad's dad was Victor who, after two years in the seminary, changed direction and became a stock and bond broker. His father-in-law and my Dad's grandfather was Henry, a retired blacksmith who everyone but family called Hank.

Their spouses, respectively, were Lottie, Ruth and Clara. All were strong, smart women who led by example. Two never drove a car and the third probably shouldn't have.

Looking back at that lineage, it's hard to see where my father, a dairy farmer, found his calling. He was no carpenter and he and Mom had more children, six, than money so he never needed his father's specialty.

And while Dad was competent with the farm's Lincoln welder, he

often paid the local smithy to repair equipment that needed to stay together for longer than one day of use by his machinery-bending Uncle Honey or one season with his easily distracted sons.

Despite all these generations of fathers – and mothers – in my youth, I don't remember celebrating one Father's or Mother's Day with any of them. In fact, I don't know if the thought of either day ever crossed our minds.

Part of the reason might be that we already spent much of our free time together, usually some part of most Sundays. Since all six grandparents lived in the same small southern Illinois town and attended the same Lutheran church, everyone usually visited after the late Sunday service.

Grandma Ruth, the self-appointed social director of the family, often stretched those Sunday visits into dinners of fried chicken, mashed potatoes, milk gravy and two kinds of pie. Few, including my very overworked mother, ever objected to Grandma seizing the day, family, or menu.

Then, as the heat of those languid Sunday afternoons took charge, a card table or two appeared on Grandpa's shady carport so adults could play pinochle and cool off with an icy Falstaff beer. In the background, a radio played our summer soundtrack, that day's St. Louis Cardinals baseball game.

Then, by 3:30 p.m., my mother would steer us to the car so my father

could be back on the farm in time for the evening milking. Later, when my older brothers and I got our driver's licenses, we left the card games, the grandparents and Dad and Mom for the milking parlor.

Harry, my mother's father and the most quiet of the six, was the first to pass. That was late 1962 and the first time I heard the word cancer.

Three years later both my great grandparents – each in their late 80s – died, the ailing Henry in March and wheelchair-bound Clara in September. Grandpa Vic, their son-in-law, was buried on his wife Ruth's 67th birthday on a postcard-perfect September day in 1969.

Both my grandmothers, Ruth and Lottie, remained active until 1988 when I last visited Ruth while she helped the St. John's Ladies Aid serve Lottie's funeral dinner. Eight months later and again in September, the same ladies served Ruth's funeral dinner.

And now, as another "Day" drifts into memory, my mind goes to all those fathers and mothers who gave me so much of themselves and how ordinary it all seemed and how extraordinary it truly was.

OGLESBY: Eye-drop ingredient elevated in blood

Continued from Page 1

he was with Marcy,” Doubet said.

Oglesby cultivated an online relationship with a man from Nigeria, an artist nicknamed “Sonny,” according to Doubet and Sgt. Jeremy Moore of the Knox County Sheriff’s Office.

Doubet’s house is across the street from Roberts Self-Storage. Sheriff’s-office deputies were dispatched there Oct. 7, 2022, after neighbors complained about a foul odor emanating from it.

Inside Storage Unit No. 29 was the partially liquefied body of Young, wrapped in plastic and encased in two cardboard boxes, according to court testimony.

Oglesby first told officers a dead, pregnant opossum was in the boxes. As Oglesby was attempting to open them, she hemmed and hawed, Deputy Keith King indicated. Finally, Oglesby took King aside.

“She said, ‘Keith, I can’t do this anymore.’ She kind of went pale, almost a frightened look,” said King, who resides in Maquon. “She said, ‘You’re going to find out, anyway. There’s not an opossum in the box. There’s a body in there.’”

Oglesby said Young died of natural causes, according to Moore. He said Oglesby claimed she panicked because she didn’t know how to honor Young’s final wish – to be buried in a

nearby former Native American settlement.

Young was 71 when he died, probably in October 2021. That summer, upon Oglesby’s request, Doubet began to purchase eye drops from stores in Elmwood and Knoxville. Ostensibly, the drops were to treat Oglesby’s allergies. Doubet kept buying them after the alleged coffee-tampering incident.

“I didn’t comprehend what she was trying to do,” Doubet said.

According to Doubet, Young died inside her house. He had been progressively weaker and unsteady, Doubet said. Oglesby carried Young’s body into a bedroom, then asked Doubet to help her put it in a box. Doubet said she wore disposable gloves, to avoid fingerprints.

“I didn’t really want to be messed up in this ordeal,” she said.

As Doubet spoke, black-clad Oglesby sat beside her attorneys, public defenders David Hansen and Christopher Kanthak. She showed little expression and took notes for much of the day. Eye contact between Doubet and Oglesby appeared fleeting.

Oglesby was offered a negotiated plea but rejected it, according to State’s Attorney Ashley Worby.

During cross-examination, Kanthak indicated Doubet changed her story

from when police first interviewed her. Back then, Doubet said Young needed eye drops, too, and required his oral medication to be crushed, because he had trouble swallowing.

On Monday, Doubet twice said she lied in those early interviews, because she was scared.

Testimony from law-enforcement authorities revealed they found at Doubet’s house 19 empty boxes and six empty bottles for Visine and other eye-drops brands. Also found were 11 empty boxes and six empty bottles for headache-relief tablets.

“It was a messy residence. It appeared that a hoarder had lived there,” sheriff’s-office Sgt. Greg Jennings said.

Testimony Tuesday morning focused on toxicology.

Sherri Kacinko, a toxicologist with the Pennsylvania-based laboratory that tested some of Young’s remains, said concentrations of tetrahydrozoline in Young’s muscle tissue were six times the reporting limit. Tetrahydrozoline is a key eye-drops ingredient that can be fatal if taken orally, according to Kacinko.

“In order to get into the muscle in a detectable level, there would need to be a relatively significant amount in the blood,” she said.

PRINCEVILLE: OKs deal with health dept.

Continued from Page 1

agreement.

In other action, the board approved an agreement with the Peoria City/County Health Department for village employees and their immediate family to receive medication and/or vaccines in case of a public-health emergency.

“It is possible that public health may need to administer medical countermeasures to many individuals in a short period of time with little to no lead time,” the agreement states.

“By collaborating we will be able to serve (village) employees and their employee family members and reduce the number of individuals that will need to come to Open Points of Dispensing.”

Village President Jeff Troutman said the health department initiated the agreement, which at least three other municipalities have approved.

“It really doesn’t have anything that we’re going to be doing right now,” Troutman said. “It’s in case

of another COVID or something like that.”

Troutman voted to approve the agreement, as did Trustees Ron Delbridge, Rick Pope and Spencer Wilson. Trustee Teresa Gilroy abstained; she said she hadn’t had an opportunity to read it, because of technical difficulties. Trustees Donald Peterson Jr. and Steve Potter were absent.

Like other village presidents in Illinois, Troutman votes only in case of ties or if only half of the six trustees voted in favor of a measure.

Trustees also approved hiring an additional Peoria County Sheriff’s Office deputy to help patrol the village Heritage Days celebration, which was held June 19-21. The deputy was to work the final two days of the festival. Cost was \$70 per hour.

Building permits were issued for alteration of an entry door on a garage at 306 N. Town Ave. and for installation of an above-ground swimming pool at 317 N. Cottage Grove Ave.

VERMA D. HARRIS et al Defendant
2024-FC-0000249
NOTICE OF SALE
PUBLIC NOTICE IS HEREBY GIVEN that pursuant to a Judgment of Foreclosure and Sale entered in the above cause on February 19, 2025, an agent for The Judicial Sales Corporation, will at 1:00 PM on July 22, 2025, at the Peoria County Courthouse, 324 Main Street, NE Jefferson St., Main Entrance, PEORIA, IL, 61602, sell at public in-person sale to the highest bidder, as set forth below, the following described real estate:
Commonly known as 3418 W DORCHESTER RDG, PEORIA, IL 61604
Property Index No. 13-25-454-001
The real estate is improved with a residence.
Sale terms: 25% down of the highest bid by certified funds at the close of the sale payable to The Judicial Sales Corporation. No third party checks will be accepted. The balance, in certified funds/or wire transfer, is due within twenty-four (24) hours. The subject property is subject to general real estate taxes, special assessments, or special taxes levied against said real estate and is offered

for sale without any representation as to quality or quantity of title and without recourse to Plaintiff and in "AS IS" condition. The sale is further subject to confirmation by the court.
Upon payment in full of the amount bid, the purchaser will receive a Certificate of Sale that will entitle the purchaser to a deed to the real estate after confirmation of the sale.
The property will NOT be open for inspection and plaintiff makes no representation as to the condition of the property. Prospective bidders are admonished to check the court file to verify all information.
If this property is a condominium unit, the purchaser of the unit at the foreclosure sale, other than a mortgagee, shall pay the assessments and the legal fees required by The Condominium Property Act, 765 ILCS 605/9(g)(1) and (g)(4). If this property is a condominium unit which is part of a common interest community, the purchaser of the unit at the foreclosure sale other than a mortgagee shall pay the assessments required by The Condominium Property Act, 765 ILCS 605/18.5(g-1).
IF YOU ARE THE MORTGAGOR (HOMEOWNER), YOU HAVE THE RIGHT TO REMAIN IN POSSESSION FOR 30 DAYS AFTER ENTRY OF AN ORDER OF POSSESSION, IN ACCORDANCE WITH SECTION 15-1701(C) OF THE ILLINOIS MORTGAGE FORECLOSURE LAW.
You will need a photo identification issued by a government agency (driver's license, passport, etc.) in order to gain entry into our building and the foreclosure sale room in Cook County and the same identification for sales held at other county venues where The Judicial Sales Corporation conducts foreclosure sales.

PUBLIC RECORD

NOTE: Charges are merely an accusation. All suspects are presumed innocent until proven guilty.

Police reports

• BARTONVILLE – A single-vehicle accident west of Bartonville led to a hospital visit for a Hanna City woman.

At 5:15 p.m. June 6, Heather M. Williams was driving a westbound 2013 Dodge van that swerved to miss an oncoming 2106 Ford sport-utility vehicle in the 8700 block of W. Lancaster Rd., according to a Peoria County Sheriff’s Office report.

The other driver was Tyler B. De-Santis of Washington, who said he was not paying attention and drifted across the center line. Williams over-corrected, and her vehicle landed in a south-side ditch. Williams complained about head and neck pain. An ambulance transported her to Carle Health Pekin Hospital.

Williams’ vehicle was towed. De-Santis drove away after he said he didn’t need medical attention.

• PEORIA – A Hanna City man was arrested nine days after he was implicated in a domestic-battery incident in Peoria.

According to a Peoria Police Department report, an officer stopped Adama Diakite, 22, for unspecified reasons as he was driving about 9 p.m. June 4 in the 900 block of E. Nebraska Ave. Diakite was wanted regarding an incident that happened about 3:30 p.m. May 26 in the 6800 block of N. Terra Vista Drive.

Diakite was transported to the Peoria County Jail.

• KICKAPOO – A Brimfield woman sustained a minor injury from a single-vehicle wreck. Paula L. Sydow was driving an eastbound 2011 Mercedes-Benz shortly before 9 a.m. June 4 in the 11500 block of W. Dubois Rd. when she attempted to grab a tissue. As she did, the vehicle veered off the road to the south and struck a power pole, a Peoria County Sheriff’s Office report stated.

The report did not specify Sydow’s injury. The vehicle sustained disabling damage and was towed.

• ELMWOOD – An incident at an Elmwood residence resulted in a domestic-battery accusation against a local woman.

Danielle N. Minton, 50, was arrested following the incident, which happened shortly before 2:30 a.m. June 4 in the 300 block of E. Ash St., according to a redacted Peoria County Sheriff’s Office report. The victim was a 49-year-old Elmwood man. Minton was transported to Peoria County Jail. She received a notice to appear in Peoria County Circuit Court.

• PEORIA – A Yates City man against whom there were three active

warrants was arrested at the Peoria County Courthouse.

A Peoria County Sheriff’s Office deputy was told about the warrants against Kevin C. Walters, 31, who was in a courtroom shortly before 1:45 p.m. June 3. A sheriff’s-office report did not state why Walters was in the courthouse.

Warrants were for failure to appear in court, according to Peoria County Jail records. Charges were from 2018 and included driving under the influence of alcohol, reckless driving, improper lane use, failure to reduce speed and driving on a sidewalk. Walters was transported to the jail and was to serve at least one day.

• OAK RUN – Law-enforcement authorities found a door ajar at an Oak Run business after a burglar alarm sounded.

Knox County Sheriff’s Office deputies were summoned about 11:45 p.m. June 2 to Oak Run General Store, 1470 Knox Road 1725 North. An employee said an alarm service notified him the back door on the west side of the building was opened, then secured, then opened again.

A deputy noticed the door was open. A K-9 search revealed nothing amiss.

• FARMINGTON – A single-vehicle accident in Farmington resulted in a damaged fire hydrant and a downed light pole.

The wreck happened about 5 a.m. June 1 at Fort and Main streets, according to a Farmington police report. Aunna R. Ball, 25, of Farmington was driving a 2020 Chevrolet Equinox west on Fort Street when she fell asleep, she told police.

A field-sobriety check on Ball was negative. The light pole was sheared at its base. An officer noticed several tire marks on the curb. The vehicle sustained significant damage and was towed. Ball appeared uninjured, the report stated. She was cited for failure to reduce speed to avoid an accident.

• ST. AUGUSTINE – A Brimfield-area man who just regained his driver’s license was driving 27 mph over the speed limit in southwestern Knox County, according to authorities. Caleb J. Schlipf, 19, was behind the wheel of an eastbound 2018 Jeep Grand Cherokee a Knox County Sheriff’s Office deputy stopped about 6:45 p.m. May 31 on Illinois Route 116 at Illinois Route 41. Schlipf was driving 82 mph in a 55 mph zone.

Schlipf admitted to speeding. He said his license had been suspended because of speeding tickets in Iowa.

• FARMINGTON – A Farmington man received at least one citation following a traffic stop. A Fulton County Sheriff’s Office deputy pulled over Joseph M. France about 5:45 p.m. May 30 on Illinois Route 78 near Park Road. The sheriff’s-office report

did not specify his offense and did not provide more information.

• ELMWOOD – No injuries were reported following a two-vehicle crash in the parking lot of an Elmwood business.

Shortly before 8 a.m. May 30, Ricky T. Hutchison, 66, of Elmwood was backing a 2011 Ford F-350 pickup truck toward the gasoline pumps at Casey’s, 811 W. Main St., when his vehicle struck a parked 2021 Chevrolet Trailblazer owned by Haylie N. Bishop, 26, of Elmwood, according to a police report.

Hutchison said Bishop was sounding her vehicle’s horn to alert him, but he couldn’t hear it.

• PRINCEVILLE – A two-vehicle crash south of Princeville resulted in no apparent injuries. James A. Sisco of Pekin was driving a westbound 2004 Chevrolet Silverado pickup truck shortly before 1:45 p.m. May 29 on Parks School Road at Evans Mill Road when he stopped and backed up to pull into a driveway, according to a Peoria County Sheriff’s Office report. He said he saw no other vehicles.

As Sisco was backing, his vehicle struck a 2021 Toyota 4Runner that was slowing behind it. The 4Runner driver was Thomas A. Mastin of Maquon. He said he honked the vehicle’s horn but couldn’t avoid the collision. Sisco said he heard the honking but couldn’t stop in time.

Both vehicles were drivable after they sustained bumper damage.

• BRIMFIELD – A vehicle was reported burglarized at a Brimfield-area business. The burglary at 13625 N. Bell School Rd. was reported shortly before 6:15 p.m. May 26. The make and model of the vehicle was redacted from a Peoria County Sheriff’s Office report. So was a summary of the case.

A 49-year-old Annawan man was the victim. Criminal damage to property also was alleged. The address listed on the report regarding the incident is for Akron Services Inc., but an adjacent business, Crossroad Truck Service, was specified.

• HANNA CITY – Shortly after 6:15 a.m. June 3, Timothy J. Lister of Fairview was driving an eastbound 2016 Chevrolet Silverado pickup truck in the 10700 block of Illinois Route 116 near Hanna City when the vehicle struck a deer. Lister complained about head and hand pain but declined medical transport, according to a Peoria County Sheriff’s Office report. The vehicle was towed.

• GALESBURG – These were among calls to which the Knox County Sheriff’s Office responded between June 1-7: domestic dispute, Dahinda; abandoned vehicle, Dahinda.

Thank You

The family of Dave Lampe owes a debt of gratitude to many of you.

Thanks first to the caring staff at Country Comfort of Elmwood. You made Dad feel at home during his time here in Elmwood. He will miss his meals with Dee, Mickie, Anne and the staff. Much thanks also to the family of St. Patrick Catholic Church. Many who knew him as an 83-year Lutheran were surprised Dad converted to Catholicism (even though it is really a very short walk). Your friendliness as a congregation made it an easy decision for Dad. And to all who made memorials in Dad's memory, provided food for the family, sent flowers or cards, called, texted or offered sympathies, your kindness mattered very much.

Thank you.

The Families of Jeff and Paul Lampe

OBITUARIES

Jaden S. Fauser

TRIVOLI – Jaden Sue Buckman Fauser, 19, of Trivoli, went to heaven on June 19, 2025. Jaden was born in Peoria, Ill., on Sept. 22, 2005. Jaden is survived by her parents, Matt and Jeni Fauser; her brother, Jere; grandparents, Jerry and Sue Buckman of Yates City; aunts Barb (Kevin) Staggs, Julie Springer, Brenda (Derek) Wiewel and Michelle Jewell; uncle Mike Fauser; great aunts and uncles, Gayla Karrick, Steve Thurman, David Sanders, Ray and Marilyn Fauser and Ron and Carol Tribe; many cousins who she adored; her bestie, Terri German; and her puppy, Duke, who protected and loved her. Jaden was preceded in death by her grandma Marilyn Fauser and great-uncle Dan Karrick. Jaden had many accomplishments throughout her life. An early one was winning runner-up in the Miss You Can Do It Pageant when she was 8 years old. She won a trophy as big as she was. She graduated from Farmington Central High School in 2024. During her school years, Jaden participated on the dance team, flag team, chorus and speech team. She was a member of the National Honor Society and the Harvest Leadership Team. Jaden loved to participate in the high school theater productions, helping with costume design. One of her favorite places to be was at the softball field with her mom, helping out as manager and volunteering many hours in the concessions stand. Her senior year, she was crowned prom queen. Jaden was a key member of Team Super Jetty, which was started in honor of her brother to raise money to support St. Jude Children's Research Hospital. She was a current student at Illinois Central College, where she was on the Dean's list studying early childhood education. She loved kids and was excited to work with them. Jaden really enjoyed traveling and was the best navigator. Trips to Myrtle Beach, Disney and a cruise were some of her favorites. She was a huge Taylor Swift fan, and going to see her in concert last fall was a dream come true. Dancing, choreographing dances, doing Tik Toks and planning parties made her very happy. She spent many hours playing cards and games with her grandparents and cousins, which always brought a lot of laughter. A special place she loved to be was on her grandparents' farm, going on Ranger rides, hayrack rides, baking and pulling pranks on everyone. Jaden was very artistic and creative. She worked very hard in school and had such a great memory but was not so great at keeping secrets. She was always cheering her brother on in all he did, making signs

Fauser

and keeping superstitions alive to bring luck. She was his No. 1 fan and loved him more than anything. She and her dad had a lot of fun teasing between each other and she was sure to keep him in line. She was her Daddy's favorite girl. She was her mom's shopping buddy and sidekick. They were best friends and never apart. Jaden was her mom's whole world. Her parents are so proud of their amazing girl. Her laugh was infectious and her smile would brighten anyone's day. She was a beautiful girl inside and out. She had a heart of gold and was such a good girl. Despite many challenges throughout her life, Jaden never let anything stop her. She loved life and she was loved deeply. Jadey Sue, you will be forever missed as your sweet spirit made everyone you met better and happier. You'll always be Daddy's girl and Mama's baby. We love you more. A funeral service will be held at 10 a.m., on Saturday, June 28, 2025, at Oaks-Hines Funeral Home in Elmwood. A visitation will be held from 4-7 p.m., the night before on Friday, June 27, 2025, at the funeral home. Burial will immediately follow the service at Yates City Cemetery. In lieu of flowers, memorials may be made to the Jaden Fauser Memorial. To view Jaden's video tribute or to leave online condolences, please visit www.oakshinesfuneralhome.com. Oaks-Hines Funeral Home and Crematory in Elmwood is in charge of arrangements.

OBITUARIES

Robert E. Talley
BERTHOUD, Colo. – Leaving his family with sad hearts, Robert Earl “Bob” Talley died on June 19, 2025, at McKee Medical Center in Loveland, Colo.

He is survived by his lovely wife of 60 years, Anne Talley; his two children, Christine (Bob) Fries and Bobby (Sara) Talley; grandchildren Tim (Leslie) Fries, Chase (Jazmin) Talley, Miranda (Jacob) Hoff, Kady Talley, Matthew Fries, Darien Fries and Sara Fries; and great-grandchildren Carter and Marley Talley and Elliot Hoff.

Bob was born on Aug. 5, 1943, in Peoria, Ill., and was raised in Elmwood, Ill., by his parents, Gerald and Mary (Blust) Talley. He had an older sister Liz (Dan) Johnson. During his school years Bob played many sports: football, basketball, baseball, swimming and track and field.

In 1962, Bob enlisted in the U.S. Navy. He was a corpsman stationed at Great Lakes Hospital in Great Lakes, Ill. Bob married Anne Olson, who was also in the Navy, on Feb. 21, 1965, while they were still en-

Talley

listed. In 1966, Bob and Anne moved to Colorado to start their family.

Bob worked for Lego in Loveland, Colo., IBM in Boulder, Colo., and finished his career with Lexmark in Boulder. After retiring from Lexmark in 1999, Bob started a family lawn service, set his own hours and enjoyed the work for several years.

Bob was an avid outdoorsman and loved hunting, fishing, camping and photography. He also volunteered with the Berthoud Lions Club. Bob was a beloved husband, father, grandfather and great-grandfather. His family and friends will forever keep him in their hearts and memories.

Arrangements are being handled by Allnutt Funeral Service – Hunter Chapel, of Loveland.

Rose Graves

CANTON – Rose Graves, 92, of Canton, mother of a Brimfield man, died June 20, 2025, at Graham Hospital in Canton. She was born on Feb. 19, 1933, to John and Margaret (Ferris) McMahon. She married Paul “Ron” Graves in November 1972 in Canton. He preceded her in death.

She is survived by her children, Carol (Jan) Starcevich of New Lenox, John (Allison) Hahn of Brimfield, Sue Ellen (Craig) Bittle of Canton, Ed Hahn of Kennewick, Wash., Mary (Bill) Fitch of Peoria, Karen

(Tom) Ransohoff of San Jose, Calif., Paul (Lisa) Graves of Rancho Santa Margarita, Calif., Tim (Sandra) Graves of Tustin, Calif., David (Coral) Graves of Newport Beach Calif. and several grandchildren and great-grandchildren.

A funeral service was to be on Wednesday, June 25, 2025, at 11 am with a visitation one hour prior at Oaks-Hines Funeral Home and Crematory in Canton.

Carl R. Mangold Jr.

BUDA – Carl R. Mangold Jr., 86, passed away on June 19, 2025, in Buda. He was born on April 15, 1939, in Princeville, the son of Carl and Anna (Kruse) Mangold.

Survivors include his wife, Margaret Mangold; five daughters, Debbie (Tom) Zenger, Cheri (Curt) Smith, Karen (Joe) Mangold-Buckman, Michelle (Jeff) Spain and Tracy Mangold; 13 grandchildren; many great-grandchildren; siblings Betty (Dale) Hollenberg and Irene Nafziger; and sister-in-law Geraldine Mangold.

Visitation will be 4-7 p.m. on Thursday, June 26, 2025 at Grant-Johnson Funeral Home in Bradford. A funeral service will be at 11:30 a.m. on Friday, June 27, 2025, at St. John the Baptist Catholic Church in Bradford.

NOTICE

Now Accepting Bids for new roofs on the Princeville Village Hall and Water Treatment Facility

The Village of Princeville is accepting bids to tear off existing shingles and replace them with GAF timberline HDZ lifetime shingles in charcoal color. This bid should include installation of new white drip edge, synthetic roof underlayment and ice and water barrier around the edges for both the Princeville Village Hall building located at 206 N. Walnut Ave. and the Water Treatment Plant building at 234 N. Walnut Ave.

The Village is requesting an individual bid for each building. Prevailing wage must be paid and documented on this job. Contractors must provide proof of insurance and be bonded.

Bids are to be received no later than 5pm, July 9, 2025. The bids will be open at 9am on Thursday, July 10, 2025 at Princeville Village Hall.

Bids in sealed envelopes shall be delivered to the Princeville Village Hall at 206 N. Walnut Ave. or mailed to the Village of Princeville, P.O. Box 200, Princeville, IL 61559.

Please mark your envelope with “BID for Roofs”

The Village of Princeville has the right to accept any and all bids.

Questions, please contact Superintendent of Public Works, Chad Gardner, (309) 678-4151.

Dated June 19, 2025.

NOTICE OF SALE

NOTICE IS HEREBY GIVEN that the Board of Education (the “Board”) of Elmwood Community Unit School District No. 322 (the “District”) will sell a vacant single family residence and an attached garage (collectively the “Improvements”) located on but not including the real property described as follows:

A part of the Northeast Quarter of the Northeast Quarter of Section 7, Township 9 North, Range 5 East of the Fourth Principal Meridian, bounded and described as follows: Commencing at a point on the North line of Ash Street, due North of the East line of Lilac Street, in the Town of Elmwood, as laid out by William J. Phelps, now a part of the City of Elmwood; and running thence West on the North line of Ash Street, about 28 rods, to a point, due North of the West line of Althea Street; thence North about 55 rods, to the Elmwood Cemetery Grounds; thence East, about 28 rods, to a point due North of the East line of Lilac Street; thence South, about 55 rods, to the Place of Beginning; EXCEPTING THEREFROM, a tract described as follows: Commencing at the intersection of the North line of Ash Street and the East line of the Northeast Quarter of said Section 7; thence West 0 degrees 0 minutes along the North line of Ash Street, a distance of 340.0 feet to the Point of Beginning of the tract to be described; thence continuing West 0 degrees 0 minutes along the North line of Ash Street, a distance of 35.0 feet; thence North 0 degrees 30 minutes 57 seconds West, a distance of 200.0 feet; thence West 0 degrees 0 minutes, a distance of 423.15 feet; thence North 0 degrees 27 minutes 35 seconds West, a distance of 684.64 feet to a point on the South line of the Elmwood Cemetery Grounds; thence North 89 degrees 36 minutes 34 seconds East along the South line of said Cemetery Grounds, a distance of 457.47 feet; thence South 0 degrees 30 minutes 57 seconds East, a distance of 887.77 feet to the Point of Beginning; situated in the City of Elmwood, County of Peoria, and State of Illinois.

PIN: 11-07-226-004

Commonly Known As: 205 W. Ash Street, Elmwood, Illinois 61529

(hereinafter the “Property”). Only the Improvements will be sold. The District will retain ownership of the real estate.

The Improvements shall be sold under the terms and conditions set forth in a form “Offer to Purchase” available at the office of the Superintendent of the District located at 301 W. Butternut Street, Elmwood, IL 61529 (the “District Office”). The Board will receive offers to purchase the Improvements until 11:00 AM on the 7th day of July 2025, at the District Office. Information concerning the Improvements is available at the District Office.

- The person or persons submitting an Offer to Purchase (the “Buyer”) which is accepted by the Board shall at the Buyer’s sole cost and expense remove the Improvements from the Property no later than 90 days after the Board’s acceptance.
- The Buyer shall at the Buyer’s sole cost and expense disconnect any and all utilities serving the Improvements including, without limitation, electrical lines, natural gas lines, water lines and sanitary sewer mains in accordance with any and all regulations applicable to such disconnections.
- The Buyer shall: properly dispose of all demolition debris in accordance with local, state, and federal regulations; backfill all excavated areas with clean fill dirt to restore the site to grade level; level and compact the ground to provide a stable and even surface suitable for future development or use; and seed and stabilize the area. All reclamation activities should be completed within 30 days of removing Improvements from Property.
- The Improvements will be sold in “as is” condition. A Bill of Sale will be provided to the successful Buyer.
- The balance of the purchase price shall be paid by cashier’s check payable to the Board of Education of Elmwood Community Unit School District No. 322 at closing, or by such other form of payment as may be acceptable to the Board.
- The Board reserves the right to reject any and all offers submitted and to waive any and all informalities or irregularities in any offer submitted.
- Persons interested in submitting an Offer to Purchase the Improvements may arrange for an inspection of the Property and the Improvements at reasonable times prior to the deadline for submission of an Offer to Purchase by contacting Superintendent Mr. Joel Schmieg the District Office, Phone (309) 742-8464.

Offers must be received in the District Office on or before 11:00 AM on the 7th day of July, 2025 for a public bid opening.

WILLIAM E. ANDREWS,

Deceased.

CC 2025-PR-0000172

NOTICE is given to creditors of the death of **WILLIAM E. ANDREWS** on May 16, 2025. Letters of Office were issued by the above entitled Court to **RODNEY L. ANDREWS,** of 101 South Oak Drive, Elmwood, Illinois 61529, as Executor, whose attorneys of record are **WHITNEY & POTTS, LTD., 118 West Main Street, P. O. Box 368, Elmwood, Illinois, 61529-0368.** Claims against the Estate may be filed in the Circuit Clerk's Office, Peoria County Courthouse, Peoria, Illinois, or with the representative or both on or before the **2nd day of January, 2026,** or if mailing or delivery of a Notice from the representative is required by Sec. 18-3 of the Probate Act of 1975, the date stated in that Notice. Every claim filed must be in writing and state sufficient information to notify the representative of the nature of the claim or other relief sought. **Any claim not filed on or before that date is barred.** Copies of a claim filed with the Clerk must be mailed or delivered by the claim-ant to the representative and to the attorney within ten (10) days after it has been filed and the claimant shall file with the Court, proof of any required mailing or delivery of copies.

E-filing is now mandatory for documents in civil cases with limited exemptions. To e-file, you must first create an account with an e-filing service provider. Visit <http://efile.illinoiscourts.gov/service-providers.htm> to learn more and to select a service provider. If you need additional help or have trouble e-filing, visit <http://www.illinoiscourts.gov/FAQ/ge-thelp.asp>.

DATED this 12th day of June, 2025.

RODNEY L. ANDREWS, Executor of the
Estate of WILLIAM E. ANDREWS, Deceased.

STEPHANIE F. SCHMIEG, Esq.

10TH JUDICIAL CIRCUIT

COUNTY OF Peoria

Peoria, ILLINOIS

FREEDOM MORTGAGE CORPORATION

Plaintiff

vs.

MARK S. FIELDS; UNITED STATES OF AMERICA ACTING BY AND THROUGH ITS AGENCY THE DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT; THE GREATER PEORIA SANITARY AND SEWAGE DISPOSAL DISTRICT; UNKNOWN OWNERS AND NON-RECORD CLAIMANTS

Defendant

24 FC 267

CALENDAR

NOTICE OF SALE

PUBLIC NOTICE is hereby given that pursuant to a Judgment of Foreclosure entered in the above entitled cause Intercounty Judicial Sales Corporation will on July 23, 2025, at the hour 9:00 a.m., Miller, Hall & Triggs, LLC, 416 Main Street, Suite 1125, Peoria, IL 61602, sell to the highest bidder for cash, the following described mortgaged real estate:

PART OF THE EAST HALF OF THE NORTH HALF OF LOT 16 IN WESTERN ADDITION TO THE CITY OF PEORIA, MORE PARTICULARLY DESCRIBED AS FOLLOWS: BEGINNING AT A POINT ON THE WEST LINE OF DIXON AVENUE. WHICH IS 302.7 FEET SOUTH OF THE SOUTH LINE OF WEST MOSS AVENUE; THENCE NORTH, ALONG THE WEST LINE OF DIXON AVENUE, 110 FEET; THENCE WEST 127 FEET; THENCE SOUTH, PARALLEL WITH DIXON AVENUE, 110 FEET; AND THENCE EAST, 127 FEET TO THE POINT OF BEGINNING; SITUATE, LYING AND BEING IN THE COUNTY OF PEORIA AND STATE OF ILLINOIS.

P.I.N. 18-07-253-037.

Commonly known as 201 N. DIXON AVE., WEST PEORIA, IL 61604.

The real estate is: single family residence. If the subject mortgaged real estate is a unit of a common interest community, the purchaser of the unit other than a mortgagee shall pay the assessments required by subsection (g-1) of Section 18.5 of the Condominium Property Act. Sale terms: At sale, the bidder must have 10% down by certified funds, balance within 24 hours, by certified funds. No refunds. The property will NOT be open for inspection. Prospective bidders are admonished to check the court file to verify all information.

For information call Sales Department at Plaintiff's Attorney, Robertson, Anschutz, Schneid, Crane & Partners, PLLC, 13010 Morris Road, Suite 450, Alpharetta, Georgia 30004. (708) 668-4410 ext. 52109. 24-256378

VILLAGE OF PRINCEVILLE ANNUAL DRINKING WATER QUALITY REPORT FOR 2025

Annual Drinking Water Quality Report
Princeville
IL1430750

Annual Water Quality Report for the period of
January 1 to December 31, 2024.

This report is intended to provide you with important information about your drinking water and the efforts made by the water system to provide safe drinking water.

The source of drinking water used by Princeville is Ground Water. For more information regarding this report, contact
Brian Holt,
309-385-4765.

Este informe contiene información muy importante sobre el agua que usted bebe. Tradúzcalo o hable con alguien que lo entienda bien.

Source of Drinking Water

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity. Contaminants that may be present in source water include:

- Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
- Inorganic contaminants, such as salts and metals, which can be naturally-occurring or result from urban storm water runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban storm water runoff, and residential uses.
- Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban storm water runoff, and septic systems.
- Radioactive contaminants, which can be naturally-occurring or be the result of oil and gas production and mining activities.<http://www.epa.gov/safewater/lead>.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the EPA's Safe Drinking Water Hotline at (800) 426-4791.

In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water which must provide the same protection for public health.

Some people may be more vulnerable to contaminants in drinking water than the general population.

Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. The drinking water supplier is responsible for providing high quality drinking water and removing lead pipes, but cannot control the variety of materials used in plumbing components in your home. You share the responsibility for protecting yourself and your family from the lead in your home plumbing. You can take responsibility by identifying and removing lead materials within your home plumbing and taking steps to reduce your family's risk. Before drinking tap water, flush your pipes for several minutes by running your tap, taking a shower, doing laundry or a load of dishes. You can also use a filter certified by an American National Standard Institute accredited certifier to reduce lead in drinking water. If you are concerned about lead in your water, you may wish to have your water tested, contact Village Hall at 309-385-4765. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available at <http://www.epa.gov/safewater/lead>.

What Are The Health Effects of Lead?

Lead can cause serious health problems if too much enters your body, from drinking water or other sources. It can cause damage to the brain and kidneys, and can interfere with the production of red blood cells that carry oxygen to all parts of your body. The greatest risk of lead exposure is to infants (particularly if they drink formula prepared with water containing elevated levels of lead), young children, and pregnant women. Scientists have linked the effects of lead on the brain with lowered IQ in children. Adults with kidney problems and high blood pressure can be affected by low levels of lead more than healthy adults. Lead is stored in the bones, and it can be released later in life. During pregnancy, the child receives lead from the mother's bones, which may affect brain development.

What Are The Sources of Lead?

The primary sources of lead exposure for most children are deteriorating lead-based paint, lead contaminated dust, and lead-contaminated residential soil. Exposure to lead is a significant health concern, especially for young children and infants whose growing bodies tend to absorb more lead than the average adult. Infants that drink formula Prepared with lead-contaminated water are at a greater risk because of the large volume of water they drink relative to their body size. Lead is rarely found in source water, but enters tap water through corrosion of plumbing materials. Homes built before 1986 are more likely to have lead pipes, fixtures and solder.

What Can I Do To Reduce Exposure to Lead in Drinking Water?

If the level of lead found in your drinking water is above 15 ppb or if you are concerned about the lead levels at your location, there are several things you can do:

- Run your water to flush out lead. If water hasn't been used for several hours, run water from your kitchen tap or whatever tap you use for drinking and cooking for at least 3 minutes and it becomes cold or reaches a steady temperature before using it for drinking or cooking. This will help flush lead-containing water from the pipes. In order to conserve water, you can fill multiple containers after flushing for drinking, cooking, and preparing baby formula.
- Bottled drinking water should be used by pregnant women, breast-feeding women, young children, and formula-fed infants at homes where lead has been detected at levels greater than 15 ppb.
- Use cold water for drinking, cooking, and preparing baby formula. Do not cook with or drink water from the hot water tap; lead dissolves more easily into hot water. Do not use water from the hot water tap to make baby formula.
- Do not boil water to remove lead. Boiling water will not reduce lead.
- Look for alternative sources or treatment of water.
- Test your water for lead. Call us at the number below to find out how to get your water tested for lead.
- Identify if your plumbing fixtures contain lead. New brass faucets, fittings, and valves, including those advertised as "lead-free," may contribute lead to drinking water. As of June 19, 1986, new or replaced water service lines and new household plumbing materials could not contain more than 8% lead. Lead content was further reduced on January 4, 2014, when plumbing materials must now be certified as "lead-free" to be used (weighted average of wetted surface cannot be more than 0.25% lead). Consumers should be aware of this when choosing fixtures and take appropriate precautions.

Source Water Information

Source Water Name	Type of Meter	Report Status	Location
Well 3 (50138) Well 4 (01914)	GW GW	A A	118 E. Lincoln, Princeville IL 335 E. Evans Princeville IL

Source Water Assessment

We want our valued customers to be informed about their water quality. If you would like to learn more, please feel welcome to attend any of our regularly scheduled meetings. The source water assessment for our supply has been completed by the Illinois EPA. If you would like a copy of this information, please stop by City Hall or call our water operator at 309-385-4765. To view a summary version of the completed Source Water Assessments, including: Importance of Source Water; Susceptibility to Contamination Determination; and documentation/recommendation of Source Water Protection Efforts, you may access the Illinois EPA website at <http://www.epa.state.il.us/cgi-bin/wp/swap-fact-sheets.pl>.

Source of Water: PRINCEVILLE To determine Princeville's susceptibility to groundwater contamination, a Well Site Survey, published in 1989 by the Illinois EPA, and a Source Water Protection Plan were reviewed. During the survey of Princeville's source water protection area, Illinois EPA staff recorded fourteen potential sources of groundwater contamination that could pose a hazard to groundwater pumped by the Atlanta community water supply wells. One potential source, route, or possible problem site is located within the combined 200 foot minimum setback zones of wells #1 and #2. A total of ten potential sources or problem sites are located within the combined 1,000 foot survey radius of these wells. Four potential sources or problem sites are located within the 1,000 foot survey radius of well #3. These sites include two treated wood/lumber yards, a construction/demolition company, a mortuary, three below ground fuel storages, an auto repair shop, an auto body shop, two machine shops/sheds, two businesses that manufacture/process chemicals, and an above ground fuel storage. The Illinois EPA has determined that Princeville wells #1 and #2 are susceptible to IOC, VOC, and SOC contamination. Well #3 is not susceptible to IOC or SOC contamination. This determination is based on a number of criteria including monitoring conducted at the wells, monitoring conducted at the entry point to the distribution system, and the available hydrogeologic data for the wells.

2024 Regulated Contaminants Detected

Lead and Copper

Definitions:

Action Level: The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.

Action Level Goal (ALG): The level of a contaminant in drinking water below which there is no known or expected risk to health. ALG's allow for a margin of safety.

Copper Range: .0052 to .210

Lead Range: <.001 to .0016

To obtain a copy of the system's lead tap sampling data: www.princeville.org/water-department/

CIRCLE ONE: Our Community Water Supply ~~has~~ has not developed a service line material inventory. To obtain a copy of the system's service line inventory: www.princeville.org/water-department/

Lead & Copper	Date Sampled	MCLG	Action Level (AL)	90th Percentile	# Sites Over (AL)	Units	Violation	Likely Source of Contaminants
Copper	09/14/2022	1.3	1.3	0.1	0	ppm	N	Corrosion of household plumbing systems; Erosion of natural deposits.

Water Quality Test Results

Definitions: The following tables contain scientific terms and measures, some of which may require explanation. **Avg:** Regulatory compliance with some MCLs are based on running annual average of monthly samples. **Level 1 Assessment:** A Level 1 assessment is a study of the water system to identify potential problems and determine (if possible) why total coliform bacteria have been found in our water system. **Level 2 Assessment:** A Level 2 assessment is a very detailed study of the water system to identify potential problems and determine (if possible) why an E. coli MCL violation has occurred and/or why total coliform bacteria have been found in our water system on multiple occasions. **Maximum Contaminant Level or MCL:** The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology. **Maximum Contaminant Level Goal or MCLG:** The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety. **Maximum residual disinfectant level or MRDL:** The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants. **Maximum residual disinfectant level goal or MRDLG:** The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants. **na:** not applicable. **mrem:** millirems per year (a measure of radiation absorbed by the body). **ppb:** micrograms per liter or parts per billion - or one ounce in 7,350,000 gallons of water. **ppm:** milligrams per liter or parts per million - or one ounce in 7,350 gallons of water. **Treatment Technique or TT:** A required process intended to reduce the level of a contaminant in drinking water.

Disinfectants and Disinfection By-Products	Collection Date	Highest Level Detected	Range of Levels Detected	MCLG	MCL	Units	Violation	Likely Source of Contamination
Chlorine	2024	0.5	0.5 - 0.7	MRDLG=4	MRDL=4	ppm	N	Water additive used to control microbes
Haloacetic Acids (HAA5)	2024	2	2.02 - 2.02	No goal for the total	60	ppb	N	By-product of drinking water disinfection.
Total Trihalomethanes (TTHM)	2024	9	9 - 9	No goal for the total	80	ppb	N	By-product of drinking water disinfection.
Inorganic Contaminants	Collection Date	Highest Level Detected	Range of Level Detected	MCLG	MCL	Units	Violation	Likely Source of Contamination.
Barium	02/23/2023	0.0023	0.0023 - 0.0023	2	2	ppm	N	Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits.
Fluoride	02/23/2023	0.683	0.683 - 0.683	4	4.0	ppm	N	Erosion of natural deposits; Water additive which promotes strong teeth; Discharge from fertilizer and aluminum factories.

ALL-SPORTS ROUNDUP

Crawford, Fagerburg earn baseball all-state honors

Two area juniors made the Illinois High School Baseball Coaches Association Class 2A all-state first team. Landon Crawford of Farmington and Dane Fagerburg of Brimfield-Elmwood were selected as IHSBCA all-staters.

Crawford batted .447 with six home runs, 11 doubles and 28 RBI as leadoff hitter. On the mound, he had 89 strikeouts in 49 innings and a 1.27 ERA.

“Kid had an amazing year,” Farmington Coach Justin Begner said. “Can’t wait to see him grow in his

senior year.”

A third baseman, Fagerburg batted .463 and had a .586 on-base percentage – leading the Indians in both categories. He scored 51 runs, stole 19 bases (getting caught just once) and had 17 extra-base hits.

B-E junior pitcher/outfielder Kaeden Schatsiek was an honorable-mention all-stater after hitting .423 with seven home runs, 12 doubles, 50 RBI and 39 runs scored. He was 2-0 in seven pitching appearances with a 1.62 ERA and had 33 strikeouts in 13 innings.

• **Shrine all-stars** – Farmington quarterback Lane Wheelwright was 2-for-2 passing and threw a 21-yard touchdown pass in Saturday’s Illinois High School Shrine all-star

game at Illinois Wesleyan University. He played for the Blue team, 29-7 winners over a Red team that included Farmington lineman Caden Mowen, a starter and captain.

APEX CLEAN ENERGY AND GOLDRUSH APPLE WIND

AWARD COMMUNITY GRANTS IN PEORIA, MARSHALL, AND STARK COUNTY

WYOMING, IL □ June 2025 □ Apex Clean Energy has awarded more than \$15,000 in grants throughout Stark County as part of its Goldrush Apple Wind Community Grant Program. These funds are allocated quarterly to support programs in Peoria, Marshall and Stark County through economic development, environmental sustainability, education, and health opportunities.

During this cycle, Apex recognized the Stark County Soil and Water Conservation District, the Stark Council for Continuous Improvement, the Wyoming Chamber of Commerce, and the Wyoming Fire Protection District.

“We are grateful to the landowners, community leaders and business partners across the three counties,” said Apex Director of Development. “It is wonderful to be part of a regional effort, coordinating our resources and talents with the community. This round of grant recipients reflects our dedication to leaders focused on safety, conservation, and economic development.”

“The Stark County Soil and Water Conservation District received a grant to support its outreach activities and educational resources. These include its annual Conservation Day for area students, plus events focused on the importance of sustainability and highlighting women working in conservation fields. “[We believe] that the conservation of our natural resources is precious,” resource conservationist Katie McCauley said. “Any and all education or conservation efforts benefit humanity as a whole.”

“The Stark Council for Continuous Improvement, which was formed to strengthen community ties and attract new residents, businesses and tourists to Stark County, received funding to support its marketing and outreach program. This grant will help promote new housing and subdivision construction in the Toulon-Wyoming area.

“The Wyoming Fire Protection District received a grant to purchase 12 new fire protective helmets and continue efforts to update its safety standards. The volunteer fire department has stations in both Wyoming and Speedway. These first responders to fires, car accidents and other emergencies.

“The Wyoming Chamber of Commerce received funds to help beautify the downtown area as a means of supporting the community and local businesses. “Making the downtown a beautiful and welcoming place will attract customers to spend more time shopping and dining,” said Lori McCullough, Chamber chief operating officer and general manager. “We are also hoping to attract new visitors to the area by showing them that we are a community that cares about its appearance and its people.”

About Goldrush Apple Wind

Apex Clean Energy is developing Goldrush Apple Wind, a proposed wind energy project located in rural Peoria, Marshall and Stark counties. Goldrush Apple Wind will create jobs and generate an entirely new source of long-term revenue for counties, towns, parks, townships and property owners. The total direct financial impact to the region is projected to be \$15 million over the life of the project. Learn more at goldrushapplewind.com

About the Community Grant Program

The Goldrush Apple Wind Community Grant Program funds projects and programs that help build healthy communities through economic opportunity, encourage environmental sustainability, and promote education. Grant amounts depend on the quality of the proposal and identified community needs. Priority will be given to proposals that benefit residents in and around the project area.

From Four Creeks Website

— Are wind turbines safe to live or work around?

Millions of people around the world live and work close to operating wind turbines without any health or safety effects

— Do wind turbines affect human health?

No. Hundreds of thousands of people around the world live near and work in proximity to operating wind turbines with no negative health effects.

There is a big difference between millions of people and hundreds of thousands of people, just like there is a difference between 400' turbines and 698' turbines! Get the facts and check out this story, the truth has been out there for decades!
